Personnel expenditures for operation of such equipment incidental to the duties of courtroom and courthouse security deputies may be authorized, provided that no additional expenditures for personnel shall be approved for the principal purpose of operating these devices.

C. B. For the purposes of this Item, the following definitions shall be applicable:				
1. Effective sentence--a convicted offender's sentence as rendered by the court less any portion of the sentence suspended by the court.

C. The individual or entity responsible for operating any facility which receives funds from this Item may, if requested by the Department of Corrections, enter into an agreement with the department to accept the transfer of convicted felons, from other local facilities or from facilities operated by the Department of Corrections. In entering into any such agreements, or in effecting the transfer of offenders, the Department of Corrections shall consider the security requirements of transferred offenders and the capability of the local facility to maintain such offenders. For purposes of calculating the amount due each locality, all funds earned by the locality as a result of an agreement with the Department of Corrections shall be included as receipts from these appropriations.				
D. Out of this appropriation, an amount not to exceed \$377,010 the first year and \$377,010 the second year from the general fund, is designated to be held in reserve for unbudgeted medical expenses incurred by local correctional facilities in the care of state responsible felons.				
E. The following amounts shall be paid out of this appropriation to compensate localities for the cost of maintaining prisoners in local correctional facilities, as defined by § 53.1-1, Code of Virginia, or if the prisoner is not housed in a local correctional facility, in an alternative to incarceration program operated by, or under the authority of, the sheriff or jail board:				
1. For local responsible inmates--\$4 per inmate day, or, if the inmate is housed and maintained in a jail farm not under the control of the sheriff, the rate shall be \$18 per inmate day.				
2. For state responsible inmates--\$12 per inmate day.				
F. For the payment specified in paragraph E.1. of this Item for prisoners in alternative punishment or alternative to incarceration programs:				
1. Such payment is intended to be made for prisoners that would otherwise be housed in a local correctional facility. It is not intended for prisoners that would otherwise be sentenced to community service or placed on probation.				
2. No such payment shall be made unless the program has been approved by the Department of Corrections or the Department of Criminal Justice Services. Alternative punishment or alternative to incarceration programs, however, may include supervised work experience, treatment, and electronic monitoring programs.				
G.1. Except as provided for in paragraph G.2., and notwithstanding any other provisions of this Item, the Compensation Board shall provide payment to any locality with an average daily jail population of under ten in FY 1995 an inmate per diem rate of \$18 per day for local responsible inmates and \$12 per day for state responsible inmates held in these jails in lieu of personal service costs for corrections' officers.				
2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions thereof provided that the locally elected sheriff, with the assistance of the Compensation Board, enters into good faith negotiations to house his prisoners in an existing local or regional jail. In establishing the per diem rate and capital contribution, if any, to be charged to such locality by a local or regional jail, the Compensation Board and the local sheriff or regional jail authority shall consider the operating support and capital contribution made by the Commonwealth, as required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The Compensation Board shall report periodically to the Chairmen of the House Appropriations and Senate Finance Committees on the progress of these negotiations and may withhold the exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to negotiate in good faith.

<p>H.1. The Compensation Board shall recover the state-funded costs associated with housing federal inmates, District of Columbia inmates or contract inmates from other states. The Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day salary funds provided by the Commonwealth, as identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be recovered by the Commonwealth by multiplying the jail's current inmate days for this population by the proportion of the jail's per inmate day operating costs provided by the Commonwealth, excluding payments otherwise provided for in this Item, as identified in the most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in the most recent Jail Cost Report, the Compensation Board shall use the statewide average of per inmate day salary funds provided by the Commonwealth.</p> <p>2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth from the facility's next quarterly per diem payment for state-responsible and local-responsible inmates. Should the next quarterly per diem payment owed the locality not be sufficient against which to net the total quarterly recovery amount, the locality shall remit the remaining amount not recovered to the Compensation Board.</p> <p>3. Any local or regional jail which receives funding from the Compensation Board shall give priority to the housing of local-responsible, state-responsible, and state contract inmates, in that order, as provided in paragraph H.1.</p> <p>4. The Compensation Board shall not provide any inmate per diem payments to any local or regional jail which holds federal inmates in excess of the number of beds contracted for with the Department of Corrections, unless the Director, Department of Corrections, certifies to the Chairman of the Compensation Board that a) such contract beds are not required; b) the facility has operational capacity built under contract with the federal government; c) the facility has received a grant from the federal government for a portion of the capital costs; or d) the facility has applied to the Department of Corrections for participation in the contract bed program with a sufficient number of beds to meet the Department of Corrections' need or ability to fund contract beds at that facility in any given fiscal year.</p> <p>5. The Compensation Board shall apply the cost recovery methodology set out in paragraph H.1. of this Item to any jail which holds inmates from another state on a contractual basis. However, recovery in such circumstances shall not be made for inmates held pending extradition to other states or pending transfer to the Virginia Department of Corrections.</p> <p>6. The provisions of this paragraph shall not apply to any local or regional jail where the cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital contribution.</p> <p>7. For a local or regional jail which operates bed space specifically built utilizing federal capital or grant funds for the housing of federal inmates and for which Compensation Board funding has never been authorized for staff for such bed space, the Compensation Board shall allow an exemption from the recovery provided in paragraph H.1. for a defined number of federal prisoners upon certification by the sheriff or superintendent that the federal government has paid for the construction of bed space in the facility or provided a grant for a portion of the capital cost. Such certification shall include specific funding amounts paid by the federal government, localities, and/or regional jail authorities, and the Commonwealth for the construction of bed space specifically built for the housing of federal inmates and for the construction of the jail facility in its entirety. The defined number of federal prisoners to be exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of funding paid by the federal government and localities and/or regional jail authorities for the construction of bed space to house federal prisoners to the total funding paid by all sources, including the Commonwealth, for all construction costs for the jail facility in its entirety.</p> <p>8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail pursuant to a work release program operated by the federal Bureau of Prisons shall be exempt from the recovery of costs associated with housing federal inmates pursuant to paragraph H.1. of this item if such federal inmates have been assigned by the federal Bureau of Prisons to a home electronic monitoring program in place for such inmates by agreement with the jail on or</p>

I. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and Regional Facilities, may be transferred between Items 68 and 69, as needed, to cover any deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.

The report shall be prepared in cooperation with the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia Association of Community Services Boards, and the Department of Behavioral Health and Developmental Services, and shall be coordinated with the data submissions required for the annual jail cost report. Copies of this report shall be provided by November 1 of each year to the Governor, Director, Department of Planning and Budget, and the Chairmen of the Senate Finance and House Appropriations Committees.

2. Whenever a person is admitted to a local or regional correctional facility, the staff of the facility shall screen such person for mental illness using a scientifically validated instrument. The Commissioner of Behavioral Health and Developmental Services shall designate the instrument to be used for the screenings and such instrument shall be capable of being administered by an employee of the local or regional correctional facility, other than a health care provider, provided that such employee is trained in the administration of such instrument.

Reimbursements by the Board are to be made quarterly, and shall be equal to demonstrated costs incurred by the County of Nottoway for confinement of these individuals, and shall not exceed the amounts provided in this paragraph for each fiscal year. Demonstrated costs may include expenses incurred in the last month of the prior fiscal year if not previously reimbursed. The County of Nottoway, the Virginia Center for Behavioral Rehabilitation, and Piedmont Regional Jail shall upon request provide the Compensation Board any information and assistance it determines is necessary to calculate amounts to be reimbursed to the County of Nottoway.

If the attorney for the Commonwealth employs individuals, the costs associated with employing such individuals may be paid from the proceeds of the amounts collected provided that the cost is apportioned on a pro rata basis according to the amount collected which is due the state and that which is due the locality. If such increase would exceed the contracted collection agent's fee, then the delinquent amount owed shall be increased by the percentage or amount of the collection agent's fee. Effective July 1, 2015, as provided in § 19.2-349, Code of Virginia, treasurers not being compensated on a contingency basis as of January 1, 2015 shall be prohibited from being compensated on a contingency basis but shall instead be compensated for administrative costs pursuant to § 58.1-3958, Code of Virginia. Treasurers currently collecting a contingency fee shall be eligible to contract on a contingency fee basis. Effective July 1, 2015, any treasurer collecting a contingency fee shall retain only the expenses of collection, and the excess collection shall be divided between the state and the locality in the same manner as if the collection had been done by the attorney for the Commonwealth. The attorneys for the Commonwealth shall account for the amounts collected and the fees and costs associated with the collections consistent with procedures issued by the Auditor of Public Accounts.</p>			
	<p>I. Notwithstanding the provisions of Article 7, Chapter 4, Title 38, Code of Virginia, beginning July 1, 2018, \$600,000 each year from the Insurance Fraud Fund is included in this appropriation to fund multi-jurisdictional Assistant Commonwealth's Attorney positions that shall be dedicated to prosecuting insurance fraud and related criminal activities. The Department of State Police shall identify those jurisdictions most affected by insurance fraud based upon data provided by the Virginia State Police Insurance Fraud Program. The Virginia State Police Insurance Fraud Program shall ensure that these positions work across jurisdictional lines, serving jurisdictions identified as most in need of these resources as supported by data. These funds shall remain unallocated until the Compensation Board and Virginia State Police notify the Director of the Department of Planning and Budget of the joint agreements reached with the Commonwealth's Attorneys of the jurisdictions receiving the additional Assistant Commonwealth's Attorney positions and the jurisdictions to be served by these positions. The Commonwealth's Attorneys receiving such positions shall annually certify to the Compensation Board that these positions are used primarily, if not exclusively, for the prosecution of insurance fraud and related criminal activities.</p>

entry-level Assistant Commonwealth's Attorney, at a salary no less than that established by the Compensation Board for an entry-level Commonwealth's Attorney, at a rate of one Assistant Commonwealth's Attorney for up to 75 body worn cameras employed for use by local law enforcement officers, and one Assistant Commonwealth's Attorney for every 75 body worn cameras employed for use by local law enforcement officers, thereafter. However, with the consent of the Commonwealth's Attorney, a locality may provide their Commonwealth's Attorney's office with additional funding, using a different formula than stated above, as needed to accommodate the additional workload resulting from the requirement to review, redact and present footage from body worn cameras. If, as of July 1, 2019, a locality is providing additional funding to the Commonwealth's Attorney's office specifically to address the staffing and workload impact of the implementation of body worn cameras on that office, that additional funding shall be credited to the formula used in that locality. Any agreed upon funding formula between the impacted Commonwealth's Attorney and the locality employing body worn cameras shall be filed with the Compensation Board by July 1, 2019 and shall remain in effect unless modified by the agreement of both parties until June 30th of the following year. <p>D. The Department of General Services shall manage the Commonwealth's consolidation of bulk and commercial fuel contracts awarded in response to Chapter 879, Acts of Assembly of 2008, Item 1-83 C. The intent of this consolidation is to leverage the Commonwealth's state and local public entities, gasoline and diesel fuel purchase volume to achieve the most favored pricing from private sector fuel providers, and reduce procurement administration workload from state agencies, institutions, local government entities, and other authorized users of awarded contracts that would have otherwise procured and contracted separately for these commodities.</p> <p>E. The Commonwealth of Virginia, Department of General Services may enter into a comprehensive agreement, or multiple comprehensive agreements, pursuant to the Public-Private Education Facilities and Infrastructure Act – 2002 (§ 56-575.1 et seq.), to achieve the purposes of § 2.2-1176 (B) and result in the replacement of state-owned or operated vehicles with vehicles that operate on alternative fuels. Any agreement entered into must be cost neutral or result in a reduction in the Commonwealth's combined vehicle acquisition and operational costs, and result in lower environmental emissions. The agreements shall not be subject to the requirements found in Title 30, Chapter 42, Code of Virginia (§ 30-278 et. seq.). The Director, Department of General Services, in consultation with the Governor's Senior Advisor on Energy and the Secretary of Finance, shall determine whether the agreement is cost neutral or results in cost savings to the Commonwealth.</p> <p>F. The comprehensive agreement referenced in paragraph E. above, may allow for the Department of General Services (DGS) to establish alternative fuels (natural gas, propane, electric) fueling sites at its office of fleet management facility in Richmond, Virginia. Such sites may be open to the general public for the purchase of alternative fuels when such fuels are not available on the retail market within 10 miles of the DGS fleet management facility. Rates for fuel purchased by the general public will be established by the private vendor operating the fueling site. In emergency situations or fuel shortages, the Commonwealth retains the ability to restrict access to such sites as necessary.</p>

A. It is the intent of the General Assembly that state programs providing financial, technical, or training assistance to local governments for economic development projects or directly to businesses seeking to relocate or expand operations in Virginia should not be used to help a company relocate or expand its operations in one or more Virginia communities when the same company is simultaneously closing facilities in other Virginia communities. It is the responsibility of the Secretary of Commerce and Trade to enforce this policy and to inform the Chairmen of the Senate Finance and House Appropriations Committees in writing of the justification to override this policy for any exception.

B. The Secretary shall develop and implement, as a component of the comprehensive economic development policy requirements as established in § 2.2-205, Code of Virginia, a strategic workforce development plan for the Commonwealth.

C. Notwithstanding any contrary provision of law, the authority and responsibilities of the Secretary of Technology referenced in § 2.2-205, § 2.2-2221, § 2.2-2221.1, § 2.2-2233.1, § 2.2-2240.1, § 2.2-2485, § 2.2-2698, § 2.2-2699.1, § 2.2-2738, § 15.2-2425, § 23.1-2911.1, § 23.1-3102, § 23.1-3132, § 58.1-322.02, and § 58.1-402, Code of Virginia, shall be executed by the Secretary of Commerce and Trade. In conducting this study, the designated executive branch official shall: (i) research other states that have fully implemented paid family and medical leave; (ii) quantify economic impact on businesses and workers if a paid family and medical leave was implemented; (iii) develop an operating plan which includes designated agency or entity, staffing needs, technology requirements, implementation timeline and business practices; (iv) identify resources needed to implement a statewide program; and (v) research start up loans for paid leave programs in other states and loan payback. Such study shall be reported to the Governor and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees on or before September 30, 2020.

Such stakeholders may include, but not be limited to, representatives from small business owners, chambers of commerce, the insurance industry, labor, and health care.

E.1: The Commonwealth's Chief Workforce Advisor to the Governor shall convene a workgroup to review the Commonwealth's state public works payment process to contractor employees to identify whether misclassification of workers is a prevalent problem. The <i>In the first year only</i> , state and local shares of funding resulting from the support cost calculation for school nurses shall be specifically identified as such and reported to school divisions annually. School <i>In the first year only</i> , school divisions may spend these funds for licensed school nurse positions employed by the school division or for licensed nurses contracted by the local school division to provide school health services.			
4.a.	"Composite Index of Local Ability-to-Pay" - An index figure computed for each locality. The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March 31 ADM reported for the first seven (7) months of the 2017-2018 school year and 1/3 of the index of wealth per capita (population estimates for 2017 as determined by the Weldon Cooper Center for Public Service of the University of Virginia) multiplied by the local nominal share of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are determined by combining the following constituent index elements with the indicated weighting: (1) true values of real estate and public service corporations as reported by the State Department of Taxation for the calendar year 2017 - 50 percent; (2) adjusted gross income for the calendar year 2017 as reported by the State Department of Taxation - 40 percent; (3) the sales for the calendar year 2017 which are subject to the state general sales and use tax, as reported by the State Department of Taxation - 10 percent. Each constituent index element for a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state average per March 31 ADM, or per capita, for the same element. A locality whose composite index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of distributing all payments based on the composite index of local ability-to-pay. Each constituent index element for a locality used to determine the composite index of local ability-to-pay for the current biennium shall be the latest available data for the specified official base year provided to the Department of Education by the responsible source agencies no later than November 15, 2019.			
b.	For any locality whose total calendar year 2017 Virginia Adjusted Gross Income is

	<p>comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income shall be excluded in computing the composite index of ability-to-pay. The Department of Education shall compute the composite index for such localities by using adjusted gross income data which exclude nonresident income, but shall not adjust the composite index of any other localities. The Department of Taxation shall furnish to the Department of Education such data as are necessary to implement this provision.</p> <p>c.1) Notwithstanding the funding provisions in § 22.1-25 D, Code of Virginia, additional state funding for future consolidations shall be as set forth in future Appropriation Acts.</p> <p>2) In the case of the consolidation of Bedford County and Bedford City school divisions, the fifteen year period for the application of a new composite shall apply beginning with the fiscal year that starts on July 1, 2013. The composite index established by the Board of Education shall equal the lowest composite index that was in effect prior to July 1, 2013, of any individual localities involved in such consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower composite index is calculated for the combined division through the process for computing an index as set forth above.</p> <p>3) If the composite index of a consolidated school division is reduced during the course of the fifteen year period to a level that would entitle the school division to a lower interest rate for a Literary Fund loan than it received when the loan was originally released, the Board of Education shall reduce the interest rate of such loan for the remainder of the period of the loan. Such reduction shall be based on the interest rate that would apply at the time of such adjustment. This rate shall remain in effect for the duration of the loan and shall apply only to those years remaining to be paid.</p> <p>d.4) When it is determined that a substantial error exists in a constituent index element, the Department of Education will make adjustments in funding for the current school year only in the division where the error occurred. The composite index of any other locality shall not be changed as a result of the adjustment. No adjustment during the biennium will be made as a result of updating of data used in a constituent index element.</p> <p>2-) A payment estimated at \$197,155 the first year and \$198,755 the second year from the general fund shall be disbursed to Montgomery County school division for a substantial error in the composite index of the locality for the 2020-2022 biennium. The composite index of any other locality shall not be changed as a result of the adjustment for Montgomery County.</p> <p>e. In the event that any school division consolidates two or more small schools, the division shall continue to receive Standards of Quality funding and provide for the required local expenditure for a period of five years as if the schools had not been consolidated. Small schools are defined as any elementary, middle, or high school with enrollment below 200, 300 and 400 students, respectively.</p> <p>5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on the composite index of local ability-to-pay of the cost required by all the Standards of Quality minus its estimated revenues from the state sales and use tax dedicated to public education and those sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of which are returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item, collected by the Department of Education and distributed to school divisions in the fiscal year in which the school year begins.</p> <p>6. "Required Local Match" - The locality's required share of program cost based on the composite index of local ability-to-pay for all Lottery and Incentive programs, where required, in which the school division has elected to participate in a fiscal year.</p> <p>7. "Planning District Eight" - The nine localities which comprise Planning District Eight are Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.</p> <p>8. "State Share of the Standards of Quality" - The state share of the Standards of Quality (SOQ) shall be equal to the total funded SOQ cost for a school division less the school</p>

	9. Entitlements under this Item that use school-level or division-level Free Lunch eligibility percentages to determine the entitlement amounts are based on the most recent data available as of the biennial rebenchmarking calculations made for the current biennium. For schools that participate in the Community Eligibility Provision program, such entitlements are based on the most recent Free Lunch eligibility data available prior to that school's enrollment in the Community Eligibility Provision program.			
	10. In the event that the general fund appropriations in this Item are not sufficient to meet the entitlements payable to school divisions pursuant to the provisions of this Item, the Department of Education is authorized to transfer any available general fund funds between these Items to address such insufficiencies. If the total general fund appropriations after such transfers remain insufficient to meet the entitlements of any program funded with general fund dollars, the Department of Education is authorized to prorate such shortfall proportionately across all of the school divisions participating in any program where such shortfall occurred.			
	11. The Department of Education is directed to apply a cap on inflation rates in the same manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school divisions during the biennial rebenchmarking process.			
	12. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to combine the end-of-year Average Daily Membership (ADM) for those school divisions who have partnered together as a fiscal agent division and a contractual division for the purposes of calculating prevailing costs included in the Standards of Quality (SOQ).			
	13. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to include zeroes in the linear weighted average calculation of support non-personal costs for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).			
	14. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported travel expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).			
	15. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to eliminate the corresponding and appropriate object code(s) related to reported leases and rental and facility expenditures included the linear weighted average non-personal cost calculations for the purpose of calculating prevailing costs included in the Standards of Quality (SOQ).			
	16. Notwithstanding any other provision in statute or in this Item, the Department of Education is directed to fund transportation costs using a 15 year replacement schedule, which is the national standard guideline, for school bus replacement schedule for the purpose of calculating funded transportation costs included in the Standards of Quality (SOQ).			
	17. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1, Code of Virginia, any school division that was granted a waiver regarding the opening date of the school year for the 2011-2012 school year under the good cause requirements shall continue to be granted a waiver for the 2020-2021 school year and the 2021-2022 school year.			
	18. In the first year, to provide temporary flexibility, notwithstanding any other provision in statute or in this item, school divisions may elect to increase the teacher to pupil staffing ratios in kindergarten through grade 7 and English classes for grades 6 through 12 by one additional student; the teacher to pupil staffing ratio requirements for Elementary Resource teachers, Prevention, Intervention and Remediation, Gifted and Talented, Career and Technical funded programs (other than on Career and Technical courses where school divisions will have to

In the first year, school divisions shall report to the Board of Education the number and type of positions that were not filled in the previous school year and during the current school year through these flexibility provisions. The Board of Education shall include a compilation of such responses in its report on the conditions and needs of public education in the Commonwealth, that is required to be submitted to the Governor and General Assembly no later than December 1, as referenced in §§ 22.1-18 and 22.1-253.13:8 of the Code of Virginia.

<p>d. To provide flexibility, school divisions may use the state and local funds for instructional technology resource teachers required by the Standards of Quality to employ a data coordinator position, an instructional technology resource teacher position, or a data coordinator/instructional resource teacher blended position. The data coordinator position is intended to serve as a resource to principals and classroom teachers in the area of data analysis and interpretation for instructional and school improvement purposes, as well as for overall data management and administration of state assessments. There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient, not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding paragraph a.</p> <p>10. The Department of Education shall specify the manner for collecting the required information and the method for determining if a school division has expended the local funds required to support the actual local match based on all Lottery and Incentive programs in which the school division has elected to participate. Unless specifically stated otherwise in this Item, school divisions electing to participate in any Lottery or Incentive program that requires a local funding match in order to receive state funding, shall certify to the Department of Education its intent to participate in each program by July 1 each fiscal year in a manner prescribed by the Department of Education. As part of this certification process, each division superintendent must also certify that adequate local funds have been appropriated, above the required local effort for the Standards of Quality, to support the projected required local match based on the Lottery and Incentive programs in which the school division has elected to participate. State funding for such program(s) shall not be made until such time that the school division can certify that sufficient local funding has been appropriated to meet required local match. The Department of Education shall make calculations after the close of the fiscal year to verify that the required local match was met based on the state funds that were received.</p> <p>11. Any sum of local matching funds for Lottery and Incentive program which a locality has not expended as of the end of a fiscal year in support of the required local match pursuant to this Item shall be paid by the locality into the general fund of the state treasury unless the carryover of those unspent funds is specifically permitted by other provisions of this act. Such payments shall be made no later than the end of the school year following that in which the under expenditure occurred.</p> <p>12. The Superintendent of Public Instruction shall provide a report annually, no later than the first day of the General Assembly session, on the status of teacher salaries, by local school division, to the Governor and the Chairmen of the Senate Finance and House Appropriations Committees. In addition to information on average salaries by school division and statewide comparisons with other states, the report shall also include information on starting salaries by school division and average teacher salaries by school.</p>

29. Each school division shall report each year to the Department of Education the individual uses for the prior year of the following funds prescribed by this item: (i) Prevention, Intervention, and Remediation, (ii) At-Risk Add-On, and (iii) Early Reading Intervention. The Department shall prescribe the format and timeline required for the reporting of such information, which shall include, permitted categories of spending, personnel, both state and local contributions, and to the extent possible, the individual schools which these funds were expended. The Department shall compile and submit this information to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees no later than the first day of the General Assembly session.				
30. In the first year only, the Department of Education shall not reduce semi-monthly payments to school divisions due to mid-year adjustments to ADM projections. Semi-monthly payments occurring after the final calculation of March 31 ADM shall be adjusted to address changes in membership that occur throughout the school year. It is the intent of the General Assembly that this is a one-time action to address fluctuating enrollment resulting from the COVID-19 emergency.				
31. Beginning in the second year, multidivision online providers, as defined in § 22.1-212.23, Code of Virginia, shall provide certain data as prescribed by the Department of Education related to students enrolled through a contract between such a provider and a school division, including such students who do not reside in the school division that is party to the contract. Such data shall include, but is not limited to, enrollment, which shall be disaggregated by serving school, demographics, attendance, achievement, and achievement gaps, and be

transmitted in a format prescribed by the Department. The Department shall report such data annually through the School Quality Profiles in a manner that clearly disaggregates and communicates school quality information related to (i) the students that do not reside in the school division and are served through the contract, and (ii) all other students.

C. Apportionment

1. Subject to the conditions stated in this paragraph and in paragraph B of this Item, each locality shall receive sums as listed above within this program for the basic operation cost and payments in addition to that cost. The apportionment herein directed shall be inclusive of, and without further payment by reason of, state funds for library and other teaching materials.

2. School Employee Retirement Contributions

a. This Item provides funds to each local school board for the state share of the employer's retirement cost incurred by it, on behalf of instructional and support personnel, for subsequent transfer to the retirement allowance account as provided by Title 51.1, Chapter 1, Code of Virginia.

b. Notwithstanding § 51.1-1401, Code of Virginia, the Commonwealth shall provide payments for only the state share of the Standards of Quality fringe benefit cost of the retiree health care credit. This Item includes payments in both years based on the state share of fringe benefit costs of 55 percent of the employer's cost on funded Standards of Quality instructional and support positions, distributed based on the composite index of the local ability-to-pay.

3. School Employee Social Security Contributions

a. This Item provides funds to each local school board for the state share of the employer's Social Security cost incurred by it, on behalf of the instructional personnel for subsequent transfer to the Contribution Fund pursuant to Title 51.1, Chapter 7, Code of Virginia.

b. Appropriations for contributions in paragraphs 2 and 3 above include payments from funds derived from the principal of the Literary Fund in accordance with Article VIII, Section 8, of the Constitution of Virginia. The amounts set aside from the Literary Fund for these purposes shall not exceed \$162,000,000 the first year and \$83,000,000 the second year.

4. School Employee Insurance Contributions

This Item provides funds to each local school board for the state share of the employer's Group Life Insurance cost incurred by it on behalf of instructional personnel who participate in group insurance under the provisions of Title 51.1, Chapter 5, Code of Virginia.

5. Basic Aid Payments

a.1) A state share of the Basic Operation Cost, which cost per pupil in March 31 ADM is established individually for each local school division based on the number of instructional personnel required by the Standards of Quality and the statewide prevailing salary levels (adjusted in Planning District Eight for the cost of competing) as well as recognized support costs calculated on a prevailing basis for an estimated March 31 ADM.

2) This appropriation includes funding to recognize the common labor market in the Washington-Baltimore-Northern Virginia, DC-MD-VA-WV Combined Statistical Area. Standards of Quality salary payments for instructional and support positions in school divisions of the localities set out below have been adjusted for the equivalent portion of the Cost of Competing Adjustment (COCA) rates that are paid to local school divisions in Planning District Eight. For the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, the SOQ payments for instructional and support positions have been increased by 25 percent each year of the COCA rates paid to school divisions in Planning District Eight.

The support COCA rate is ~~16.0~~10.6 percent the first year and 18.0 percent the second

year.				
b. The state share for a locality shall be equal to the Basic Operation Cost for that locality less the locality's estimated revenues from the state sales and use tax (returned on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service, as specified in this Item), in the fiscal year in which the school year begins and less the required local expenditure.				
c. For the purpose of this paragraph, the Department of Taxation's fiscal year sales and use tax estimates are as cited in this Item.				
d. 1) In accordance with the provisions of § 37.2-713, Code of Virginia, the Department of Education shall deduct the locality's share for the education of handicapped pupils residing in institutions within the Department of Behavioral Health and Developmental Services from the locality's Basic Aid payments.				
2) The amounts deducted from Basic Aid for the education of intellectually disabled persons shall be transferred to the Department of Behavioral Health and Developmental Services in support of the cost of educating such persons; the amount deducted from Basic Aid for the education of emotionally disturbed persons shall be used to cover extraordinary expenses incurred in the education of such persons. The Department of Education shall establish guidelines to implement these provisions and shall provide for the periodic transfer of sums due from each local school division to the Department of Behavioral Health and Developmental Services and for Special Education categorical payments. The amount of the actual transfers will be based on data accumulated during the prior school year.				
e. 1) The apportionment to localities of all driver education revenues received during the school year shall be made as an undesignated component of the state share of Basic Aid in accordance with the provisions of this Item. Only school divisions complying with the standardized program established by the Board of Education shall be entitled to participate in the distribution of state funds appropriated for driver education. The Department of Education will deduct a designated amount per pupil from a school division's Basic Aid payment when the school division is not in compliance with § 22.1-205 C, Code of Virginia. Such amount will be computed by dividing the current appropriation for the Driver Education Fund by actual March 31 ADM.				
2) Local school boards may charge a per pupil fee for behind-the-wheel driver education provided, however, that the fee charged plus the per pupil basic aid reimbursement for driver education shall not exceed the actual average per pupil cost. Such fees shall not be cause for a pro rata reduction in Basic Aid payments to school divisions.				
f. Textbooks				
1) The appropriation in this Item includes \$75,370,476 \$72,851,568 the first year and \$75,647,111 \$73,119,307 the second year from the general fund as the state's share of the cost of textbooks based on a per pupil amount of \$107.47 the first year and \$107.47 the second year. A school division shall appropriate these funds for textbooks or any other public education instructional expenditure by the school division. The state's distributions for textbooks shall be based on adjusted March 31 ADM. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.				
2) School divisions shall provide free textbooks to all students.				
3) School divisions may use a portion of this funding to purchase Standards of Learning instructional materials. School divisions may also use these funds to purchase electronic textbooks or other electronic media resources integral to the curriculum and classroom instruction and the technical equipment required to read and access the electronic textbooks and electronic curriculum materials.				
4) Any funds provided to school divisions for textbook costs that are unexpended as of June 30, 2021, or June 30, 2022, shall be carried on the books of the locality to be appropriated to the school division the following year to be used for same purpose. School divisions are permitted to carry forward any remaining balance of textbook funds until the funds are expended for a qualifying purpose.

5) Notwithstanding any other provision in statute or in this item, to provide temporary flexibility in the first year, school divisions may elect to use textbook payments to address costs incurred as a result of reopening schools that were closed due to the COVID-19 pandemic or to support virtual learning needs in school divisions that have not fully reopened to in-person instruction. Such costs may include, but are not limited to cleaning supplies, personal protective equipment, reduced class sizes to meet social distancing guidelines, technology needs and internet access. No local match is required to receive these state funds in the first year only and such local match shall be excluded from the determination of required local effort in the first year pursuant to Item 145.B.8. of this act, and § 22.1-97, Code of Virginia.				
g. The one-cent state sales and use tax earmarked for education and the sales tax revenues transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item which are distributed to localities on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this Item shall be reflected in each locality's annual budget for educational purposes as a separate revenue source for the current fiscal year.				
h. The appropriation for the Standards of Quality for Public Education (SOQ) includes amounts estimated at \$365,700,000 \$421,600,000 the first year and \$375,900,000 \$433,800,000 the second year from the amounts transferred to the general fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund pursuant to Part 3 of this act which are derived from the 0.375 cent increase in the state sales and use tax levied pursuant to § 58.1-638, Code of Virginia. These additional funds are provided to local school divisions and local governments in order to relieve the financial pressure education programs place on local real estate taxes.				
i. From the total amounts in paragraph h. above, an amount estimated at \$243,800,000 \$281,000,000 the first year and \$250,600,000 \$289,200,000 the second year (approximately 1/4 cent of sales and use tax) is appropriated to support a portion of the cost of the state's share of the following revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004: five elementary resource teachers per 1,000 students; one support and one instructional technology position per 1,000 students; a full daily planning period for teachers at the middle and high school levels in order to relieve the pressure on local real estate taxes and shall be taken into account by the governing body of the county, city, or town in setting real estate tax rates.				
j. From the total amounts in paragraph h. above, an amount estimated at \$125,300,000 \$140,500,000 the first year and \$121,900,000 \$144,600,000 the second year (approximately 1/8 cent of sales and use tax) is appropriated in this Item to distribute the remainder of the revenues collected and deposited into the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund on the basis of the latest yearly estimate of school age population provided by the Weldon Cooper Center for Public Service as specified in this Item.				
k. For the purposes of funding certain support positions in Basic Aid, a funding ratio methodology is used based upon the prevailing ratio of actual support positions, consistent with those recognized for SOQ funding, to actual instructional positions, consistent with those recognized for SOQ funding, as established in Chapter 781, 2009 Acts of Assembly. For the purposes of making the required spending adjustments, the appropriation and distribution of Basic Aid shall reflect this methodology. Local school divisions shall have the discretion as to where the adjustment may be made, consistent with the Standards of Quality funded in this Act. <i>Beginning in the second year, such methodology shall not apply to specialized student support positions due to the establishment of a staffing standard for such positions, pursuant to Senate Bill 1257, 2021 Special Session I.</i>				
6. Education of the Gifted Payments				
a. An additional payment shall be disbursed by the Department of Education to local school divisions to support the state share of one full-time equivalent instructional position per 1,000 students in adjusted March 31 ADM.

b. Local school divisions are required to spend, as part of the required local expenditure for the Standards of Quality the established per pupil cost for gifted education (state and local share) on approved programs for the gifted.				
7. Occupational-Vocational Education Payments				
a. An additional payment shall be disbursed by the Department of Education to the local school divisions to support the state share of the number of Vocational Education instructors required by the Standards of Quality. These funds shall be disbursed on the same basis as the payment is calculated.				
b. An amount estimated at \$129,097,464 \$129,097,542 the first year and \$129,160,173 the second year from the general fund included in Basic Aid Payments relates to vocational education programs in support of the Standards of Quality.				
8. Special Education Payments				
a. An additional payment shall be disbursed by the Department of Education to the local school divisions to support the state share of the number of Special Education instructors required by the Standards of Quality. These funds shall be disbursed on the same basis as the payment is calculated.				
b. Out of the amounts for special education payments, general fund support is provided to fund the caseload standards for speech pathologists at 68 students for each year of the biennium.				
9. Remedial Education Payments				
a. An additional payment estimated at \$121,073,126 \$117,973,133 the first year and \$121,259,822 \$118,181,833 the second year from the general fund shall be disbursed by the Department of Education to support the Board of Education's Standards of Quality Prevention, Intervention, and Remediation program adopted in June 2003.				
b. The payment shall be calculated based on one hour of additional instruction per day for identified students, using the three year average percent of students eligible for the federal Free Lunch program as a proxy for students needing such services. Fall membership shall be multiplied by the three year average division-level Free Lunch eligibility percentage to determine the estimated number of students eligible for services. Pupil-teacher ratios shall be applied to the estimated number of eligible students to determine the number of instructional positions needed for each school division. The pupil-teacher ratio applied for each school division shall range from 10:1 for those divisions with the most severe combined three year average failure rates for English and math Standards of Learning test scores to 18:1 for those divisions with the lowest combined three year average failure rates for English and math Standards of Learning test scores.				
c. Funding shall be matched by the local government based on the composite index of local ability-to-pay.				
d. To provide flexibility in the instruction of English Language Learners who have limited English proficiency and who are at risk of not meeting state accountability standards, school divisions may use state and local funds from the SOQ Prevention, Intervention, and Remediation account to employ additional English Language Learner teachers to provide instruction to identified limited English proficiency students. Using these funds in this manner is intended to supplement the instructional services provided through the staffing standard of 20 instructional positions per 1,000 limited English proficiency students. School divisions using the SOQ Prevention, Intervention, and Remediation funds in this manner shall only employ instructional personnel licensed by the Board of Education.				
e. An additional state payment estimated at \$149,886,328 \$107,830,098 the first year and \$173,220,888 \$147,939,452 the second year from the general fund and \$58,211,291 \$69,256,566 the first year and \$60,956,428 \$85,024,872 the second year from the Lottery Proceeds Fund shall be disbursed based on the estimated number of federal Free Lunch participants, in support of programs for students who are educationally at risk. The additional payment shall be based on the state share of:

1) A minimum 1.0 percent Add-On, as a percent of the per pupil basic aid cost, for each child who qualifies for the federal Free Lunch Program; and				
2) An addition to the Add-On, based on the concentration of children qualifying for the federal Free Lunch Program. Based on its percentage of Free Lunch participants, each school division will receive a total between 1.0 and 23.0/19.9 percent in the first year and between 1.0 and 26.0 percent in the second year in additional basic aid per Free Lunch participant. These funds shall be matched by the local government, based on the composite index of local ability-to-pay.				
3a) Local school divisions are required to spend the established At-Risk Add-On payment (state and local share) on approved programs for students who are educationally at risk.				
b) To receive these funds, each school division shall certify to the Department of Education that the state and local share of the At-Risk Add-On payment will be used to support approved programs for students who are educationally at risk. These programs may include: teacher recruitment programs and incentives, Dropout Prevention, community and school-based truancy officer programs, Advancement Via Individual Determination (AVID), Project Discovery, Reading Recovery, programs for students who speak English as a Second Language, hiring additional school guidance counselors, testing coordinators, and licensed behavior analysts, or programs related to increasing the success of disadvantaged students in completing a high school degree and providing opportunities to encourage further education and training. Further, in the first year only each school division shall report by August 1 to the Department the individual uses of these funds. The Department shall compile the responses and provide them to the Chairmen of House Appropriations and Senate Finance Committees no later than the first day of each Regular General Assembly Session.				
4) If the Board of Education has required a local school board to submit a corrective action plan pursuant to § 22.1-253.13:3, Code of Virginia, either for the school division pursuant to a division level review, or for any schools within its division that have been designated as not meeting the standards as approved by the Board of Education, the Superintendent of Public Instruction shall determine and report to the Board of Education whether each such local school board has met its obligation to develop and submit such corrective action plan(s) and is making adequate and timely progress in implementing the plan(s). Additionally, if an academic or other review process undertaken pursuant to § 22.1-253.13:3, Code of Virginia, has identified actions for a local school board to implement, the Superintendent of Public Instruction shall determine and report to the Board of Education whether the local school board has implemented required actions. If the Superintendent certifies that a local school board has failed or refused to meet any of those obligations as referenced in a memorandum of understanding between the local school board and the Board of Education, the Board of Education shall withhold payment of some or all At-Risk Add-On funds otherwise allocated to the affected division pursuant to this allocation for the pending fiscal year. In determining the amount of At-Risk Add-On funds to be withheld, the Board of Education shall take into consideration the extent to which such funds have already been expended or contractually obligated. The local school board shall be given an opportunity to correct its failure and, if successful in a timely manner, may have some or all of its At-Risk Add-On funds restored at the Board of Education's discretion.				
f. Regional Alternative Education Programs				
1) An additional state payment of \$9,526,559 \$9,206,220 the first year and \$9,834,814 \$9,870,797 the second year from the Lottery Proceeds Fund shall be disbursed for Regional Alternative Education programs. Such programs shall be for the purpose of educating certain expelled students and, as appropriate, students who have received suspensions from public schools and students returned to the community from the Department of Juvenile Justice.				
2) Each regional program shall have a small student/staff ratio. Such staff shall include, but not be limited to education, mental health, health, and law enforcement professionals, who will collaborate to provide for the academic, psychological, and social needs of the students. Each program shall be designed to ensure that students make the transition back into the "mainstream" within their local school division.

<p>3) a) Regional alternative education programs are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs. This incremental per pupil payment shall be adjusted for the composite index of local ability-to-pay of the school division that counts such students attending such program in its March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the regional programs for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the school day or school year that the student does not attend such program.</p> <p>b) In the event a school division does not use all of the student slots it is allocated under this program, the unused slots may be reallocated or transferred to another school division.</p> <p>1. A school division must request from the Department of Education the availability and possible use of any unused student slots. If any unused slots are available and if the requesting school division chooses to utilize any of the unused slots, the requesting school division shall only receive the state's share of tuition for the unused slot that was allocated in this Item for the originally designated school division.</p> <p>2. However, no requesting school division shall receive more tuition funding from the state for any requested unused slot than what would have been the calculated amount for the requesting school division had the unused slot been allocated to the requesting school division in the original budget. Furthermore, the requesting school division shall pay for any remaining tuition payment necessary for using a previously unused slot.</p> <p>3. The Department of Education shall provide assistance for the state share of the incremental cost of Regional Alternative Education program operations based on the composite index of local ability-to-pay.</p> <p>4) Out of the appropriation included in paragraph C.38. of this item, \$304,117 the first year and \$612,979 the second year \$759,098 the second year from the Lottery Proceeds Fund are provided for a compensation supplement payment equal to 2.0 percent of base pay on July 1, 2020; and for a compensation supplement payment equal to 2.0 5.0 percent of base pay on July 1, 2021, for Regional Alternative Education Program instructional and support positions, as referenced in paragraph C. 38. of this item.</p> <p>5) The Department of Education shall develop a plan to determine and biennially rebenchmark the allocation of existing regional alternative education program slots to participating school divisions. In developing a plan, the Department shall (i) identify a mechanism to calculate slot distribution based on the number of students in a participating division requiring regional alternative education, (ii) identify needs to implement such a plan, including reporting from local school divisions, (iii) identify any legislative and Appropriation Act amendments necessary for implementation, and (iv) plan for the full implementation to rebenchmark the slot allocation of regional alternative education programs. The Department shall report the recommendation to the Secretary of Education, and the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by August 1, 2021.</p> <p>g. Remedial Summer School</p> <p>1) This appropriation includes \$22,625,279 \$17,994,400 the first year and \$22,584,988 the second year from the general fund for the state's share of Remedial Summer School Programs. These funds are available to school divisions for the operation of programs designed to remediate students who are required to attend such programs during a summer school session or during an intersession in the case of year-round schools. These funds may be used in conjunction with other sources of state funding for remediation or intervention. School divisions shall have maximum flexibility with respect to the use of these funds and the types of remediation programs offered; however, in exercising this flexibility, students attending these programs shall not be charged tuition and no high school credit may be awarded to students who participate in this program.</p> <p>2) For school divisions charging students tuition for summer high school credit courses,</p>

consideration shall be given to students from households with extenuating financial circumstances who are repeating a class in order to graduate.

10. K-3 Primary Class Size Reduction Payments

a. An additional payment estimated at ~~\$141,698,697~~ \$129,176,942 the first year and ~~\$141,828,973~~ \$132,995,629 the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education as an incentive for reducing class sizes in the primary grades.

b. The Department of Education shall calculate the payment based on the incremental cost of providing the lower class sizes based on the lower of the division average per pupil cost of all divisions or the actual division per pupil cost.

c. Localities are required to provide a match for these funds based on the composite index of local ability-to-pay.

d. By October 15 of each year school divisions must provide data to the Department of Education that each participating school has a September 30 pupil/teacher ratio in grades K through 3 that meet the following criteria:

Qualifying School Percentage of Students Approved	Grades K-3	Maximum Individual
Eligible for Free Lunch, Three-Year Average	School Ratio	K-3 Class Size
30% but less than 45%	19 to 1	24
45% but less than 55%	18 to 1	23
55% but less than 65%	17 to 1	22
65% but less than 70%	16 to 1	21
70% but less than 75%	15 to 1	20
75% or more	14 to 1	19

e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a portion of grades kindergarten through three, with a commensurate reduction of state and required local funds, if local conditions do not permit participation at the established ratio and/or maximum individual class size. In the event that a school division requires additional actions to ensure participation at the established ratio and/or maximum individual class size, such actions must be completed by December 1 of the impacted school year. Special education teachers and instructional aides shall not be counted towards meeting these required pupil/teacher ratios in grades kindergarten through three.

f. The Superintendent of Public Instruction may grant waivers to school divisions for the class size requirement in eligible schools that have only one class in an affected grade level in the school.

11. Literary Fund Subsidy Program Payments

a. The Department of Education and the Virginia Public School Authority (VPSA) shall provide a program of funding for school construction and renovation through the Literary Fund and through VPSA bond sales. The program shall be used to provide funds, through Literary Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects on the First or Second Literary Fund Waiting List, or other critical projects which may receive priority placement on the First or Second Literary Fund Waiting List by the Department of Education. Interest rate subsidies will provide school divisions with the present value difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To qualify for an interest rate subsidy, the school division's project must be eligible for a Literary Fund loan and shall be subject to the same restrictions. The VPSA shall work with the Department of Education in selecting those projects to be funded through the interest rate subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund moneys and a minimum impact on the VPSA Bond Pool.

b. The Department of Education may offer Literary Fund loans from the uncommitted

balances of the Literary Fund after meeting the obligations of the interest rate subsidy sales and the amounts set aside from the Literary Fund for Debt Service Payments for Education Technology and Security Equipment in this Item.

c. 1) In the event that on any scheduled payment date of bonds of the Virginia Public School Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from the provisions of either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the sum of (i) the payments on general obligation school bonds of cities, counties, and towns (localities) paid to the VPSA and (ii) the proceeds derived from the application of the provisions of § 15.2-2659, Code of Virginia, to such bonds of localities, is less than the debt service due on such bonds of the VPSA on such date, there is hereby appropriated to the VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a sum equal to such deficiency.

2) The Commonwealth shall be subrogated to the VPSA to the extent of any such appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with respect to the defaulting locality and to full recovery of the amount of such deficiency, together with interest at the rate of the defaulting locality's bonds.

d. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds of the VPSA issued and projected to be issued during such biennium pursuant to the bond resolution referred to in paragraph a above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

e. The Virginia Department of Education and the Virginia Department of the Treasury shall develop recommendations to make Literary Fund construction loans more competitive and attractive to school divisions as a viable source for funding school construction projects. The objective of such recommendations should focus on making such loans valuable to both the Literary Fund and the borrowing localities with a goal of increasing localities' use of loans and increasing the overall health of the Literary Fund. The agencies should consider changes to the Literary Fund loan program and State Board of Education regulations that reflect market-favorable interest rates and provide loan alternatives for localities that are competitive with the Virginia Public School Authority and other construction financing programs. The agencies shall report these recommendations to the Governor and the Chairpersons of the House Appropriations and Senate Finance and Appropriations Committees no later than July 31, 2021.

12. Educational Technology Payments

a. Any unobligated amounts transferred to the educational technology fund shall be disbursed on a pro rata basis to localities. The additional funds shall be used for technology needs identified in the division's technology plan approved by the Department of Education.

b. The Department of Education shall authorize estimated amounts as indicated in Table 1 from the Literary Fund to provide debt service payments for the education technology grant program conducted through the Virginia Public School Authority in the referenced years.

pay debt service on the Virginia Public School Authority bonds or notes authorized for education technology grant programs. In developing the proposed 2022-2024, 2024-2026, and 2026-2028 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2023, 2024, 2025, 2026, and 2027.				
d. 1) An education technology grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at \$57,533,200 \$56,085,200 in fiscal year 2021 and \$57,832,400 \$57,308,800 in fiscal year 2022. Proceeds of the notes will be used to establish a computer-based instructional and testing system for the Standards of Learning (SOL) and to develop the capability for high speed Internet connectivity at high schools followed by middle schools followed by elementary schools. School divisions shall use these funds first to develop and maintain the capability to support the administration of online SOL testing for all students with the exception of students with a documented need for a paper SOL test.				
2) Grant funds from the issuance of \$57,533,200 \$56,085,200 in fiscal year 2021 and \$57,832,400 \$57,308,800 in fiscal year 2022 in equipment notes are based on a grant of \$26,000 per school and \$50,000 per school division. For purposes of this grant program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2020, for the fiscal year 2021 issuance, and September 30, 2021, for the fiscal year 2022 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, CodeRVA Regional High School, and the School for the Deaf and the Blind. Schools that serve only pre-kindergarten students shall not be eligible for this grant.				
3. a.) Supplemental grants shall be allocated to eligible divisions to support schools that are not fully accredited in accordance with this paragraph. Schools that include a ninth grade that administer SOL tests in Spring 2020 and that are not fully accredited for the second consecutive year, based on school accreditation ratings in effect for fiscal year 2020 and fiscal year 2021 will qualify to participate in the Virginia e-Learning Backpack Initiative in fiscal year 2021 and receive: (1) a supplemental grant of \$400 per student reported in ninth grade fall membership in a qualifying school for the purchase of a laptop or tablet for that student and (2) a supplemental grant of \$2,400 per qualifying school to purchase two content creation packages for teachers. Schools eligible to receive this supplemental grant in fiscal year 2021 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Schools that administer SOL tests in Spring 2021 and that are not fully accredited for the second consecutive year based on school accreditation ratings in effect for fiscal year 2021 and fiscal year 2022 will qualify to participate in the initiative in fiscal year 2022. Schools eligible for the supplemental grants in previous fiscal years shall continue to be eligible for the remaining years of their grant award. Schools eligible to receive this supplemental grant in fiscal year 2022 shall continue to receive the grant for the number of subsequent years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of four years. Grants awarded to qualifying schools that do not have grades 10, 11, or 12 may transition with the students to the primary receiving school for all years subsequent to grade 9. Schools are eligible to receive these grants for a period of up to four years beginning in fiscal year 2014 and shall not be eligible to receive a separate award in the future once the original award period has concluded. Schools that are fully accredited or that are new schools with conditional accreditation in their first year shall not be eligible to receive this supplemental grant.				
b.) Supplemental grants allocated to school divisions for participation in the Virginia e-Learning Backpack Initiative prior to fiscal year 2017 shall be used in eligible schools for (1) the purchase of a laptop or tablet for a student reported in ninth grade fall membership, and (2) the purchase of two content creation packages for teachers per grant. The amounts for such grants shall remain unchanged.				
4) Required local match:				
a) Localities are required to provide a match for these funds equal to 20 percent of the

<p>grant amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25 percent of the local match, including the match for supplemental grants, shall be used for teacher training in the use of instructional technology, with the remainder spent on other required uses. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.</p> <p>b) School divisions that administer 100 percent of SOL tests online in all elementary, middle, and high schools may use up to 75 percent of their required local match to purchase targeted technology-based interventions. Such interventions may include the necessary technology and software to support online learning, technology-based content systems, content management systems, technology equipment systems, information and data management systems, and other appropriate technologies that support the individual needs of learners. School divisions that receive supplemental grants pursuant to paragraph g.5) above shall use the funds in qualifying schools to purchase laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers.</p> <p>5) The goal of the education technology grant program is to improve the instructional, remedial, and testing capabilities of the Standards of Learning for local school divisions and to increase the number of schools achieving full accreditation.</p> <p>6) Funds shall be used in the following manner:</p> <p>a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed access to the Internet. School connectivity (computers, LANs and network access) shall include sufficient download/upload capability to ensure that each student will have adequate access to Internet-based instructional, remedial and assessment programs.</p> <p>b) When each high school in a division meets the goals established in paragraph a) above, the remaining funds shall be used to develop similar capability in first the middle schools and then the elementary schools.</p> <p>c) For purposes of establishing or enhancing a computer-based instructional program supporting the Standards of Learning pursuant to paragraph g. 1) above, these grant funds may be used to purchase handheld multifunctional computing devices that support a broad range of applications and that are controlled by operating systems providing full multimedia support and mobile Internet connectivity. School divisions that elect to use these grant funds to purchase such qualifying handheld devices must continue to meet the on-line testing requirements stated in paragraph g. 1) above.</p> <p>d) School divisions shall be eligible to receive supplemental grants pursuant to paragraph g.5) above. These supplemental grants shall be used in qualifying schools for the purchase of laptops and tablets for ninth grade students reported in fall membership and content creation packages for teachers. Participating school divisions will be required to select a core set of electronic textbooks, applications and online services for productivity, learning management, collaboration, practice, and assessment to be included on all devices. In addition, participating school divisions will assume recurring costs for electronic textbook purchases and maintenance.</p> <p>e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.</p> <p>7) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.</p> <p>e. The Department of Education shall maintain criteria to determine if high schools, middle schools, or elementary schools have the capacity to meet the goals of this initiative. The Department of Education shall be responsible for the project management of this program.</p> <p>f. 1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public</p>

School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes of the VPSA on such date, there is hereby appropriated to the VPSA from the general fund a sum equal to such deficiency.

2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1 of each year, make and deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes of the VPSA issued and projected to be issued during such biennium pursuant to the resolution referred to in paragraph 1) above. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

g. Unobligated proceeds of the notes, including investment income derived from the proceeds of the notes may be used to pay interest on, or to decrease principal of the notes or to fund a portion of such other educational technology grants as authorized by the General Assembly.

h. 1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies with State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by a Telephone Company for the State Government" shall be deemed to include communications lines into public schools which are used for educational technology. The rate structure for such lines shall be negotiated by the Superintendent of Public Instruction and the Chief Information Officer of the Virginia Information Technologies Agency. Further, the Superintendent and Director are authorized to encourage the development of "by-pass" infrastructure in localities where it fails to obtain competitive prices or prices consistent with the best rates obtained in other parts of the state.

2) The State Corporation Commission, in its consideration of the discount for services provided to elementary schools, secondary schools, and libraries and the universal service funding mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby encouraged to make the discounts for intrastate services provided to elementary schools, secondary schools, and libraries for educational purposes as large as is prudently possible and to fund such discounts through the universal fund as provided in § 254 of the Telecommunications Act of 1996. The commission shall proceed as expeditiously as possible in implementing these discounts and the funding mechanism for intrastate services, consistent with the rules of the Federal Communications Commission aimed at the preservation and advancement of universal service.

13. Security Equipment Payments

1) A security equipment grant program shall be conducted through the Virginia Public School Authority, through the issuance of equipment notes in an amount estimated at up to \$12,000,000 in fiscal year 2021 and \$12,000,000 in fiscal year 2022 in conjunction with the Virginia Public School Authority technology notes program authorized in C.12. of this Item. Proceeds of the notes will be used to help offset the related costs associated with the purchase of appropriate security equipment that will improve and help ensure the safety of students attending public schools in Virginia.

2) The Department of Education shall authorize estimated amounts as indicated in Table 1 from the Literary Fund to provide debt service payments for the security equipment grant programs conducted through the Virginia Public School Authority in the referenced years.

3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized for this program. In developing the proposed 2022-2024, 2024-2026, and 2026-2028 biennial budgets for public education, the Department of Education shall include a recommendation to the Governor to authorize sufficient Literary Fund revenues to make debt service payments for these programs in fiscal years 2023, 2024, 2025, 2026, and 2027.

4) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public School Authority issued for the purpose described in § 22.1-166.2, Code of Virginia, and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the amounts authorized for debt service due on such bonds or notes on such date, there is hereby appropriated to the Virginia Public School Authority from the general fund a sum equal to such deficiency.

5) The Chairman of the Board of Commissioners of the Virginia Public School Authority shall, on or before November 1 of each year, deliver to the Governor and the Secretary of Finance a certificate setting forth his estimate of total debt service during each fiscal year of the biennium on bonds and notes issued and projected to be issued during such biennium. The Governor's budget submission each year shall include provisions for the payment of debt service pursuant to paragraph 1) above.

6) Grant award funds from the issuance of up to \$12,000,000 in fiscal year 2021 and \$12,000,000 in fiscal year 2022 in equipment notes shall be distributed to eligible school divisions. The grant awards will be based on a competitive grant basis of up to \$250,000 per school division. School divisions will be permitted to apply annually for grant funding. For purposes of this program, eligible schools shall include schools that are subject to state accreditation and reporting membership in grades K through 12 as of September 30, 2020, for the fiscal year 2021 issuance, and September 30, 2021, for the fiscal year 2022 issuance, as well as regional vocational centers, special education centers, alternative education centers, regular school year Governor's Schools, and the Virginia School for the Deaf and the Blind.

7) School divisions would submit their application to Department of Education by August 1 of each year based on the criteria developed by the Department of Education in collaboration with the Department of Criminal Justice Services who will provide requested technical support. Furthermore, the Department of Education will have the authority to make such grant awards to such school divisions.

8) It is also the intent of the General Assembly that, beginning with fiscal year 2020, the total amount of the grant awards shall not exceed \$60,000,000 over any ongoing revolving five year period.

9) Required local match:

a) Localities are required to provide a match for these funds equal to 25 percent of the grant amount. The Superintendent of Public Instruction is authorized to reduce the required local match for school divisions with a composite index of local ability-to-pay below 0.2000. The Virginia School for the Deaf and the Blind is exempt from the match requirement.

b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school divisions became one school division, whether by consolidation of only the school divisions or by consolidation of the local governments, such resulting division shall be provided funding through this program on the basis of having the same number of school divisions as existed prior to September 30, 2000.

c) Local school divisions shall maximize the use of available federal funds, including E-Rate Funds, and to the extent possible, use such funds to supplement the program and meet the goals of this program.

14. Virginia Preschool Initiative Payments

ITEM 145.	Item Details(\$)		Appropriations(\$)	
	First Year FY2021	Second Year FY2022	First Year FY2021	Second Year FY2022
a.1) It is the intent of the General Assembly that a payment estimated at \$80,539,047 \$55,805,681 the first year and \$107,086,043 the second year from the general fund and \$16,600,000 the first year from federal funds shall be disbursed by the Department of Education to schools and community-based organizations to provide quality preschool programs for at-risk four-year-olds who are residents of Virginia and unserved by Head Start program funding and for at-risk five-year-olds who are not eligible to attend kindergarten.				
2) These state funds and required local matching funds shall be used to provide programs for at-risk four-year-old children, which include quality preschool education, health services, social services, parental involvement and transportation. It shall be the policy of the Commonwealth that state funds and required local matching funds for the Virginia Preschool Initiative not be used for capital outlay, not be used to supplant any Head Start federal funds provided for local early education programs, and not be used until the local Head Start grantee certifies that all local Head Start slots are filled. Programs must provide full-day or half-day and, at least, school-year services.				
3) The Department of Education shall establish academic standards that are in accordance with appropriate preparation for students to be ready to successfully enter kindergarten. These standards shall be established in such a manner as to be measurable for student achievement and success. Students shall be required to be evaluated in the fall and in the spring by each participating school division and the school divisions must certify that the Virginia Preschool Initiative program follows the established standards in order to receive the funding for quality preschool education and criteria for the service components. Such standards shall align with the Virginia Standards of Learning for Kindergarten.				
4) a) Grants shall be distributed based on an allocation formula providing the state share of a \$6,959 \$6,326 per pupil grant in the first year and a \$7,655 per pupil grant in the second year for 100 percent of the unserved at-risk four-year-olds in each locality for a full-day program. The number of unserved at-risk four-year-olds in each locality shall be based on the projected number of kindergarten students, updated once each biennium for the Governor's introduced biennial budget. Grants to half-day programs shall be funded based on the state share of \$3,480 \$3,163 in the first year and \$3,828 in the second year per unserved at-risk four-year-old in each locality.				
b) Out of this appropriation, \$2,837,266 the first year and \$6,117,049 the second year from the general fund is provided to serve at-risk three-year-olds who are residents of Virginia and unserved by Head Start funding on a pilot basis using criteria as determined by the Department of Education. Localities may apply to participate in the pilot by May 15 each year and shall be selected on a competitive basis. Pilot providers shall be required to: (i) demonstrate broad stakeholder support, (ii) track outcomes for participating children, (iii) demonstrate how they will maximize federal and state funds to preserve existing birth to five slots, including certifying that all local Head Start slots are filled, (iv) support inclusive practices of children with identified special needs, and (v) collaborate among the school division, local department of social services, programs accepting child care subsidy payments, and providers for Head Start, private child care, and early childhood special education and early intervention programs. In addition, localities shall be selected using other criteria that include prioritizing: (i) communities with limited child care options; (ii) programs serving children in private, mixed-delivery settings; or (iii) communities that demonstrate full support of public and private providers. Grants shall be distributed based on an allocation formula providing the state share of a \$6,959 per pupil grant in the first year; and a \$7,655 per pupil grant in the second year. Grants to half-day programs shall be funded based on the state share of \$3,480 in the first year; and \$3,828 in the second year.				
c) Full-day programs shall operate for a minimum of five and one-half instructional hours, excluding breaks for meals, and half-day programs shall operate for a minimum of three hours of classroom instructional time per day, excluding breaks for lunch. Virginia Preschool Initiative programs may include unstructured recreational time that is intended to develop teamwork, social skills, and overall physical fitness in any calculation of total instructional time, provided that such unstructured recreational time does not exceed 15 percent of total instructional time or teaching hours. No additional state funding is provided for programs operating greater than three hours per day but less than five and				

ITEM 145.	Item Details(\$)		Appropriations(\$)

	one-half hours per day. In determining the state and local shares of funding, the composite index of local ability-to-pay is capped at 0.5000.			
	d) For new programs in the first year of implementation only, programs operating less than a full school year shall receive state funds on a fractional basis determined by the pro-rata portion of a school year program provided. In determining the prorated state funds to be received, a school year shall be 180 days or 990 teaching hours.			
	<i>e) To ensure children with special needs have equitable opportunity to enter kindergarten ready, all Virginia Preschool Initiative programs are expected to be inclusive of children with disabilities. Specifically, programs shall meet or exceed a target inclusion rate, such that 10 percent of all children participating in the Virginia Preschool Initiative are children with disabilities, defined as those with an Individualized Education Plan, and are served in inclusive classrooms that include children who do not have an Individualized Education Plan. A program that is unable to meet this target shall provide reasons a 10 percent inclusion rate was not achieved in the given school year in its annual comprehensive report.</i>			
	b.1) Any locality that desires to participate in this grant program must submit a proposal through its chief administrator (county administrator or city manager) by May 15 of each year. The chief administrator, in conjunction with the school superintendent, shall identify a lead agency for this program within the locality. The lead agency shall be responsible for developing a local plan for the delivery of quality preschool services to at-risk children, which demonstrates the coordination of resources and the combination of funding streams in an effort to serve the greatest number of at-risk four-year-old children. Starting in fiscal year 2021 2022, localities may apply for additional funds to serve at-risk three-year-old children on a pilot basis.			
	2) The proposal must demonstrate coordination with all parties necessary for the successful delivery of comprehensive services, including the schools, child care providers, local social services agency, Head Start, local health department, and other groups identified by the lead agency. The proposal must identify which entities were consulted and how the locality will ensure that federal funds are preserved and maximized including demonstrating compliance with Title I of the federal Elementary and Secondary Education Act to ensure that a Local Educational Agency receiving Title I funding coordinates with Head Start programs and other early learning programs receiving federal funds by developing Memorandums of Understanding with such agencies to coordinate services. The proposal must also demonstrate a plan for supporting inclusive practices for children with identified special needs.			
	3) A local match, based on the composite index of local ability-to-pay, shall be required. For purposes of meeting the local match, localities may use local expenditures for existing qualifying programs, however, at least fifty percent of the local match will be cash and no more than fifty percent will be in-kind. In-kind contributions are defined as cash outlays that are made by the locality that benefit the program but are not directly charged to the program. The value of fixed assets cannot be considered as an in-kind contribution. Philanthropic or other private funds may be contributed to the locality to be appropriated in their local budget and then utilized as local match. Localities shall also continue to pursue and coordinate other funding sources, including child care subsidies. Funds received through this program must be used to supplement, not supplant, any funds currently provided for programs within the locality. However, in the event a locality is unable to continue the previous level of support to programs for at-risk four-year-olds from Title I of the federal Elementary and Secondary Education Act (ESEA), the state and local funds provided in this grants program may be used to continue services to these Title I students. Such inability may occur due to adjustments to the allocation formula in the reauthorization of ESEA as the Every Student Succeeds Act of 2015, or due to a percentage reduction in a locality's Title I allocation in a particular year. Any locality so affected shall provide written evidence to the Superintendent of Public Instruction and request his approval to continue the services to Title I students.			
	c. Local plans must provide clear methods of service coordination for the purpose of reducing the per child cost for the service, increasing the number of at-risk children served and/or extending services for the entire year. Examples of these include:			
	1) "Wraparound Services" -- methods for combining funds such as child care subsidy dollars administered by local social service agencies with dollars for quality preschool education programs.			

ITEM 145.	Item Details(\$)		Appropriations(\$)	
	First Year FY2021	Second Year FY2022	First Year FY2021	Second Year FY2022
<p>2) "Wrap-out Services" - methods for using grant funds to purchase quality preschool services to at-risk four-year-old children through an existing child care setting by purchasing comprehensive services within a setting which currently provides quality preschool education.</p> <p>3) "Expansion of Service" - methods for using grant funds to purchase slots within existing programs, such as Head Start, which provides comprehensive services to at-risk three- and four-year-old children.</p> <p>d. Local plans must indicate the number of at-risk four-year-old children to be served, and the eligibility criteria for participation in this program shall be consistent with the economic and educational risk factors stated in the 2015-2016 programs guidelines that are specific to: (i) family income at or below 200 percent of federal poverty guidelines, (ii) homelessness, (iii) student's parents or guardians are school dropouts, or (iv) family income is above 200 percent but at or below 350 percent of federal poverty guidelines in the case of students with special needs or disabilities. Up to 15 percent of a division's slots may be filled based on locally established eligibility criteria so as to meet the unique needs of at-risk children in the community. If applicable, local plans must also indicate the number of at-risk three-year-old children to be served using the same eligibility criteria listed above. Localities that can demonstrate that more than 15 percent of slots are needed to meet the needs of at-risk children in their community may apply for a waiver from the Superintendent of Public Instruction to use a larger percentage of their slots. Localities must demonstrate that increasing eligibility will enable the maximization of federal funds and will not have a negative impact on access for other individuals currently being served.</p> <p>e.1) The Department of Education shall provide technical assistance for the administration of this grant program to provide assistance to localities in developing a comprehensive, coordinated, quality preschool program that prepares all participants for kindergarten.</p> <p>2) The Department shall provide interested localities with information on models for service delivery, methods of coordinating funding streams, such as funds to match federal IV-A child care dollars, to maximize funding without supplanting existing sources of funding for the provision of services to at-risk three- and four-year-old children. A priority for technical assistance in the design of programs shall be given to localities where the majority of the at-risk three- and four-year-old population is currently unserved.</p> <p>f. The Department of Education shall include in the program's application package specific information regarding the potential availability of funding for supplemental grants that may be used for one-time expenses, other than capital, related to start-up or expansion of programs, with priority given to proposals for expanding the use of partnerships with either nonprofit or for-profit providers. Furthermore, the Department is mandated to communicate to all eligible school divisions the remaining available balances in the program's adopted budget, after the fall participation reports have been submitted and finalized for such grants.</p> <p>g. Out of this appropriation, \$3,982,079 the first year and \$3,285,258 the second year from the general fund is provided to support Virginia Preschool Initiative slots to serve children on wait lists. In each year, unused grants distributed as provided in paragraph C.14.a.4. of this Item shall be redistributed based on guidelines established by the Department of Education subject to the appropriation available for this purpose. Such guidelines shall provide the criteria used to redistribute grants and provide for the notification of grants redistribution to programs no later than July 1 of each year. The Department shall conduct this process annually, and the redistribution shall not affect the allocation formula for the subsequent year.</p> <p>h.1) Out of this appropriation, \$5,020,000 the first year and \$5,005,000 \$4,886,000 the second year from the general fund is provided to support an add-on grant per child for approximately 2,000 children to incentivize mixed-delivery of services through private providers. These add-on grants are intended to provide funds to minimize the difference between the amount of the per-pupil grant allocation and the per-pupil cost to serve a child in a community-based or private provider setting. Recipients of the add-on grants will be encouraged to support classrooms that support inclusive practices of children with special needs. Localities shall indicate in their plans submitted pursuant to C.14.b.1 of this Item</p>

	how many of their Virginia Preschool Initiative slots will be provided in community-based or private provider settings to receive the add-on grant.			
	2) The amount of these add-on grants shall vary by region in fiscal year 2021 and provide a grant of: (i) \$3,500 per child for divisions in Planning District 8, (ii) \$2,500 per child for divisions in Planning District 15, Planning District 23, and for the counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper and the Cities of Fredericksburg and Winchester, and (iii) \$1,500 per child in any other division.			
	3) The Department of Education shall develop a plan to determine the magnitude of the gap between regional prevailing child care market rates and the Virginia Preschool Initiative per pupil amount. The Department shall establish a schedule designating the amount of the add-on grants for each school division for fiscal year 20222023. The amount of the add-on grant plus the Virginia Preschool Initiative per pupil amount shall not exceed prevailing child care market rates in a particular region. The Department shall report on the established schedule to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1, 2020 September 30, 2021.			
	i. The Department of Education shall develop a plan to determine, recognize, and biennially rebenchmark the per-student funding amount of the Virginia Preschool Initiative, similar to the current formula supporting public K-12 education in Virginia. In developing such plan, the Department shall (i) identify needs to implement such plan, including reporting from local school divisions, (ii) include relevant stakeholders, including school division finance staff and local Virginia Preschool Initiative administrators, (iii) identify any legislative or Appropriation Act amendments necessary for implementation, and (iv) plan for full implementation to benchmark the per-student funding amount of the Virginia Preschool Initiative.			
	j. Out of this appropriation, \$6,419,996 the first year and \$7,062,088 the second year from the general fund is provided to support increased Virginia Preschool Initiative teacher to student ratios and class sizes, as follows:			
	1) Any classroom that exceeds benchmarks set by the Board of Education shall be staffed as follows: (i) one teacher shall be provided for any class of ten students or less; (ii) if the enrollment in any class exceeds ten students but does not exceed 20, a full-time teacher's aide shall be assigned to the class; and (iii) the maximum class size shall be 20 students.			
	2) All other classrooms shall be staffed as follows: (i) one teacher shall be employed for any class of nine students or less; (ii) if the enrollment in any class exceeds nine students but does not exceed 18, a full-time teacher's aide shall be assigned to the class; and (iii) the maximum class size shall be 18 students.			
	k. Out of this appropriation, \$306,100 the first year and \$306,100 the second year from the general fund is allocated for the Department of Education to provide grants of no more than \$30,000 each for local school divisions that have applied for such funds for the sole purpose of providing financial incentives to provisionally licensed teachers teaching students enrolled in the Virginia Preschool Initiative <i>or other publicly-funded preschool programs operated by the school division</i> and who are actively engaged in coursework and professional development, toward achieving the required degree and license that satisfy the licensure requirements reflected in § 22.1-299, Code of Virginia. School divisions must submit applications to the Department of Education by December 1 of each year. Priority for awarding grants shall be given to hard-to-staff schools and schools with the highest number of provisionally licensed teachers teaching students enrolled in the Virginia Preschool Initiative <i>or other publicly-funded preschool programs operated by the school division</i> . The Department of Education shall develop the application process to be provided to school divisions that have provisionally licensed <i>preschool</i> teachers employed and are teaching students enrolled in the Virginia Preschool Initiative <i>or other publicly-funded preschool programs operated by the school division</i> .			
	l. 1.) The Department of Education shall collect information from local <i>Virginia Preschool Initiative</i> programs and from pilot providers participating in the Virginia Early Childhood Foundation's pilot Mixed-Delivery Preschool Initiative established in Item 144 as needed to compile a comprehensive report on the usage of state funds detailing, but not limited to the number of calculated slots and funding allocated to each local program or pilot provider, and

	the number of such slots that have been filled.			
	2.) Such comprehensive report shall be aggregated in a manner to identify: (i) funding and the number of slots used to serve a student in a public school and non-public school setting, (ii) the number of three-year olds served, (iii) waitlist slots requested, offered, and provided, (iv) the number of students served whose families are at or below 130 percent poverty, above 130 percent but at or below 200 percent of poverty, above 200 percent but at or below 350 percent of poverty, and above 350 percent of poverty.			
	3.) <i>Such comprehensive report shall describe the Virginia Preschool Initiative programs' progress towards the target inclusion rate, such that 10 percent of all children enrolled in each program are children with disabilities, defined as those with an Individualized Education Plan. Virginia Preschool Initiative programs shall report the share of children with Individualized Education Plans in inclusive classrooms annually starting with the 2020-2021 school year. If the program's current inclusion rate falls below 10 percent, the program shall provide reasons a 10 percent inclusion rate was not achieved in the given school year and what actions the program could implement to increase its rate of inclusion in the next year.</i>

provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of five to one. The estimated number of students in each school division in each year shall be determined by multiplying the projected number of students reported in each school division's fall membership in grades kindergarten, 1, 2, and 3 by the percent of students who are determined to need services based on diagnostic tests administered in the ~~previous~~ *most recent year that data is available* in that school division and adjusted in the following manner:

	Year 1	Year 2
Kindergarten	100%	100%
Grade 1	100%	100%
Grade 2	100%	100%
Grade 3	100%	100%

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. At the beginning of the school year, local school divisions shall partner with the parents of those third grade students in the division who demonstrate reading deficiencies, discussing with them a developed plan for remediation and retesting. Such intervention programs, at the discretion of the local school division, may include, but not be limited to, the use of: special reading teachers; trained aides; full-time early literacy tutors; volunteer tutors under the supervision of a certified teacher; computer-based reading tutorial programs; aides to instruct in-class groups while the teacher provides direct instruction to the students who need extra assistance; or extended instructional time in the school day or year for these students. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

d. In the event that a school division does not use the diagnostic test provided by the Department of Education in the year that serves as the basis for updating the funding formula for this program but has used it in past years, the Department of Education shall use the most recent data available for the division for the state-provided diagnostic test.

e. The results of all reading diagnostic tests and reading remediation shall be discussed with the student and the student's parent prior to the student being promoted to grade four.

f. Funds appropriated for Standards of Quality Prevention, Intervention, and Remediation, Remedial Summer School, or At-Risk Add-On may also be used to meet the requirements of this program.

16. Standards of Learning Algebra Readiness Payments

a. An additional payment of ~~\$15,194,903~~ *\$15,213,962* the first year and ~~\$15,239,492~~ *\$15,248,151* the second year from the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school divisions for the purposes of providing math intervention services to students in grades 6, 7, 8 and 9 who are at-risk of failing the Algebra I end-of-course test, as demonstrated by their individual performance on diagnostic tests which have been approved by the Department of Education. These amounts reflect \$200,000 the first year and \$200,000 the second year apportioned to each school division to account for the cost of the diagnostic test. The Department of Education shall review the tests to ensure that such local test uses state-provided criteria for diagnosis of math deficiencies which are similar to those criteria used in the state-provided test. The Department of Education shall make the state-provided diagnostic test used in this program available to local school divisions. School divisions shall report the results of the diagnostic tests to the Department of Education on an annual basis at a time to be determined by the Superintendent of Public Instruction.

b. These payments shall be based on the state's share of the cost of providing two and one-half

hours of additional instruction each week for an estimated number of students in each school division at a student to teacher ratio of ten to one. The estimate number of students in each school division shall be determined by multiplying the projected number of students reported in each school division's fall membership by the percent of students that qualify for the federal Free Lunch Program.

c. These payments are available to any school division that certifies to the Department of Education that an intervention program will be offered to such students and that each student who receives an intervention will be assessed again at the end of that school year. Localities receiving these payments are required to match these funds based on the composite index of local ability-to-pay.

Notwithstanding any contrary provision of law, the state's share of the tuition rates shall be based on the composite index of local ability-to-pay.

c.1. Out of the amounts for Financial Assistance for Categorical Programs, \$36,591,267 the first year and \$37,546,662 the second year from the general fund is appropriated to permit the Department of Education to enter into agreements with selected local school boards for the provision of educational services to children residing in certain hospitals, clinics, and detention homes by employees of the local school boards. The portion of these funds provided for educational services to children residing in local or regional detention homes shall only be determined on the basis of children detained in such facilities through a court order issued by a court of the Commonwealth. The selection and employment of instructional and administrative personnel under such agreements will be the responsibility of the local school board in accordance with procedures as prescribed by the local school board. State funds received for secondary vocational-technical equipment must be used to supplement, not supplant, any funds currently provided for secondary vocational-technical equipment within the locality. Local school divisions are not required to provide a local match in order to receive these state funds.

c.1) This appropriation includes an additional \$2,000,000 the first year and \$2,000,000 the second year from the Lottery Proceeds Fund to update vocational-technical equipment to industry standards providing students with classroom experience that translates to the workforce.

2) Of this amount, \$1,400,000 the first year and \$1,400,000 the second year is provided for vocational-technical equipment in high-demand, high-skill, and fast-growth industry sectors as identified by the Virginia Board of Workforce Development and based on data from the Bureau of Labor Statistics and the Virginia Employment Commission.

27. Governor's School Payments				
a. Out of the amounts for Governor's School Payments, the Department of Education shall provide assistance for the state share of the incremental cost of regular school year Governor's Schools based on each participating locality's composite index of local ability-to-pay. Participating school divisions must certify that no tuition is assessed to students for participation in this program.				
b.1) Out of the amounts for Governor's School Payments, the Department of Education shall provide assistance for the state share of the incremental cost of summer residential Governor's Schools and Foreign Language Academies to be based on the greater of the state's share of the composite index of local ability-to-pay or 50 percent. e. The Board of Education shall not take any action that would increase the state's share of costs associated with the Governor's Schools as set forth in this Item. This provision shall not prohibit the Department of Education from submitting requests for the increased costs of existing programs resulting from updates to student enrollment for school divisions currently participating in existing programs or for school divisions that begin participation in existing programs.				
f.1) Regular school year Governor's Schools are funded through this Item based on the state's share of the incremental per pupil cost for providing such programs for each student attending a Governor's School up to a cap of 1,800 students per Governor's School in the first year and a cap of 1,800 students per Governor's School in the second year. This incremental per pupil payment shall be adjusted for the composite index of the school division that counts such students attending an academic year Governor's School in their March 31 Average Daily Membership. It is the intent of the General Assembly that this incremental per pupil amount be in addition to the basic aid per pupil funding provided to the affected school division for such students. Therefore, local school divisions are encouraged to provide the appropriate portion of the basic aid per pupil funding to the Governor's Schools for students attending these programs, adjusted for costs incurred by the school division for transportation, administration, and any portion of the day that the student does not attend a Governor's School.				
2) Students attending a revolving Academic Year Governor's School program for only one semester shall be counted as 0.50 of a full-time equivalent student and will be funded for only fifty percent of the full-year funded per pupil amount. For purposes of this Item, revolving programs shall mean Academic Year Governor's School programs that admit students on a semester basis.				
3) Students attending a continuous, non-revolving Academic Year Governor's School

program shall be counted as a full-time equivalent student and will be funded for the full-year funded per pupil amount. Funding for students attending a continuous, non-revolving Academic Year Governor's School program will be adjusted based upon actual September 30th student enrollment each fiscal year. For purposes of this Item, continuous, non-revolving programs shall mean Academic Year Governor's School programs that only admit students at the beginning of the school year. Fairfax County Public Schools shall not reduce local per pupil funding for the Thomas Jefferson Governor's School below the amounts appropriated for the 2003-2004 school year.

g. All regional Governor's Schools are encouraged to provide full-day grades 9 through 12 programs.

h. 28. School Nutrition Payments

It is provided that, subject to implementation by the Superintendent of Public Instruction, no disbursement shall be made out of the appropriation for school nutrition to any locality in which the schools permit the sale of competitive foods in food service facilities or areas during the time of service of food funded pursuant to this Item.

29. School Breakfast Payments

a. Out of this appropriation, ~~\$7,238,768~~ ~~\$1,437,082~~ the first year and \$7,920,136 the second year from the Lottery Proceeds Fund is included to continue a state funded incentive program to maximize federal school nutrition revenues and increase student participation in the school breakfast program. These funds are available to any school division as a reimbursement for breakfast meals served that are in excess of the baseline established by the Department of Education. The per meal reimbursement shall be \$0.22; however, the department is authorized, but not required to reduce this amount proportionately in the event that the actual number of meals to be reimbursed exceeds the number on which this appropriation is based so that this appropriation is not exceeded.

b. In order to receive these funds, school divisions must certify that these funds will be used to supplement existing funds provided by the local governing body and that local funds derived from sources that are not generated by the school nutrition programs have not been reduced or eliminated. The funds shall be used to improve student participation in the school breakfast program. These efforts may include, but are not limited to, reducing the per meal price paid by students, reducing competitive food sales in order to improve the quality of nutritional offerings in schools, increasing access to the school breakfast program, or providing programs to increase parent and student knowledge of good nutritional practices. In no event shall these funds be used to reduce local tax revenues below the level appropriated to school nutrition programs in the prior year. Further, these funds must be provided to the school nutrition programs and may not be used for any other school purpose.

2. Out of this appropriation, the Cardinal Financial System is appropriated \$23,093,823 the first year and \$20,902,457 the second year from internal service fund revenues.

3. Out of this appropriation, the Cardinal Human Capital Management (HCM) system is appropriated \$11,764,500 the second year from internal service fund revenues. The second year amount of \$11,764,500 represents nine months of operating costs incurred after the full transition to the new Cardinal HCM system during the second year. The operating costs incurred during the transition are funded through the Working Capital Advance included in paragraph B.1. of this Item.

4. The State Comptroller shall submit revised projections of revenues and expenditures for the internal service funds for the Commonwealth's enterprise applications and estimates of any anticipated changes to fee schedules in accordance with § 4-5.03 of this act.

This treasury loan shall be repaid from the proceeds collected in the funds.

B.1.a. The Department of Accounts, in coordination with the Department of Human Resource Management shall replace the Commonwealth Integrated Payroll/Personnel System (CIPPS) and the Personnel Management Information System and the Benefits Eligibility System (PMIS & BES) with an integrated Human Capital Management (HCM) system. This may include any costs necessary for the planning, development, configuration, and roll-out of the new HCM application, and any transitional post-production support operating costs prior to the full transition to the new system. These costs do not include costs necessary to ensure agencies are prepared for the implementation of the new application and the decommissioning of CIPPS and PMIS & BES, such as interfaces from agency based systems. An additional amount of up to \$10,000,000 may be provided to be directed toward any unforeseen costs associated with the roll-out of the statewide Cardinal HCM system.

c. The Department of Accounts and the Department of Human Resource Management shall recommend to the Governor a permanent system of governance over the new HCM application, which shall designate specifically which agencies have the responsibility for authority and control of the data in the new HCM application as well as responsibility for systems support and maintenance.

The CGC shall analyze expansion opportunities in both the financial and human resources arenas that will most benefit Commonwealth state agencies in meeting their agency missions and core objectives. Additionally, this evaluation will analyze opportunities that could possibly allow for the decommissioning of agency-based systems in favor of the Commonwealth's enterprise system to improve efficiency and cost effectiveness. Once these opportunities are evaluated and finalized, the CGC shall present recommendations to the Commonwealth's Secretary of Finance and Secretary of Administration for review by September 30, 2021. Authority: Title 2.2, Chapter 2; Article 6, and § 2.2-200, Code of Virginia.

A.1. The Secretary of Health and Human Resources, in collaboration with the Office of the Attorney General and the Secretary of Public Safety and Homeland Security, shall present a six-year forecast of the adult offender population presently incarcerated in the Department of Corrections and approaching release who meet the criteria set forth in Chapter 863 and Chapter 914 of the 2006 Acts of Assembly, and who may be eligible for evaluation as sexually violent predators (SVPs) for each fiscal year within the six-year forecasting period. As part of the forecast, the secretary shall report on: (i) the number of Commitment Review Committee (CRC) evaluations to be completed; (ii) the number of eligible inmates recommended by the CRC for civil commitment, conditional release, and full release; (iii) the number of civilly committed residents of the Virginia Center for Behavioral Rehabilitation who are eligible for annual review; and (iv) the number of individuals civilly committed to the Virginia Center for Behavioral Rehabilitation and granted conditional release from civil commitment in a state SVP facility. The secretary shall complete a summary report of current SVP cases and a forecast of SVP eligibility, civil commitments, and SVP conditional releases, including projected bed space requirements, to the Governor and Senate Finance and House Appropriations Committees by November 15 of each year.

2. As part of the forecast process, the Department of Corrections shall administer a STATIC-99 screening to all potential Sexually Violent Predators eligible for civil commitment pursuant to § 37.2-900 et seq., Code of Virginia, within six months of admission to the Department of Corrections. The results of such screenings shall be provided to the commissioner of the Department of Behavioral Health and Developmental Services (DBHDS) on a monthly basis and used for the SVP population forecast process.

3. The Office of the Attorney General shall also provide to the commissioner of DBHDS, on a monthly basis, the status of all SVP cases pending before their office for purposes of forecasting the SVP population.

B. The Secretary of Health and Human Resources shall create a trauma-informed care workgroup to develop a shared vision and definition of trauma-informed care for agencies within the Health and Human Resources Secretariat. The workgroup shall include representatives from the Departments of Social Services, Behavioral Health and Developmental Services, Medical Assistance Services, and Health, as well as stakeholders, researchers, community organizations and representatives from impacted communities. The workgroup shall also (i) examine Virginia's applicable child and family-serving programs and data; (ii) develop strategies to build a trauma-informed system of care for children, using best practices for families who are impacted by the human service delivery system; (iii) identify indicators to measure progress in developing such a system of care; (iv) identify needed professional development/training in trauma-informed practices for all child-serving professionals and (v) identify data sharing issues that need to be addressed to facilitate such a system. In addition, the workgroup shall explore opportunities to expand trauma-informed care throughout the Commonwealth. The Secretary of Health and Human Resources shall report on the workgroup's activities to the Chairmen of the House Appropriations and Senate Finance Committees and the Virginia Commission on Youth by December 15 of each year.

C.1. The Secretary of Health and Human Resources, in collaboration with the Secretary of Administration and the Secretary of Public Safety and Homeland Security, shall convene an interagency workgroup to oversee the development of a statewide integrated electronic health record (EHR) system. The workgroup shall include the Department of Behavioral Health and Developmental Services (DBHDS), the Virginia Department of Health, the Department of Corrections, the Department of Planning and Budget, staff of the House Appropriations and

Senate Finance Committees, and other agencies as deemed appropriate by the respective Secretaries. The purpose of the workgroup shall be to evaluate common business requirements for electronic health records to ensure consistency and interoperability with other partner state and local agencies and public and private health care entities to the extent allowed by federal and state law and regulations. The goal of the workgroup is to develop an integrated EHR which may be shared as appropriate with other partner state and local agencies and public and private health care entities. The workgroup shall evaluate the DBHDS statement of work developed for its EHR system and the DBHDS platform for potential adaption and/or use by state agencies in order to develop an integrated statewide EHR.				
2. The workgroup may consider and evaluate other EHR systems that may be more appropriate to meet specific agency needs and evaluate the cost-effectiveness of pursuing a separate EHR system as compared to a statewide integrated EHR. However, the workgroup shall ensure that standards are developed to ensure that EHRs can be shared as appropriate with public and private partner agencies and health care entities.				
3. The workgroup shall also develop an implementation timeline, cost estimates, and assess other issues that may need to be addressed in order to implement an integrated statewide EHR system. The timeline and cost estimates shall be used by the respective agencies to coordinate implementation. The workgroup shall report on its activities and any recommendations to the Joint Subcommittee on Health and Human Resources Oversight by November 1 of each year.				
D.1. The Secretary of Health and Human Resources shall develop a state innovation waiver under Section 1332 of the federal Patient Protection and Affordable Care Act (42 U.S.C. 18052) to implement a state reinsurance program to help stabilize the individual insurance market by reducing individual insurance premiums and out-of-pocket costs while preserving access to health insurance. The Secretary shall convene stakeholders to include representatives of health insurers, the State Corporation Commission Bureau of Insurance, consumer advocates, and others deemed necessary to assist in developing the reinsurance program.				
2. The State Corporation Commission Bureau of Insurance shall provide technical assistance to the Secretary of Health and Human Resources as requested.				
3. The Secretary shall report on the reinsurance program to the Chairs of House Labor and Commerce and Senate Commerce and Labor Committees and the House Appropriations and Senate Finance and Appropriations Committees by October 1, 2020. Such report shall include an analysis of the costs and assumptions of such a reinsurance program and potential options to fund the non-federal share of costs. In addition, the report shall include suggested legislation to implement the program. Implementation of the reinsurance program shall be subject to appropriation of the non-federal share of costs by the General Assembly and approval by the United States Secretary of Health and Human Services.				
E. The Secretary of Health and Human Resources shall convene a workgroup to review and make recommendations regarding the state regulation of doulas and establishing a community doula benefit for pregnant women covered by Medicaid. The workgroup shall include representatives from the Department of Medical Assistance Services, the Virginia Department of Health, and the Department of Health Professions, as well as representatives from community doula practitioners, stakeholder groups, and community organizations. The workgroup shall examine and report on the (i) federal requirements and permissibility associated with providing a Medicaid doula benefit; (ii) impact that state regulation would have on doula practitioners; (iii) a review of strategies other states have implemented; (iv) an analysis of the appropriate rates for such a benefit; and (v) the estimated costs and potential savings to the state and practitioners over the next six years. The workgroup shall report its findings and recommendations to the Governor and to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by December 1, 2020.				
<i>F.1. It is the intent of the General Assembly that aging services be elevated in importance within state government, to include consideration of reestablishing a separate agency on aging under the Office of the Secretary of Health and Human Resources beginning July 1,</i>

2022. Such an agency would oversee policies and programs impacting older Virginians and provide a leadership role across state government in evaluating the impact the aging population has on state services.				
2. The Secretary of Health and Human Resources, or his designee, shall convene a workgroup that includes representatives from the Department for Aging and Rehabilitative Services, Area Agencies on Aging, the Virginia Association of Area Agencies on Aging, the Department of Planning and Budget, the Division of Legislative Services, appropriate staff from the House Appropriations and Senate Finance and Appropriations Committees, and other appropriate stakeholders. The workgroup shall: (i) review other state aging departments and best practices for offices of aging services that are fully capable of leading across state government with regard to the impacts of an aging population; (ii) review and develop an optimal organizational structure; (iii) develop a transition plan for transferring staff, funding and making other operational changes as needed; (iv) draft legislation for consideration by the 2022 General Assembly; (v) determine potential costs; and (vi) develop draft changes to the Appropriation Act. The workgroup shall, at a minimum, evaluate the most appropriate place that aging services, adult services, adult protective services and auxiliary grant programs should reside within state government. In addition, the workgroup shall examine any other aging-related programs in the Health and Human Resources Secretariat and make recommendations as appropriate to ensure coordination across such programs.				
3. The workgroup shall provide all deliverables and report on its findings by December 1, 2021, to the Governor, the Department of Planning and Budget, and the Chairs of House Appropriations and Senate Finance and Appropriations Committees.				
G. The Secretary of Health and Human Resources, or his designee, shall convene a workgroup of appropriate agencies within the secretariat and other stakeholders, as necessary, to research and recommend strategies for the financing of health care services for undocumented immigrant children. The workgroup shall: (i) identify the number of children who would qualify and their geographic location; (ii) demonstrate the impact a lack of health care coverage has on these children; (iii) determine the financial burden carried by hospital systems and other healthcare facilities that currently provide care for these children; (iv) identify the existing barriers these children face when trying to access essential medical services in a timely manner; (v) identify the long-term health impacts to children who do not have health care coverage and the future cost the Commonwealth will incur as a result; and (vi) recommend options for providing health care coverage to these children and the approximate cost to the Commonwealth.

It is the intent of the General Assembly that from any additional federal funding that is provided to the Commonwealth to offset the economic impacts from COVID-19 that a portion of such funding shall be set aside and allocated to provide support payments to Medicaid Developmental Disability Waiver providers that have experienced a significant disruption in operations and revenue during the COVID-19 public health emergency (PHE). The Department of Medical Assistance Services, in collaboration with the Department of Behavioral Health and Developmental Services, the Virginia Network of Private Providers, the Virginia Association of Community Rehabilitation Programs (vaACCSES), representatives of different types of waiver providers, and other appropriate stakeholders shall develop criteria to determine the eligibility for and the amount of the support payments. The criteria shall prioritize providers that have received no other state or federal assistance to date during the PHE, other waiver providers that have received some limited assistance from state and federal sources, and waiver providers that are at risk of closing due to the PHE disruption and for which the Commonwealth needs to maintain an adequate provider network such that when the PHE emergency ends there are sufficient providers to meet the service needs of Medicaid members.</p>			
	<p>GGGGGG. The Department of Medical Assistance Services shall defer the next scheduled nursing facility rate rebasing for one year in order to utilize the calendar year 2021 cost reports as the base year. In its review of barriers to accessing TNC Type II NEMT benefits, the department shall identify any gaps in TNC Type II service contracting between the department's contracted MCOs, or their transportation brokers and TNC Type II NEMT providers. Additionally, the department shall examine the eligible patient population for TNC Type II NEMT services to ensure all clinically indicated Medicaid beneficiaries are eligible for TNC Type II NEMT services. Further, the department shall examine the necessity of TNC Type II operating requirements and identify any extraneous service requirements limiting TNC Type II services. The department shall report its findings and recommendations to the Chairs of the House Appropriations and Senate Finance and Appropriations Committees by October 1, 2021.</p>

This increased case mix index (CMI) factor shall take precedence over future rebasing. Total payments for IME in combination with other payments for freestanding children's hospitals with greater than 50 percent Medicaid utilization in 2009 may not exceed the federal uncompensated care cost limit that disproportionate share hospital payments are subject to. The department shall have the authority to implement these changes prior to completion of any regulatory process undertaken in order to effect such change.</p>

342.	<p>A. Area Agencies on Aging are encouraged to continue seeking funds from a variety of sources which include cost-sharing in programs where not prohibited by funding sources; private sector voluntary contributions from older persons receiving services; families of individuals receiving services; and churches, service groups and other organizations. Such appropriations shall not be included in the appropriations used to match Older Americans Act funding. Revenue generated as a result of these projects shall be retained by the participating area agencies for use in meeting critical care needs of older Virginians. These revenues shall supplement, not supplant, general fund resources.</p> <p>B. It is the intent of the General Assembly that all Area Agencies on Aging use any new general fund revenue, with the exception of funding provided for the Long-term Care Ombudsman program, to implement sliding fees for services. However, priority for services should be given to applicants in the greatest need, regardless of ability to pay. Revenue from fees shall be retained by the Area Agencies on Aging for use in meeting critical care needs of older Virginians. These revenues shall supplement, not supplant, general fund resources.</p> <p>C. It is the intent of the General Assembly that Older Americans Act funds and general fund moneys be targeted to services which can assist the elderly to function independently for as long as possible. Area Agencies on Aging may use general fund moneys for consumer-directed services.</p> <p>D. At the request of the Commissioner, Department for Aging and Rehabilitative Services, the Director, Department of Planning and Budget may transfer state general fund appropriations for services provided by Area Agencies on Aging between service categories. Further, each Area Agency on Aging may transfer undesignated state general fund amounts among service categories. Under no circumstances shall any funds be transferred from direct services to administration. State general fund appropriations shall be available to the area agencies on aging beginning July 1 of each year of the biennium, in compliance with the department's General Fund Cash Management Policy.</p>

Code of Virginia.				
A. The Department of Juvenile Justice shall retain all funds paid for the support of children committed to the department to be used for the security, care, and treatment of said children.				
B.1. The Director, Department of Juvenile Justice, (the “Department”) shall develop a transformation plan to provide more effective and efficient services for juveniles, using data-based decision-making, that improves outcomes and safely reduces the number of juveniles housed in state-operated juvenile correctional centers, consistent with public safety. To accomplish these objectives, the Department will provide, when appropriate, alternative placements and services for juveniles committed to the Department that offer treatment, supervision and programs that meet the levels of risk and need, as identified by the Department's risk and needs assessment instruments, for each juvenile placed in such placements or programs. Prior to implementation, the plan shall be approved by the Secretary of Public Safety and Homeland Security.				
2. The Department shall reallocate any savings from the reduced cost of operating state juvenile correctional centers to support the goals of the transformation plan including, but not limited to: (a) increasing the number of male and female local placement options, and post-dispositional treatment programs and services; (b) ensuring that appropriate placements and treatment programs are available across all regions of the Commonwealth; and (c) providing appropriate levels of educational, career readiness, rehabilitative, and mental health services for these juveniles in state, regional, or local programs and facilities, including but not limited to, community placement programs, independent living programs, and group homes. The goals of such transformation services shall be to reduce the risks for reoffending for juveniles supervised or committed to the Department and to improve and promote the skills and resiliencies necessary for the juveniles to lead successful lives in their communities.				
3. No later than November 1 of each year, the Department of Juvenile Justice shall provide a report to the Governor, the Chairmen of the House Appropriations and Senate Finance Committees, the Secretary of Public Safety and Homeland Security and the Director, Department of Planning and Budget, assessing the impact and results of the transformation plan and its related actions. The report shall include, but is not limited to, assessing juvenile offender recidivism rates, fiscal and operational impact on detention homes; changes (if any) in commitment orders by the courts; and use of the savings redirected as a result of transformation, including the amount expended for contracted programs and treatment services, including the number of juveniles receiving each specific service. The report should also include the average length of stay for juveniles in each placement option.				
4. The Director, Department of Planning and Budget, is authorized to transfer appropriations between items and programs within the Department of Juvenile Justice to reallocate any savings achieved through transformation to accomplish the goals of transformation.				
5. If the Department of Juvenile Justice deems it necessary, due to facility population decline, efficient use of resources, and the need to further reduce recidivism, to close a state juvenile correctional center, the Department shall (i) work cooperatively with the affected localities to minimize the effect of the closure on those communities and their residents, and (ii) implement a general closure plan, preferably not less than 12 months from announcement of the closure, to create opportunities to place affected state employees in existing departmental vacancies, assist affected employees with placement in other state agencies, create training opportunities for affected employees to increase their qualifications for additional positions, and safely reduce the population of the facility facing closure, consistent with public safety.				
<i>C.1. Included in the appropriation for this Item is \$225,059 in the first year and \$1,500,000 in the second year from the general fund for security camera upgrades, external lighting, walk-through detection system, perimeter fencing upgrades, and a man-down communication system to enhance security at the Bon Air Juvenile Correctional Center.</i>				
<i>2. In procuring any new security systems or components for the existing facility at Bon Air from such funds available in this Item, the Department shall consider ways to reuse the system procured in a future facility. To that end, the Department shall work with the Department of General Services to plan for reuse of a previously acquired security system in any future new facility constructed, to the extent feasible.</i>

Authority: Title 2.2, Chapter 2, Article 10, § 2.2-201, and Titles 33, 46, and 58, Code of Virginia.

A. The transportation policy goals enumerated in this act shall be implemented by the Secretary of Transportation, including the secretary acting as Chairman of the Commonwealth Transportation Board.

1. The maintenance of existing transportation assets to ensure the safety of the public shall be the first priority in budgeting, allocation, and spending. The highway share of the Transportation Trust Fund shall be used for highway maintenance and operation purposes prior to its availability for new development, acquisition, and construction.

2. It is in the interest of the Commonwealth to have an efficient and cost-effective transportation system that promotes economic development and all modes of transportation, intermodal connectivity, environmental quality, accessibility for people and freight, and transportation safety. The planning, development, construction, and operations of Virginia's transportation facilities will reflect this goal.

3. To the greatest extent possible, the appropriation of transportation revenues shall reflect planned spending of such revenues by agency and by program.

B. The maximization of all federal transportation funds available to the Commonwealth shall be paramount in the budgetary, spending, and allocation processes.

1. Notwithstanding any provision of law to the contrary, the secretary and all agencies within the transportation secretariat are hereby authorized to take all actions necessary to ensure that federal transportation funds are allocated and utilized for the maximum benefit of the Commonwealth, whether such actions or funds or both are authorized under P.L. 114-94 of the 114th Congress, or any successor or related federal transportation legislation, or regulation, rule, or guidance issued by the U.S. Department of Transportation or any federal agency. The secretary and agencies within the transportation secretariat shall utilize, to the maximum extent practicable, the flexibility provided in federal law, regulation, rule, or guidance to use federal funds in a manner consistent with the Code of Virginia. However, neither the secretary nor an agency in the transportation secretariat may materially delay a project selected pursuant to § 33.2-214.1, Code of Virginia, under the authority in this paragraph.

2. The secretary shall ensure that the allocation of transportation funds apportioned and for which obligation authority is expected to be available under federal law shall be in accordance with such laws and in support of the transportation policy goals enumerated in section A. of this Item. Furthermore, the secretary is authorized to take all actions necessary to allocate the required match for federal highway funds to ensure their appropriate and timely obligation and expenditure within the fiscal constraints of state transportation revenues and in support of the efforts addressed in B.1. By June 1 of each year, the secretary, as Chairman of the Board, shall report to the Governor and General Assembly on the allocation of such federal transportation funds and the actions taken to provide the required match.

3. The board shall only make allocations providing the required match for federal Regional Surface Transportation Block Grant Program funds to those Metropolitan Planning Organizations in urbanized areas greater than 200,000 that, in consultation with the Office of Intermodal Planning and Investment, have developed regional transportation and land use performance measures pursuant to Chapters 670 and 690 of the 2009 Acts of Assembly and have been approved by the board.

Such funds shall be federally obligated within 12 months of their allocation by the board and expended within 36 months of such obligation. If the requirements included in this paragraph are not met by such agency or recipient, then the board shall use such federal funds for any other project eligible under 23 USC 149.				
5. Funds made available to the Metropolitan Planning Organizations known as the Regional Surface Transportation Block Grant Program for urbanized areas greater than 200,000 shall be federally obligated within 12 months of their allocation by the board and expended within 36 months of such obligation. 7. Federal transportation funds as well as the required state matching funds may be allocated by the Commonwealth Transportation Board for transit purposes under the same rules and conditions authorized by federal law in a manner consistent with the Code of Virginia. The Commonwealth Transportation Board, in consultation with the appropriate local and regional entities, may allocate state revenues to local and regional public transit operators, for operating and/or capital purposes.

If a regional area (or areas) of the Commonwealth is determined to be not in compliance with Clean Air Act rules regarding conformity and as a result federal and/or state allocations, apportionments or obligations cannot be used to fund or support transportation projects or programs in that area, such funds may be used to finance demand management, conformity, and congestion mitigation projects to the extent allowed by federal law. Any remaining amount of such allocations, apportionments, or obligations shall be set aside to the extent possible under law for use in that regional area.				
9. Appropriations in this act related to federal revenues outlined in this section may be adjusted by the Director, Department of Planning and Budget, upon request from the Secretary of Transportation, as needed to utilize and allocate additional federal funds that may become available.

3. The office shall work directly with affected Metropolitan Planning Organizations to develop and implement quantifiable and achievable goals relating to congestion reduction and safety, transit and HOV usage, job/housing ratios, job and housing access to transit and pedestrian facilities, air quality, and/or per-capita capital vehicle miles traveled pursuant to Chapters 670 and 690 of the 2009 Acts of Assembly.

A. The standards upon which the public institutions of higher education are deemed certified to receive the payment of interest earnings from the tuition and fees and other nongeneral fund Educational and General revenues shall be based upon the standards provided in § 4-9.01 of this act, as approved by the General Assembly.

B. The estimated interest earnings and other revenues shall be distributed to those specific public institutions of higher education that have been certified by the State Council of Higher Education for Virginia as having met the standards provided in § 4-9.01 of this act, based on the distribution methodology developed pursuant to Chapter 933, Enactment 2, Acts of Assembly of 2005 and reported to the Chairmen of the House Appropriations Committee and Senate Finance Committee.

C. In accordance with § 2.2-5004 and 5005, Code of Virginia, this Item provides \$4,573,395 the first year and \$4,573,395 the second year from the general fund, and \$3,525,816 from nongeneral funds in the first year and \$3,525,816 from nongeneral funds in the second year for the estimated total payment to individual institutions of higher education of the interest earned on tuition and fees and other nongeneral fund Education and General Revenues deposited to the state treasury. By October 15, or as soon thereafter as deemed appropriate, following the year of certification, the Comptroller shall reimburse each institution its estimated pro rata share.

E. Once actual financial data from the year of certification are available, the State Comptroller and the Director, Department of Planning and Budget, shall compare the actual data with estimates used to determine the distribution of the interest earnings, nongeneral fund Educational and General revenues, and the pro rata amounts to the certified institutions of higher education. In those cases where variances exist, the Governor shall include in his next introduced budget bill recommended appropriations to make whatever adjustments to each institution's distributed amount to ensure that each institution's incentive payments are accurate based on actual financial data.

PART 2: CAPITAL PROJECT EXPENSES

§ 2-0. GENERAL CONDITIONS

A.1. The General Assembly hereby authorizes the capital projects listed in this act. The amounts hereinafter set forth are appropriated to the state agencies named for the indicated capital projects. Amounts so appropriated and amounts reappropriated pursuant to paragraph G. of this section shall be available for expenditure during the current biennium, subject to the conditions controlling the expenditures of capital project funds as provided by law. Reappropriated amounts, unless otherwise stated, are limited to the unexpended appropriation balances at the close of the previous biennium, as shown by the records of the Department of Accounts.

2. The Director, Department of Planning and Budget, may transfer appropriations listed in Part 2 of this act from the second year to the first year in accordance with § 4-1.03 c.5. of this act.

B. The five-digit number following the title of a project is the code identification number assigned for the life of the project.

C. Except as herein otherwise expressly provided, appropriations or reappropriations for structures may be used for the purchase of equipment to be used in the structures for which the funds are provided, subject to guidelines prescribed by the Governor.

D. Notwithstanding any other provisions of law, appropriations for capital projects shall be subject to the following:

1. Appropriations or reappropriations of funds made pursuant to this act for planning of capital projects shall not constitute implied approval of construction funds in a future biennium. Funds, other than the reappropriations referred to above, for the preparation of capital project proposals must come from the affected agency's existing resources.

2. No capital project for which appropriations for planning are contained in this act, nor any project for which appropriations for planning have been previously approved, shall be considered for construction funds until preliminary plans and cost estimates are reviewed by the Department of General Services. The purpose of this review is to avoid unnecessary expenditures for each project, in the interest of assuring the overall cost of the project is reasonable in relation to the purpose intended, regardless of discrete design choices.

E.1. Expenditures from Items in this act identified as "Maintenance Reserve" are to be made only for the maintenance of property, plant, and equipment as defined in § 4-4.01 c. of this act to the extent that funds included in the appropriation to the agency for this purpose in Part 1 of this act are insufficient.

2. Agencies and institutions of higher education can expend up to \$2,000,000 for a single repair or project, and up to \$4,000,000 for a roof replacement project, through the maintenance reserve appropriation. Such expenditures shall be subject to rules and regulations prescribed by the Governor. To the extent an agency or institution of higher education has identified a potential project that exceeds this threshold, the Director, Department of Planning and Budget, can provide exemptions to the threshold as long as the project still meets the definition of a maintenance reserve project as defined by the Department of Planning and Budget.

3. Only facilities supported wholly or in part by the general fund shall utilize general fund maintenance reserve appropriations. Facilities supported entirely by nongeneral funds shall accomplish maintenance through the use of nongeneral funds.

F. Conditions Applicable to Bond Projects

1. The capital projects listed in §§ 2-26 and 2-27 for the indicated agencies and institutions of higher education are hereby authorized and sums from the sources and in the amount indicated are hereby appropriated and reappropriated. The issuance of bonds in a principal amount plus amounts needed to fund issuance costs, reserve funds, and other financing expenses, including capitalized interest for any project listed in §§ 2-26 and 2-27 is hereby authorized.

2. The issuance of bonds for any project listed in § 2-26 is to be separately authorized pursuant to Article X, Section 9 (c), Constitution of Virginia.

3. The issuance of bonds for any project listed in §§ 2-26 or 2-27 shall be authorized pursuant to § 23.1-1106, Code of Virginia.

4. In the event that the cost of any capital project listed in §§ 2-26 and 2-27 shall exceed the amount appropriated therefore, the Director, Department of Planning and Budget, is hereby authorized, upon request of the affected institution, to approve an increase in appropriation authority of not more than ten percent of the amount designated in §§ 2-26 and 2-27 for such project, from any available nongeneral fund revenues, provided that such increase shall not constitute an increase in debt issuance authorization for such capital project. Furthermore, the Director, Department of Planning and Budget, is hereby authorized to approve the expenditure of all interest earnings derived from the investment of bond proceeds in addition to the amount designated in §§ 2-26 and 2-27 for such capital project.

Item Details(\$)		Appropriations(\$)	
First Year FY2021	Second Year FY2022	First Year FY2021	Second Year FY2022

5. The interest on bonds to be issued for these projects may be subject to inclusion in gross income for federal income tax purposes.

6. Inclusion of a project in this act does not imply a commitment of state funds for temporary construction financing. In the absence of such commitment, the institution may be responsible for securing short-term financing and covering the costs from other sources of funds.

7. In the event that the Treasury Board determines not to finance all or any portion of any project listed in § 2-26 of this act with the issuance of bonds pursuant to Article X, Section 9 (c), Constitution of Virginia, and notwithstanding any provision of law to the contrary, this act shall constitute the approval of the General Assembly to finance all or such portion of such project under the authorization of § 2-27 of this act.

8. The General Assembly further declares and directs that, notwithstanding any other provision of law to the contrary, 50 percent of the proceeds from the sale of surplus real property pursuant to § 2.2-1147 et seq., Code of Virginia, which pertain to the general fund, and which were under the control of an institution of higher education prior to the sale, shall be deposited in a special fund set up on the books of the State Comptroller, which shall be known as the Higher Education Capital Projects Fund. Such sums shall be held in reserve, and may be used, upon appropriation, to pay debt service on bonds for the 21st Century College Program as authorized in Item C-7.10 of Chapter 924 of the Acts of Assembly of 1997.

9. Notwithstanding any other provision of law, a public institution of higher education may participate in the United States Department of Education Historically Black College and University Capital Financing Program (HBCU Program), and use federal grant and contract funds as permitted by the Program.

G. Upon certification by the Director, Department of Planning and Budget, there is hereby reappropriated the appropriations unexpended at the close of the previous biennium for all authorized capital projects which meet any of the following conditions:

1. Construction is in progress.
2. Equipment purchases have been authorized by the Governor but not received.
3. Plans and specifications have been authorized by the Governor but not completed.
4. Obligations were outstanding at the end of the previous biennium.

Pursuant to projects authorized and funded in paragraphs B. and E.1. of Item C-39.40 of Chapter 1 of the 2014 Special Session I, Virginia Acts of Assembly, the General Assembly appropriated funds to the Department of General Services (DGS) for Capitol Complex Infrastructure and Security construction projects. Project work includes improvements and safety and security enhancements to be constructed or installed within the right-of-way of North 9th Street (between the area north of where Bank Street intersects North 9th Street and south of where North 9th Street intersects East Broad Street) and within the right-of-way of East Broad Street (between the area from where the western right-of-way line of North 9th Street intersects East Broad Street to where the eastern right-of-way line of Governor Street intersects East Broad Street), which rights-of-way are owned by the City of Richmond (City), and more specifically as determined by the DGS project team and in collaboration with the City with respect to such rights-of-way. referenced construction project work and incorporation of safety and security enhancements at and along North 9th Street and East Broad Street, (ii) to relocate any utilities located in the agreed upon easement area, if necessary, and (iii) to coordinate any closure or other traffic flow controls of North 9th Street and East Broad Street during the performance of the construction projects and the incorporation of any safety and security features that will enhance safety and security around the perimeter of Capitol Square. B. Pursuant to projects authorized and funded in paragraph E.1. of Item C-39.40 of Chapter 1 of the Acts of Assembly of 2014, operations of the Virginia General Assembly have temporarily moved and now operate from the Pocahontas Building bounded by the following streets 9th to the west, 10th to the east, Bank to the north, and Main to the south in the City of Richmond. This temporary move has resulted in the Commonwealth's legislative activities to be concentrated in an area requiring traffic and pedestrian operational safety and security enhancements. As such, and pursuant to the responsibilities of the Department of General Services (DGS) (§ 2.2-1129) and the Division of Capitol Police (DCP) (§ 30-34.2:1), Bank Street from 9th to 12th Street in the City of Richmond shall be controlled by the DGS and the DCP. Vehicular travel limitations and pedestrian management needs on and along Bank Street shall be determined jointly by the DGS and the DCP. These determinations will be based on the recommendations outlined in the Bank Street Safety and Security Assessment prepared by Commonwealth Architects dated February 15, 2017 (the Assessment). Funding for materials and contract services needed to address pedestrian and vehicle management activities are available to DGS from the Chapter referenced in this item.

§ 3-5.15 PROVIDER COVERAGE ASSESSMENT

A. The Department of Medical Assistance Services (DMAS) is authorized to levy an assessment upon private acute care hospitals operating in Virginia in accordance with this Item. Private acute care hospitals operating in Virginia shall pay a coverage assessment beginning on or after October 1, 2018. For the purposes of this coverage assessment, the definition of private acute care hospitals shall exclude public hospitals, freestanding psychiatric and rehabilitation hospitals, children's hospitals, long stay hospitals, long-term acute care hospitals and critical access hospitals.

B.1. The coverage assessment shall be used only to cover the non-federal share of the "full cost of expanded Medicaid coverage" for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act, including the administrative costs of collecting the coverage assessment and implementing and operating the coverage for newly eligible adults which includes the costs of administering the provisions of the Section 1115 waiver.

2.a. The "full cost of expanded Medicaid coverage" shall include: 1) any and all Medicaid expenditures related to individuals eligible for Medicaid pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act, including any federal actions or repayments; and, 2) all administrative costs associated with providing coverage, which includes the costs of administering the provisions of the Section 1115 waiver, and collecting the coverage assessment.

b. The "full cost of expanded Medicaid coverage" shall be updated: 1) on November 1 of each year based on the official Medicaid forecast and latest administrative cost estimates developed by DMAS; 2) no more than 30 days after the enactment of this Act to reflect policy changes adopted by the latest session of the General Assembly; and 3) on March 1 of any year in which DMAS estimates that the most recent non-federal share of the "full cost of expanded Medicaid coverage" times 1.08 will be insufficient to pay all expenses in 2.a. for that year.

C.1. The "coverage assessment amount" shall equal the non-federal share of the "full cost of expanded Medicaid coverage" times ~~1.08~~ 1.02.

2. The "coverage assessment percentage" shall be calculated quarterly by dividing (i) the "coverage assessment amount" by (ii) the total "net patient service revenue" for hospitals subject to the assessment. The coverage assessment amount used in the quarterly calculation of the "coverage assessment percentage" shall include a reconciliation of the Health Care Coverage Assessment Fund prescribed in D.1 and subtract all prior quarterly assessments paid for that fiscal year before dividing the remainder by the remaining quarters in the fiscal year.

3. Each hospital's "net patient service revenue" equals the amount reported in the most recent Virginia Health Information (VHI) "Hospital Detail Report." Hospitals shall certify that the net patient service revenue is hospital revenue and this amount shall be the assessment basis for the following fiscal year.

4. Each hospital's coverage assessment amount shall be calculated by multiplying the quarterly "coverage assessment percentage" times each hospital's net patient service revenue.

D.1. DMAS shall, at a minimum, update the "coverage assessment amount" whenever the "full cost of expanded Medicaid coverage" is updated in section B.2.b or to ensure amounts are sufficient to cover the full cost of expanded Medicaid coverage based on the latest estimate. Hospitals shall be given no less than 15 days' notice prior to the beginning of the quarter with associated calculations supporting the change in its coverage assessment amount. Prior to any change to the coverage assessment amount, DMAS shall perform and incorporate a reconciliation of the Health Care Coverage Assessment Fund through the most recent complete quarter. Any estimated excess or shortfall of revenue shall be deducted from or added to the "coverage assessment amount."

2. DMAS shall be responsible for collecting the coverage assessment amount. Hospitals subject to the coverage assessment shall make quarterly payments due no later than July 1, October 1, January 1 and April 1 of each state fiscal year.

3. Hospitals that fail to make the coverage assessment payments within 30 days of the due date shall incur a five percent

penalty that shall be deposited in the Virginia Health Care Fund. Any unpaid coverage assessment or penalty will be considered a debt to the Commonwealth and DMAS is authorized to recover it as such.

E. DMAS shall submit a report, due September 1 of each year, to the Director, Department of Planning and Budget and Chairmen of the House Appropriations and Senate Finance Committees, and the Virginia Hospital and Healthcare Association. The report shall include, for the most recently completed fiscal year, the revenue collected from the coverage assessment, expenditures for purposes authorized by this Item, and the year-end coverage assessment balance in the Health Care Coverage Assessment Fund. The report shall also include a complete and itemized listing of all administrative costs included in the coverage assessment.

F. All revenue from the coverage assessment excluding penalties, shall be deposited into the Health Care Coverage Assessment Fund. Proceeds from the coverage assessment, excluding penalties, shall not be used for any other purpose than to cover the non-federal share of the full cost of expanded Medicaid coverage. Notwithstanding any other provision of law, the net state share of any prior year recovery of Medicaid expansion costs that were paid with coverage assessment revenue shall be deposited into the Health Care Coverage Assessment Fund.

G. Any provision of this Item is contingent upon approval by the Centers for Medicare and Medicaid Services if necessary.

H. The Hospital Payment Policy Advisory Council shall meet to consider the implementation and provisions of the Provider Coverage and Payment Rate Assessments in order to consider and make recommendations to ensure the collection and use of such funds are appropriate and consistent with the intent of the General Assembly. Specifically, the Council shall consider the level of detail and format necessary to develop the report pursuant to paragraph E. The Council shall recommend a format and associated level of detail, to be included in the report to the Joint Subcommittee for Health and Human Resources Oversight. The Joint Subcommittee shall approve the final format and associated level of detail of the report to be submitted by the Department of Medical Assistance Services.

§ 3-5.16 PROVIDER PAYMENT RATE ASSESSMENT

A. The Department of Medical Assistance Services (DMAS) is hereby authorized to levy a payment rate assessment upon private acute care hospitals operating in Virginia in accordance with this item. Private acute care hospitals operating in Virginia shall pay a payment rate assessment beginning on or after October 1, 2018 when all necessary state plan amendments are approved by the Centers for Medicare and Medicaid Services (CMS). For purposes of this assessment, the definition of private acute care hospitals shall exclude public hospitals, freestanding psychiatric and rehabilitation hospitals, children's hospitals, long stay hospitals, long-term acute care hospitals and critical access hospitals.

B. Proceeds from the payment rate assessment shall be used to (i) fund an increase in inpatient and outpatient payment rates paid to private acute care hospitals operating in Virginia up to the "upper payment limit gap"; and (ii) fill the "managed care organization hospital payment gap" for care provided to recipients of medical assistance services. Payments made under the provisions i and ii of this paragraph shall be referred to as "private acute care hospital enhanced payments".

C.1. The Department of Medical Assistance Services (DMAS) shall calculate each hospital's "payment rate assessment amount" by multiplying the "payment rate assessment percentage" times "net patient service revenue" as defined below.

2. The "payment rate assessment percentage" for hospitals shall be calculated as (i) the non-federal share of funding the "private acute care hospitals enhanced payments" divided by (ii) the total "net patient service revenue" for hospitals subject to the assessment.

3. Each hospital's "net patient service revenue" equals the amount reported in the most recent Virginia Health Information (VHI) "Hospital Detail Report." Hospitals shall certify that the net patient service revenue is hospital revenue and this amount shall be the assessment basis for the following fiscal year.

D. DMAS is authorized to update the payment rate assessment amount and payment rate assessment percentage on a quarterly basis to ensure amounts are sufficient to cover the non-federal share of the full cost of the private acute care hospital enhanced payments based on the department's quarterly claims and encounter data. Hospitals shall be given no less than 15 days prior notice of the new assessment amount and be provided with calculations. Prior to any change to the payment rate assessment amount, DMAS shall perform and incorporate a reconciliation of the Health Care Provider Payment Rate Assessment Fund. Any estimated excess or shortfall of revenue since the previous reconciliation shall be deducted from or added to the calculation of the private acute care hospital enhanced payments.

E.1. The "upper payment limit" means the limit on payment for inpatient services for recipients of medical assistance established in accordance with 42 C.F.R. § 447.272 and outpatient services for recipients of medical assistance pursuant to 42 C.F.R. § 447.321 for private hospitals. DMAS shall complete a calculation of the "upper payment limit" for each state fiscal year with a detailed analysis of how it was determined. The "upper payment limit payment gap" means the difference between the amount of the private hospital upper payment limit and the amount otherwise paid pursuant to the state plan for inpatient and outpatient services. The "managed care organization hospital payment gap" means the difference between the amount included in the capitation rates for inpatient and outpatient services based on historical paid claims and the amount that would be included when the projected hospital services furnished by private acute care hospitals operating in Virginia are priced for the contract year equivalent to the upper payment limit

the maximum managed care directed payment amount as allowed by CMS subject to CMS approval under 42 C.F.R. section 438.6(c). As part of the development of the managed care capitation rates, the DMAS shall calculate a "Medicaid managed care organization (MCO) supplemental hospital capitation payment adjustment". This is a distinct additional amount that shall be added to Medicaid MCO capitation rates to fund supplemental payments under this section to private acute care hospitals operating in Virginia for services to Medicaid recipients.

2. DMAS shall contractually direct Medicaid MCOs to disburse supplemental hospital capitation payment funds consistent with this section and 42 C.F.R. § 438.6(c), to ensure that all such funds are disbursed to private acute care hospitals operating in Virginia. In addition, DMAS shall contractually prohibit MCOs from making reductions to or supplanting hospital payments otherwise paid by MCOs.

3. DMAS shall make available quarterly a report of the additional capitation payments that are made to each MCO pursuant to this item. Further, DMAS shall consider recommendations of the Medicaid Hospital Payment Policy and Advisory Council in designing and implementing the specific elements of the payment rate assessment and private acute care hospital supplemental payment program authorized by this item.

F.1. DMAS shall be responsible for collecting the payment rate assessment amount. Hospitals subject to the payment rate assessment shall make quarterly payments due no later than August 15, November 15, February 15 and May 15 of each state fiscal year.

2. Hospitals that fail to make the payment rate assessment payments on or before the due date in subsection F.1. shall incur a five percent penalty that shall be deposited in the Virginia Health Care Fund. Any unpaid payment assessment or penalty will be considered a debt to the Commonwealth and DMAS is authorized to recover it as such.

G. DMAS shall submit a report due September 1 of each year to the Director, Department of Planning and Budget and Chairmen of the House Appropriations and Senate Finance Committees. The report shall include, for the most recently completed fiscal year, the revenue collected from the payment rate assessment, expenditures for purposes authorized by this item, and the year-end assessment balance in the Health Care Provider Payment Rate Assessment Fund.

H. All revenue from the payment rate assessment shall be deposited into the Health Care Provider Payment Rate Assessment Fund, a special non-reverting fund in the state treasury. Proceeds from the payment rate assessment, excluding penalties, shall not be used for any other purpose than to fund (i) an increase in inpatient and outpatient payment rates paid to private acute care hospitals operating in Virginia up to the private hospital "upper payment limit" and "managed care organization hospital payment gap" for care provided to recipients of medical assistance services, and (ii) the administrative costs of collecting the assessment and of implementing and operating the associated payment rate actions.

I. Any provision of this Section is contingent upon approval by the Centers for Medicare and Medicaid Services if necessary.

§ 3-5.23 CORPORATE INCOME TAX INFORMATIONAL REPORTING

A.1. Corporations that are members of a unitary business must file a report, in a manner prescribed by the Tax Commissioner, for the unitary combined group containing the unitary combined net income of such group. The report shall be based on taxable year 2019 computations and include, at a minimum the difference in tax owed as a result of filing a unitary combined report, computed according to the method or methods specified by the Tax Commissioner, compared to the tax owed under the current filing requirements.

2. "Unitary business" means a single economic enterprise made up either of separate parts of a single business entity or of a commonly controlled group of business entities that are sufficiently interdependent, integrated, and interrelated through their activities so as to provide a synergy and mutual benefit that produces a sharing or exchange of value among them and a significant flow of value to the separate parts. A "unitary business" includes that part of the business that meets the definition in this section and

is conducted by a taxpayer through the taxpayer's interest in a partnership, whether the interest in that partnership is held directly or indirectly through a series of partnerships or other pass-through entities. A "unitary business" shall not include persons subject to, or that would be subject to if doing business in the Commonwealth, the insurance premiums license tax under Chapter 25 (§ 58.1-2500 et seq.), Code of Virginia, or the bank franchise tax under Chapter 12 (§ 58.1-1200 et seq.)

If a foreign corporation is includible as a member in the unitary combined group, to the extent that such foreign corporation's income is subject to the provisions of a federal income tax treaty, such income is not includible in the unitary combined group net income. Such member shall also not include in the unitary combined report any expenses or apportionment factors attributable to income that is subject to the provisions of a federal income tax treaty. For purposes of this paragraph, "federal income tax treaty" means a comprehensive income tax treaty between the United States and a foreign jurisdiction, other than a foreign jurisdiction which the organization for economic co-operation and development has determined has not committed to the internationally agreed tax standard, or has committed to the international agreed tax standard but has not yet substantially implemented that standard, as identified in the then-current organization for economic co-operation and development progress report.*

B. *Any corporation required to submit such report to the Department of Taxation that fails to do so on or before July 1, 2021, or that makes a material omission or misstatement in connection with such report shall be subject to a penalty of \$10,000. The Tax Commissioner shall have the authority to waive such penalty upon a determination that the requirement would cause an undue hardship. All requests for waiver shall be transmitted to the Tax Commissioner in writing.*

C. *The Tax Commissioner shall on or before December 1, 2021, based on the information provided in income tax returns and the data submitted under this section, submit a report to the Chair of the Senate Finance and Appropriations Committee, the Chair of the House Appropriations Committee, and the Chair of the House Finance Committee.*

§ 4-1.00 APPROPRIATIONS

§ 4-1.01 PREREQUISITES FOR PAYMENT

- a. The State Comptroller shall not pay any money out of the state treasury except pursuant to appropriations in this act or in any other act of the General Assembly making an appropriation during the current biennium.
- b. Moneys shall be spent solely for the purposes for which they were appropriated by the General Assembly, except as specifically provided otherwise by § 4-1.03 Appropriation Transfers, § 4-4.01 Capital Projects, or § 4-5.01 a. Settlement of Claims with Individuals. Should the Governor find that moneys are not being spent in accordance with provisions of the act appropriating them, he shall restrain the State Comptroller from making further disbursements, in whole or in part, from said appropriations. Further, should the Auditor of Public Accounts determine that a state or other agency is not spending moneys in accordance with provisions of the act appropriating them, he shall so advise the Governor or other governing authority, the State Comptroller, the Chairman of the Joint Legislative Audit and Review Commission, and Chairmen of the Senate Finance and House Appropriations Committees.
- c. Exclusive of revenues paid into the general fund of the state treasury, all revenues earned or collected by an agency, and contained in an appropriation item to the agency shall be expended first during the fiscal year, prior to the expenditure of any general fund appropriation within that appropriation item, unless prohibited by statute or by the terms and conditions of any gift, grant or donation.

§ 4-1.02 WITHHOLDING OF SPENDING AUTHORITY

- a. For purposes of this subsection, withholding of spending authority is defined as any action pursuant to a budget reduction plan approved by the Governor to address a declared shortfall in budgeted revenue that impedes or limits the ability to spend appropriated moneys, regardless of the mechanism used to effect such withholding.
 - b.1. Changed Expenditure Factors: The Governor is authorized to reduce spending authority, by withholding allotments of appropriations, when expenditure factors, such as enrollments or population in institutions, are smaller than the estimates upon which the appropriation was based. Moneys generated from the withholding action shall not be reallocated for any other purpose, provided the withholding of allotments of appropriations under this provision shall not occur until at least 15 days after the Governor has transmitted a statement of changed factors and intent to withhold moneys to the Chairmen of the House Appropriations and Senate Finance Committees.
2. Moneys shall not be withheld on the basis of reorganization plans or program evaluations until such plans or evaluations have been specifically presented in writing to the General Assembly at its next regularly scheduled session.
- c. Increased Nongeneral Fund Revenue:
 1. General fund appropriations to any state agency for operating expenses are supplemental to nongeneral fund revenues collected by the agency. To the extent that nongeneral fund revenues collected in a fiscal year exceed the estimate on which the operating budget was based, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an equivalent amount. However, this limitation shall not apply to (a) restricted excess tuition and fees for educational and general programs in the institutions of higher education, as defined in § 4-2.01 c of this act; (b) appropriations to institutions of higher education designated for fellowships, scholarships and loans; (c) gifts or grants which are made to any state agency for the direct costs of a stipulated project; (d) appropriations to institutions for the mentally ill or intellectually disabled payable from the Behavioral Health and Developmental Services Revenue Fund; and (e) general fund appropriations for highway construction and mass transit. Moneys unallotted under this provision shall not be reallocated for any other purpose.
 2. To the degree that new or additional grant funds become available to supplement general fund appropriations for a program, following enactment of an appropriation act, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an amount equivalent to that provided from grant funds, unless such action is prohibited by the original provider of the grant funds. The withholding action shall not include general fund appropriations, which are required to match grant funds. Moneys unallotted under this provision shall not be reallocated for any other purpose.
- d. Reduced General Fund Resources:
 1. The term "general fund resources" as applied in this subsection includes revenues collected and paid into the general fund of the state treasury during the current biennium, transfers to the general fund of the state treasury during the current biennium, and all unexpended balances brought forward from the previous biennium.
 2. In the event that general fund resources are estimated by the Governor to be insufficient to pay in full all general fund appropriations authorized by the General Assembly, the Governor shall, subject to the qualifications herein contained, withhold

general fund spending authority, by withholding allotments of appropriations, to prevent any expenditure in excess of the estimated general fund resources available.

3. In making this determination, the Governor shall take into account actual general fund revenue collections for the current fiscal year and the results of a formal written re-estimate of general fund revenues for the current and next biennium, prepared within the previous 90 days, in accordance with the process specified in § 2.2-1503, Code of Virginia. Said re-estimate of general fund revenues shall be communicated to the Chairmen of the Senate Finance, House Appropriations and House Finance Committees, prior to taking action to reduce general fund allotments of appropriations on account of reduced resources.

4.a) In addition to monthly reports on the status of revenue collections relative to the current fiscal year's estimate, the Governor shall provide a written quarterly assessment of the current economic outlook for the remainder of the fiscal year to the Chairmen of the House Appropriations, House Finance, and Senate Finance Committees.

b) Within five business days after the preliminary close of the state accounts at the end of the fiscal year, the State Comptroller shall provide the Governor with the actual total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes for the just-completed fiscal year, with a comparison of such actual totals with the total of such taxes in the official budget estimate for that fiscal year. If that comparison indicates that the total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes, as shown on the preliminary close, was one percent or more below the amount of such taxes in the official budget estimate for the just-completed fiscal year, the Governor shall prepare a written re-estimate of general fund revenues for the current biennium and the next biennium in accordance with § 2.2-1503, Code of Virginia, to be reported to the Chairmen of the Senate Finance, House Finance and House Appropriations Committees, not later than September 1 following the close of the fiscal year.

5.a) The Governor shall take no action to withhold allotments until a written plan detailing specific reduction actions approved by the Governor, identified by program and appropriation item, has been presented to the Chairmen of the House Appropriations and Senate Finance Committees. Subsequent modifications to the approved reduction plan also must be submitted to the Chairmen of the House Appropriations and Senate Finance Committees, prior to withholding allotments of appropriations.

b) In addition to the budget reduction plan approved by the Governor, all budget reduction proposals submitted by state agencies to the Governor or the Governor's staff, including but not limited to the Department of Planning and Budget, the Governor's Cabinet secretaries, or the Chief of Staff, whether submitted electronically or otherwise, shall be made available via electronic means to the Chairmen of the House Appropriations and Senate Finance Committees concurrently with that budget reduction plan.

6. In effecting the reduction of expenditures, the Governor shall not withhold allotments of appropriations for:

a) More than 15 percent cumulatively of the annual general fund appropriation contained in this act for operating expenses of any one state or nonstate agency or institution designated in this act by title, and the exact amount withheld, by state or nonstate agency or institution, shall be reported within five calendar days to the Chairmen of the Senate Finance and House Appropriations Committees. State agencies providing funds directly to grantees named in this act shall not apportion a larger cut to the grantee than the proportional cut apportioned to the agency. Without regard to § 4-5.05 b.4. of this act, the remaining appropriation to the grantee which is not subject to the cut, equal to at least 85 percent of the annual appropriation, shall be made by July 31, or in two equal installments, one payable by July 31 and the other payable by December 31, if the remaining appropriation is less than or equal to \$500,000, except in cases where the normal conditions of the grant dictate a different payment schedule.

b) The payment of principal and interest on the bonded debt or other bonded obligations of the Commonwealth, its agencies and its authorities, or for payment of a legally authorized deficit.

c) The payments for care of graves of Confederate and historical African American dead.

d) The employer contributions, and employer-paid member contributions, to the Social Security System, Virginia Retirement System, Judicial Retirement System, State Police Officers Retirement System, Virginia Law Officers Retirement System, Optional Retirement Plan for College and University Faculty, Optional Retirement Plan for Political Appointees, Optional Retirement Plan for Superintendents, the Volunteer Service Award Program, the Virginia Retirement System's group life insurance, sickness and disability, and retiree health care credit programs for state employees, state-supported local employees and teachers. If the Virginia Retirement System Board of Trustees approves a contribution rate for a fiscal year that is lower than the rate on which the appropriation was based, or if the United States government approves a Social Security rate that is lower than that in effect for the current budget, the Governor may withhold excess contributions. However, employer and employee paid rates or contributions for health insurance and matching deferred compensation for state employees, state-supported local employees and teachers may not be increased or decreased beyond the amounts approved by the General Assembly. Payments for the employee benefit programs listed in this paragraph may not be delayed beyond the customary billing cycles that have been established by law or policy by the governing board.

e) The payments in fulfillment of any contract awarded for the design, construction and furnishing of any state building.

f) The salary of any state officer for whom the Constitution of Virginia prohibits a change in salary.

g) The salary of any officer or employee in the Executive Department by more than two percent (irrespective of the fund source for payment of salaries and wages); however, the percentage of reduction shall be uniformly applied to all employees within the Executive Department.

h) The appropriation supported by the State Bar Fund, as authorized by § 54.1-3913, Code of Virginia, unless the supporting revenues for such appropriation are estimated to be insufficient to pay the appropriation.

7. The Governor is authorized to withhold specific allotments of appropriations by a uniform percentage, a graduated reduction or on an individual basis, or apply a combination of these actions, in effecting the authorized reduction of expenditures, up to the maximum of 15 percent, as prescribed in subdivision 6a of this subsection.

8. Each nongeneral fund appropriation shall be payable in full only to the extent the nongeneral fund revenues from which the appropriation is payable are estimated to be sufficient. The Governor is authorized to reduce allotments of nongeneral fund appropriations by the amount necessary to ensure that expenditures do not exceed the supporting revenues for such appropriations; however, the Governor shall take no action to reduce allotments of appropriations for major nongeneral fund sources on account of reduced revenues until such time as a formal written re-estimate of revenues for the current and next biennium, prepared in accordance with the process specified in § 2.2-1503, Code of Virginia, has been reported to the Chairmen of the Senate Finance, House Finance, and House Appropriations Committees. For purposes of this subsection, major nongeneral fund sources are defined as Highway Maintenance and Operating Fund and Transportation Trust Fund.

9. Notwithstanding any contrary provisions of law, the Governor is authorized to transfer to the general fund on June 30 of each year of the biennium, or within 20 days from that date, any available unexpended balances in other funds in the state treasury, subject to the following:

a) The Governor shall declare in writing to the Chairmen of the Senate Finance and House Appropriations Committees that a fiscal emergency exists which warrants the transfer of nongeneral funds to the general fund and reports the exact amount of such transfer within five calendar days of the transfer;

b) No such transfer may be made from retirement or other trust accounts, the State Bar Fund as authorized by § 54.1-3913, Code of Virginia, debt service funds, or federal funds; and

c) The Governor shall include for informative purposes, in the first biennial budget he submits subsequent to the transfer, the amount transferred from each account or fund and recommendations for restoring such amounts.

10. The Director, Department of Planning and Budget, shall make available via electronic means a report of spending authority withheld under the provisions of this subsection to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the action to withhold. Said report shall include the amount withheld by agency and appropriation item.

11. If action to withhold allotments of appropriation under this provision is inadequate to eliminate the imbalance between projected general fund resources and appropriations, the Speaker of the House of Delegates and the President pro tempore of the Senate shall be advised in writing by the Governor, so that they may consider requesting a special session of the General Assembly.

§ 4-1.03 APPROPRIATION TRANSFERS

The Director, Department of Planning and Budget, may transfer appropriations from the second year to the first year, with said transfer to be reported in writing to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the transfer, when the expenditure of such funds is required to:

b) provide for unbudgeted cost increases for statutorily required services or federally mandated services, in order to continue those services at the present level, or

c) provide for payment of overtime salaries and wages, when the obligations for payment of such overtime were incurred during a situation deemed threatening to life, safety, health, or property, or

d) provide for payments to the beneficiaries of certain public safety officers killed in the line of duty, as authorized in Title 2.2, Chapter 4, Code of Virginia and for payments to the beneficiaries of certain members of the National Guard and United States military reserves killed in action in any armed conflict on or after October 7, 2001, as authorized in § 44-93.1 B., Code of Virginia, or

e) continue a program at the present level of service or at an increased level of service when required to address unanticipated increases in workload such as enrollment, caseload or like factors, or unanticipated costs, or

f) to address unanticipated business or industrial development opportunities which will benefit the state's economy, provided that any such appropriations be used in a manner consistent with the purposes of the program as originally appropriated.

6. An appropriation transfer shall not occur except through properly executed appropriation transfer documents designed specifically for that purpose, and all transactions effecting appropriation transfers shall be entered in the state's computerized budgeting and accounting systems.

7. The Director, Department of Planning and Budget, may transfer from any other agency, appropriations to supplement any project of the Virginia Public Building Authority authorized by the General Assembly and approved by the Governor. Such capital project shall be transferred to the state agency designated as the managing agency for the Virginia Public Building Authority.

8. In the event of the transition of a city to town status pursuant to the provisions of Chapter 41 of Title 15.2 of the Code of Virginia (§ 15.2-4100 et seq.) or the consolidation of a city and a county into a single city pursuant to the provisions of Chapter 35 of Title 15.2, Code of Virginia (§ 15.2-3500 et seq.) subsequent to July 1, 1999, the provisions of § 15.2-1302 shall govern distributions from state agencies to the county in which the town is situated or to the consolidated city, and the Director, Department of Planning and Budget, is authorized to transfer appropriations or portions thereof within a state agency, or from one such agency to another, if necessary to fulfill the requirements of § 15.2-1302.

§ 4-1.04 APPROPRIATION INCREASES

a. UNAPPROPRIATED NONGENERAL FUNDS:

1. Sale of Surplus Materials:

The Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of credit resulting from the sale of surplus materials under the provisions of § 2.2-1125, Code of Virginia.

2. Insurance Recovery:

The Director, Department of Planning and Budget, shall increase the appropriation authority for any state agency by the amount of the proceeds of an insurance policy or from the State Insurance Reserve Trust Fund, for expenditures as far as may be necessary, to pay for the repair or replacement of lost, damaged or destroyed property, plant or equipment.

3. Gifts, Grants and Other Nongeneral Funds:

a) Subject to § 4-1.02 c, Increased Nongeneral Fund Revenue, and the conditions stated in this section, the Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of the proceeds of donations, gifts, grants or other nongeneral funds paid into the state treasury in excess of such appropriations during a fiscal year. Such appropriations shall be increased only when the expenditure of moneys is authorized elsewhere in this act or is required to:

- 1) address a threat to life, safety, health or property or
- 2) provide for unbudgeted increases in costs for services required by statute or services mandated by the federal government, in order to continue those services at the present level or implement compensation adjustments approved by the General Assembly, or

- 6) realize cost savings in excess of the additional funds provided, or
- 7) permit a state agency or institution to use a donation, gift or grant for the purpose intended by the donor, or
- 8) provide for cost overruns on capital projects and for capital projects authorized under § 4-4.01 m of this act, or
- 9) address caseload or workload changes in programs approved by the General Assembly.

b) The above conditions shall not apply to donations and gifts to the endowment funds of institutions of higher education.

c) Each state agency and institution shall ensure that its budget estimates include a reasonable estimate of receipts from donations, gifts or other nongeneral fund revenue. The Department of Planning and Budget shall review such estimates and verify their accuracy, as part of the budget planning and review process.

d) No obligation or expenditure shall be made from such funds until a revised operating budget request is approved by the Director, Department of Planning and Budget. Expenditures from any gift, grant or donation shall be in accordance with the purpose for which it was made; however, expenditures for property, plant or equipment, irrespective of fund source, are subject to the provisions of §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects General, and 4-5.03 b Services and Clients-New Services, of this act.

e) Nothing in this section shall exempt agencies from complying with § 4-2.01 a Solicitation and Acceptance of Donations, Gifts, Grants, and Contracts of this act.

4. Any nongeneral fund cash balance recorded on the books of the Department of Accounts as unexpended on the last day of the fiscal year may be appropriated for use in the succeeding fiscal year with the prior written approval of the Director, Department of Planning and Budget, unless the General Assembly shall have specifically provided otherwise. Revenues deposited to the Virginia Health Care Fund shall be used only as the state share of Medicaid, unless the General Assembly specifically authorizes an alternate use. With regard to the appropriation of other nongeneral fund cash balances, the Director shall make a listing of such transactions available to the public via electronic means no less than ten business days following the approval of the appropriation of any such balance.

5. Reporting:

The Director, Department of Planning and Budget, shall make available via electronic means a report on increases in unappropriated nongeneral funds in accordance with § 4-8.00, Reporting Requirements, or as modified by specific provisions in this subsection.

b. AGRIBUSINESS EQUIPMENT FOR THE DEPARTMENT OF CORRECTIONS

The Director of the Department of Planning and Budget may increase the Department of Corrections appropriation for the purchase of agribusiness equipment or the repair or construction of agribusiness facilities by an amount equal to fifty percent of any annual amounts in excess of fiscal year 1992 deposits to the general fund from agribusiness operations. It is the intent of the General Assembly that appropriation increases for the purposes specified shall not be used to reduce the general fund appropriations for the Department of Corrections.

§ 4-1.05 REVERSION OF APPROPRIATIONS AND REAPPROPRIATIONS

a. GENERAL FUND OPERATING EXPENSE:

1.a) General fund appropriations which remain unexpended on (i) the last day of the previous biennium or (ii) the last day of the first year of the current biennium, shall be reappropriated and allotted for expenditure where required by the Code of Virginia, where necessary for the payment of preexisting obligations for the purchase of goods or services, or where desirable, in the determination of the Governor, to address any of the six conditions listed in § 4-1.03 c.5 of this act or to provide financial incentives to reduce spending to effect current or future cost savings. With the exception of the unexpended general fund appropriations of agencies in the Legislative Department, the Judicial Department, the Independent Agencies, or institutions of higher education, all other such unexpended general fund appropriations unexpended on the last day of the previous biennium or the last day of the first year of the current biennium shall revert to the general fund.

b) General fund appropriations for agencies in the Legislative Department, the Judicial Department, and the Independent Agencies shall be reappropriated, except as may be specifically provided otherwise by the General Assembly. General fund appropriations shall also be reappropriated for institutions of higher education, subject to § 23.1-1002, Code of Virginia.

c) To improve the stability in institutional planning and predictability for students and families to prepare for the cost of higher education, public higher education institutions are encouraged to employ the financial management strategy of establishing an institutional reserve fund supported by any unexpended education and general appropriations of the institution at the end of the fiscal year. The establishment of such a fund is designed to foster more long-term planning, promote efficient resource utilization and reduce the need for substantial year-to-year increases in tuition, thereby increasing affordability for Virginians. Independent of the provisions of § 23.1-1001, institutions are authorized to carry over education and general unexpended balances to establish and maintain a reserve fund in an amount not to exceed six percent of their general fund appropriation for educational and general programs in the most recently-completed fiscal year. Any use of the reserve fund shall be approved by the Board of Visitors of the affected institution, and the institution shall immediately report the details of the approved plan for use of the reserve fund to the Governor, the Secretary of Education, the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance Committees. Any reserve fund shall be subject to the provisions of § 23.1-1303.B.11.

2. a. The Governor shall report within five calendar days after completing the reappropriation process to the Chairmen of the Senate Finance and House Appropriations Committees on the reappropriated amounts for each state agency in the Executive Department. He shall provide a preliminary report of reappropriation actions on or before November 1 and a final report on or before December 20 to the Chairmen of the House Appropriations and Senate Finance Committees.

b. The Director, Department of Planning and Budget, may transfer reappropriated amounts within an agency to cover nonrecurring costs.

3. Pursuant to subsection E of § 2.2-1125, Code of Virginia, the determination of compliance by an agency or institution with management standards prescribed by the Governor shall be made by the Secretary of Finance and the Secretary having jurisdiction over the agency or institution, acting jointly.

4. The general fund resources available for appropriation in the first enactment of this act include the reversion of certain unexpended balances in operating appropriations as of June 30 of the prior fiscal year, which were otherwise required to be reappropriated by language in the Appropriation Act.

5. Upon request, the Director, Department of Planning and Budget, shall provide a report to the Chairmen of the House Appropriations and Senate Finance Committees showing the amount reverted for each agency and the total amount of such reversions.

b. NONGENERAL FUND OPERATING EXPENSE:

Based on analysis by the State Comptroller, when any nongeneral fund has had no increases or decreases in fund balances for a period of 24 months, the State Comptroller shall promptly transfer and pay the balance into the fund balance of the general fund. If it is subsequently determined that an appropriate need warrants repayment of all or a portion of the amount transferred, the Director, Department of Planning and Budget shall include repayment in the next budget bill submitted to the General Assembly. This provision does not apply to funds held in trust by the Commonwealth.

c. CAPITAL PROJECTS:

1. Upon certification by the Director, Department of Planning and Budget, the State Comptroller is hereby authorized to revert to the fund balance of the general fund any portion of the unexpended general fund cash balance and corresponding appropriation or reappropriation for a capital project when the Director determines that such portion is not needed for completion of the project. The State Comptroller may similarly return to the appropriate fund source any part of the unexpended nongeneral fund cash balance and reduce any appropriation or reappropriation which the Director determines is not needed to complete the project.

2. The unexpended general fund cash balance and corresponding appropriation or reappropriation for capital projects shall revert to and become part of the fund balance of the general fund during the current biennium as of the date the Director, Department of Planning and Budget, certifies to the State Comptroller that the project has been completed in accordance with the intent of the appropriation or reappropriation and there are no known unpaid obligations related to the project. The State Comptroller shall return the unexpended nongeneral fund cash balance, if there be any, for such completed project to the source from which said nongeneral funds were obtained. Likewise, he shall revert an equivalent portion of the appropriation or reappropriation of said nongeneral funds.

3. The Director, Department of Planning and Budget, may direct the restoration of any portion of the reverted amount if he shall subsequently verify an unpaid obligation or requirement for completion of the project. In the case of a capital project for which an unexpended cash balance was returned and appropriation or reappropriation was reverted in the prior biennium, he may likewise restore any portion of such amount under the same conditions.

§ 4-1.06 LIMITED ADJUSTMENTS OF APPROPRIATIONS

a. LIMITED CONTINUATION OF APPROPRIATIONS.

Notwithstanding any contrary provision of law, any unexpended balances on the books of the State Comptroller as of the last day of the previous biennium shall be continued in force for such period, not exceeding 10 days from such date, as may be necessary in order to permit payment of any claims, demands or liabilities incurred prior to such date and unpaid at the close of business on such date, and shown by audit in the Department of Accounts to be a just and legal charge, for values received as of the last day of the previous biennium, against such unexpended balances.

b. LIMITATIONS ON CASH DISBURSEMENTS.

Notwithstanding any contrary provision of law, the State Comptroller may begin preparing the accounts of the Commonwealth for each subsequent fiscal year on or about 10 days before the start of such fiscal year. The books will be open only to enter budgetary transactions and transactions that will not require the receipt or disbursement of funds until after June 30. Should an emergency arise, or in years in which July 1 falls on a weekend requiring the processing of transactions on or before June 30, the State Comptroller may, with notification to the Auditor of Public Accounts, authorize the disbursement of funds drawn against appropriations of the subsequent fiscal year, not to exceed the sum of three million dollars (\$3,000,000) from the general fund. This provision does not apply to debt service payments on bonds of the Commonwealth which shall be made in accordance with bond documents, trust indentures, and/or escrow agreements.

§ 4-1.07 ALLOTMENTS

Except when otherwise directed by the Governor within the limits prescribed in §§ 4-1.02 Withholding of Spending Authority, 4-1.03 Appropriation Transfers, and 4-1.04 Appropriation Increases of this act, the Director, Department of Planning and Budget, shall prepare and act upon the allotment of appropriations required by this act, and by § 2.2-1819, Code of Virginia, and the authorizations for rates of pay required by this act. Such allotments and authorizations shall have the same effect as if the personal signature of the Governor were subscribed thereto. This section shall not be construed to prohibit an appeal by the head of any state agency to the Governor for reconsideration of any action taken by the Director, Department of Planning and Budget, under this section.

§ 4-2.00 REVENUES

§ 4-2.01 NONGENERAL FUND REVENUES

a. SOLICITATION AND ACCEPTANCE OF DONATIONS, GIFTS, GRANTS, AND CONTRACTS:

1. a) No state agency shall solicit or accept any donation, gift, grant, or contract without the written approval of the Governor except under written guidelines issued by the Governor which provide for the solicitation and acceptance of nongeneral funds, except that donations or gifts to the Virginia War Memorial Foundation that are small in size and number and valued at less than \$5,000, such as library items or small display items, may be approved by the Executive Director of the Virginia War Memorial in consultation with the Secretary of Veterans Affairs and Homeland Security. All other gifts and donations to the Virginia War Memorial Foundation must receive written approval from the Secretary of Veterans Affairs and Homeland Security.

b) The limits on solicitation and acceptance of donations, gifts, grants, and contracts stated in paragraph 1.a) above shall not apply to donations, gifts, grants, and contracts associated with support and/or response to the needs and impacts of the COVID-19 pandemic provided that acceptance of such does not create any ongoing commitments against general or nongeneral fund resources of the Commonwealth.

2. The Governor may issue policies in writing for procedures which allow state agencies to solicit and accept nonmonetary

donations, gifts, grants, or contracts except that donations, gifts and grants of real property shall be subject to § 4-4.00 of this act and § 2.2-1149, Code of Virginia. This provision shall apply to donations, gifts and grants of real property to endowment funds of institutions of higher education, when such endowment funds are held by the institution in its own name and not by a separately incorporated foundation or corporation.

3. The preceding subdivisions shall not apply to property and equipment acquired and used by a state agency or institution through a lease purchase agreement and subsequently donated to the state agency or institution during or at the expiration of the lease purchase agreement, provided that the lessor is the Virginia College Building Authority.

4. The use of endowment funds for property, plant or equipment for state-owned facilities is subject to §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects-General and 4-5.03 Services and Clients of this act.

5. Notwithstanding any other provision of law, public institutions of higher education may enter into agreements or contracts with nonprofit organizations that provide funding for research or other mission related activities and require use of binding arbitration or application of the laws of another jurisdiction, upon approval of the Office of the Attorney General.

b. HIGHER EDUCATION TUITION AND FEES

1. Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, all nongeneral fund collections by public institutions of higher education, including collections from the sale of dairy and farm products, shall be deposited in the state treasury in accordance with § 2.2-1802, Code of Virginia, and expended by the institutions of higher education in accordance with the appropriations and provisions of this act, provided, however, that this requirement shall not apply to private gifts, endowment funds, or income derived from endowments and gifts.

2. a) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all resident student groups based on, but not limited to, competitive market rates, provided that the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

b) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all nonresident student groups based on, but not limited to, competitive market rates, provided that: i) the tuition and mandatory educational and general fee rates for nonresident undergraduate and graduate students cover at least 100 percent of the average cost of their education, as calculated through base adequacy guidelines adopted, and periodically amended, by the Joint Subcommittee Studying Higher Education Funding Policies, and ii) the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

c) For institutions charging nonresident students less than 100 percent of the cost of education, the State Council of Higher Education for Virginia may authorize a phased approach to meeting this requirement, when in its judgment, it would result in annual tuition and fee increases for nonresident students that would discourage their enrollment.

d) The Boards of Visitors or other governing bodies of institutions of higher education shall not increase the current proportion of nonresident undergraduate students if the institution's nonresident undergraduate enrollment exceeds 25 percent, unless: i) such enrollment is intended to support workforce development needs within the Commonwealth of Virginia as identified in consultation with the Virginia Economic Development Partnership, and ii) the number of in-state undergraduate students does not drop below fall 2018 full-time equivalent census levels as certified by the State Council of Higher Education for Virginia. Norfolk State University, Virginia Military Institute, Virginia State University, and two-year public institutions are exempt from this restriction. Any such increases shall be limited to no more than a one percentage point increase over the prior year.

3. a) In setting the nongeneral fund appropriation for educational and general programs at the institutions of higher education, the General Assembly shall take into consideration the appropriate student share of costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

b) In determining the appropriate state share of educational costs for resident students, the General Assembly shall seek to cover at least 67 percent of educational costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

4. a) Each institution and the State Council of Higher Education for Virginia shall monitor tuition, fees, and other charges, as well as the mix of resident and nonresident students, to ensure that the primary mission of providing educational opportunities to citizens of Virginia is served, while recognizing the material contributions provided by the presence of nonresident students. The State Council of Higher Education for Virginia shall also develop and enforce uniform guidelines for reporting student enrollments and the domiciliary status of students.

b) The State Council of Higher Education for Virginia shall report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than August 1 of each year the annual change in total charges for tuition and all required fees approved and allotted by the Board of Visitors. As it deems appropriate, the State Council of Higher Education for Virginia shall provide comparative national, peer, and market data with respect to charges assessed students for tuition and required fees at institutions outside of the Commonwealth.

c) Institutions of higher education are hereby authorized to make the technology service fee authorized in Chapter 1042, 2003 Acts of Assembly, part of ongoing tuition revenue. Such revenues shall continue to be used to supplement technology resources at the institutions of higher education.

d) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 144 and 145 of the 2019 Acts of Assembly, each institution shall work with the State Council of Higher Education for Virginia and the Virginia College Savings Plan to determine appropriate tuition and fee estimates for tuition savings plans.

5. It is the intent of the General Assembly that each institution's combined general and nongeneral fund appropriation within its educational and general program closely approximate the anticipated annual budget each fiscal year.

6. Nonresident graduate students employed by an institution as teaching assistants, research assistants, or graduate assistants and paid at an annual contract rate of \$4,000 or more may be considered resident students for the purposes of charging tuition and fees.

7. The fund source "Higher Education Operating" within educational and general programs for institutions of higher education includes tuition and fee revenues from nonresident students to pay their proportionate share of the amortized cost of the construction of buildings approved by the Commonwealth of Virginia Educational Institutions Bond Act of 1992 and the Commonwealth of Virginia Educational Facilities Bond Act of 2002.

8. a) 1) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly, mandatory fees for purposes other than educational and general programs shall not be increased for Virginia undergraduates beyond three percent annually, excluding requirements for wage, salary, and fringe benefit increases, authorized by the General Assembly. Fee increases required to carry out actions that respond to mandates of federal agencies are also exempt from this provision, provided that a report on the purposes of the amount of the fee increase is submitted to the Chairmen of the House Appropriations and Senate Finance Committees by the institution of higher education at least 30 days prior to the effective date of the fee increase.

2) The University of Mary Washington is hereby authorized to undertake a review of its tuition and fee structure for the purpose of more closely aligning auxiliary fees, including room, board, and the comprehensive fee, with auxiliary expenditure budgets. Adjustments to mandatory fees in auxiliary programs may exceed three percent subject to annual approval by the University's Board of Visitors to the extent required to effect budgetary alignment of revenues and expenditures. This exemption will be limited to the period beginning in fiscal year 2019-20 and extending through the end of fiscal year 2023-24.

b) This restriction shall not apply in the following instances: fee increases directly related to capital projects authorized by the General Assembly; fee increases to support student health services; and other fee increases specifically authorized by the General Assembly.

c) Due to the small mandatory non-educational and general program fees currently assessed students in the Virginia Community College System, increases in any one year of no more than \$15 shall be allowed on a cost-justified case-by-case basis, subject to approval by the State Board for Community Colleges.

9. Any institution of higher education granting new tuition waivers to resident or nonresident students not authorized by the Code of Virginia must absorb the cost of any discretionary waivers.

10. Tuition and fee revenues from nonresident students taking courses through Virginia institutions from the Southern Regional Education Board's Southern Regional Electronic Campus must exceed all direct and indirect costs of providing instruction to those students. Tuition and fee rates to meet this requirement shall be established by the Board of Visitors of the institution.

c. HIGHER EDUCATION PLANNED EXCESS REVENUES:

An institution of higher education, except for those public institutions governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly, may generate and retain tuition and fee revenues in excess of those provided in § 4-2.01 b Higher Education Tuition and Fees, subject to the following:

1. Such revenues are identified by language in the appropriations in this act to any such institution.

2. The use of such moneys is fully documented by the institution to the Governor prior to each fiscal year and prior to allotment.

3. The moneys are supplemental to, and not a part of, ongoing expenditure levels for educational and general programs used as the

basis for funding in subsequent biennia.

4. The receipt and expenditure of these moneys shall be recorded as restricted funds on the books of the Department of Accounts and shall not revert to the surplus of the general fund at the end of the biennium.

5. Tuition and fee revenues generated by the institution other than as provided herein shall be subject to the provisions of § 4-1.04 a.3 Gifts, Grants, and Other Nongeneral Funds of this act.

Notwithstanding any contrary provision of law, for purposes of subsection C of § 58.1-3524 and subsection B of § 58.1-3536, Code of Virginia, the term general fund revenues, excluding transfers, is defined as (i) all state taxes, including penalties and interest, required and/or authorized to be collected and paid into the general fund of the state treasury pursuant to Title 58.1, Code of Virginia; (ii) permits, fees, licenses, fines, forfeitures, charges for services, and revenue from the use of money and property required and/or authorized to be paid into the general fund of the treasury; and (iii) amounts required to be deposited to the general fund of the state treasury pursuant to § 4-2.02 a.1., of this act. However, in no case shall (i) lump-sum payments, (ii) one-time payments not generated from the normal operation of state government, or (iii) proceeds from the sale of state property or assets be included in the general fund revenue calculations for purposes of subsection C of § 58.1-3524 and subsection B of § 58.1-3536, Code of Virginia.

c. DATE OF RECEIPT OF REVENUES:

d. RECOVERIES BY THE OFFICE OF THE ATTORNEY GENERAL

1. As a condition of the appropriation for Item 59 of this Act, there is hereby created the Disbursement Review Committee (the "Committee"), the members of which are the Attorney General, who shall serve as chairman; two members of the House of Delegates appointed by the Speaker of the House; two members of the Senate appointed by the Chairman of the Senate Committee on Rules; and two members appointed by the Governor.

2. Whenever forfeitures are available for distribution by the Attorney General through programs overseen by either the U.S. Department of Justice Asset Forfeiture Program or the U.S. Treasury Executive Office for Asset Forfeiture, by virtue of the Attorney General's participation on behalf of the Commonwealth or on behalf of an agency of the Commonwealth, the Attorney General shall seek input from the Committee, to the extent permissible under applicable federal law and guidelines, for the preparation of a proposed Distribution Plan (the "Plan") regarding the distribution and use of money or property, or both. If the federal entity approves the original Plan or a revised Plan, the Attorney General shall inform the Committee, and ensure that such money or property, or both, is distributed or used, or both, in a manner that is consistent with the Plan approved by the federal entity. The distribution of any money or property, or both, shall be done in a manner as prescribed by the State Comptroller and consistent with any federal authorization in order to ensure proper accounting on the books of the Commonwealth.

§ 4-2.03 INDIRECT COSTS

a. INDIRECT COST RECOVERIES FROM GRANTS AND CONTRACTS:

Each state agency, including institutions of higher education, which accepts a grant or contract shall recover full statewide and agency indirect costs unless prohibited by the grantor agency or exempted by provisions of this act.

b. AGENCIES OTHER THAN INSTITUTIONS OF HIGHER EDUCATION:

The following conditions shall apply to indirect cost recoveries received by all agencies other than institutions of higher education:

1. The Governor shall include in the recommended nongeneral fund appropriation for each agency in this act the amount which the agency includes in its revenue estimate as an indirect cost recovery. The recommended nongeneral fund appropriations shall reflect the indirect costs in the program incurring the costs.

2. If actual agency indirect cost recoveries exceed the nongeneral fund amount appropriated in this act, the Director, Department of Planning and Budget, is authorized to increase the nongeneral fund appropriation to the agency by the amount of such excess

indirect cost recovery. Such increase shall be made in the program incurring the costs.

3. Statewide indirect cost recoveries shall be paid into the general fund of the state treasury, unless the agency is specifically exempted from this requirement by language in this act. Any statewide indirect cost recoveries received by the agency in excess of the exempted sum shall be deposited to the general fund of the state treasury.

c. INSTITUTIONS OF HIGHER EDUCATION:

The following conditions shall apply to indirect cost recoveries received by institutions of higher education:

1. Seventy percent shall be retained by the institution as an appropriation of moneys for the conduct and enhancement of research and research-related requirements. Such moneys may be used for payment of principal of and interest on bonds issued by or for the institution pursuant to § 23.1-1106, Code of Virginia, for any appropriate purpose of the institution, including, but not limited to, the conduct and enhancement of research and research-related requirements.

2. Thirty percent of the indirect cost recoveries for the level of sponsored programs authorized in the appropriations in Part 1 of Chapter 1042 of the Acts of Assembly of 2003, shall be included in the educational and general revenues of the institution to meet administrative costs.

3. Institutions of higher education may retain 100 percent of the indirect cost recoveries related to research grant and contract levels in excess of the levels authorized in Chapter 1042 of the Acts of Assembly of 2003. This provision is included as an additional incentive for increasing externally funded research activities.

d. REPORTS

The Director, Department of Planning and Budget, shall make available via electronic means a report to the Chairmen of the Senate Finance and House Appropriations Committees and the public no later than September 1 of each year on the indirect cost recovery moneys administratively appropriated.

e. REGULATIONS:

The State Comptroller is hereby authorized to issue regulations to carry out the provisions of this subsection, including the establishment of criteria to certify that an agency is in compliance with the provisions of this subsection.

§ 4-3.00 DEFICIT AUTHORIZATION AND TREASURY LOANS

§ 4-3.01 DEFICITS

a. GENERAL:

1. Except as provided in this section no state agency shall incur a deficit. No state agency receiving general fund appropriations under the provisions of this act shall obligate or expend moneys in excess of its general fund appropriations, nor shall it obligate or expend moneys in excess of nongeneral fund revenues that are collected and appropriated.

2. The Governor is authorized to approve deficit funding for a state agency under the following conditions:

a) an unanticipated federal or judicial mandate has been imposed,

b) insufficient moneys are available in the first year of the biennium for start-up of General Assembly-approved action, or

c) delay pending action by the General Assembly at its next legislative session will result in the curtailment of services required by statute or those required by federal mandate or will produce a threat to life, safety, health or property.

d) Such approval by the Governor shall be in writing under the conditions described in § 4-3.02 a Authorized Deficit Loans of this act and shall be promptly communicated to the Chairmen of the House Appropriations and Senate Finance Committees within five calendar days of deficit approval.

3. Deficits shall not be authorized for capital projects.

4. The Department of Transportation may obligate funds in excess of the current biennium appropriation for projects of a capital nature not covered by § 4-4.00 Capital Projects, of this act provided such projects a) are delineated in the Virginia Transportation Six-Year Improvement Program, as approved by the Commonwealth Transportation Board; and b) have sufficient cash allocated to each such project to cover projected costs in each year of the Program; and provided that c) sufficient revenues are projected to meet all cash obligations for such projects as well as all other commitments and appropriations approved by the General Assembly in the biennial budget.

b. UNAUTHORIZED DEFICITS: If any agency contravenes any of the prohibitions stated above, thereby incurring an unauthorized deficit, the Governor is hereby directed to withhold approval of such excess obligation or expenditure. Further, there shall be no reimbursement of said excess, nor shall there be any liability or obligation upon the state to make any

appropriation hereafter to meet such unauthorized deficit. Further, those members of the governing board of any such agency who shall have voted therefor, or its head if there be no governing board, making any such excess obligation or expenditure shall be personally liable for the full amount of such unauthorized deficit and, at the discretion of the Governor, shall be deemed guilty of neglect of official duty and be subject to removal therefor. Further, the State Comptroller is hereby directed to make public any such unauthorized deficit, and the Director, Department of Planning and Budget, is hereby directed to set out such unauthorized deficits in the next biennium budget. In addition, the Governor is directed to bring this provision of this act to the attention of the members of the governing board of each state agency, or its head if there be no governing board, within two weeks of the date that this act becomes effective. The governing board or the agency head shall execute and return to the Governor a signed acknowledgment of such notification.

c. **TOTAL AUTHORIZED DEFICITS:** The amount which the Governor may authorize, under the provisions of this section during the current biennium, to be expended from loans repayable out of the general fund of the state treasury, for all state agencies, or other agencies combined, in excess of general fund appropriations for the current biennium, shall not exceed one and one-half percent (1 1/2%) of the revenues collected and paid into the general fund of the state treasury as defined in § 4-2.02 b. of this act during the last year of the previous biennium and the first year of the current biennium.

d. The Governor shall report any such authorized and unauthorized deficits to the Chairmen of the House Appropriations and Senate Finance Committees within five calendar days of deficit approval. By August 15 of each year, the Governor shall provide a comprehensive report to the Chairmen of the House Appropriations and Senate Finance Committees detailing all such deficits.

§ 4-3.02 TREASURY LOANS

a. **AUTHORIZED DEFICIT LOANS:** A state agency requesting authorization for deficit spending shall prepare a plan for the Governor's review and approval, specifying appropriate financial, administrative and management actions necessary to eliminate the deficit and to prevent future deficits. If the Governor approves the plan and authorizes a state agency to incur a deficit under the provisions of this section, the amount authorized shall be obtained by the agency by borrowing the authorized amount on such terms and from such sources as may be approved by the Governor. At the close of business on the last day of the current biennium, any unexpended balance of such loan shall be applied toward repayment of the loan, unless such action is contrary to the conditions of the loan approval. The Director, Department of Planning and Budget, shall set forth in the next biennial budget all such loans which require an appropriation for repayment. A copy of the approved plan to eliminate the deficit shall be transmitted to the Chairmen of the House Appropriations and the Senate Finance Committees within five calendar days of approval.

b. **ANTICIPATION LOANS:** Authorization for anticipation loans are limited to the provisions below.

1.a) When the payment of authorized obligations for operating expenses is required prior to the collection of nongeneral fund revenues, any state agency may borrow from the state treasury the required sums with the prior written approval of the Secretary of Finance or his designee as to the amount, terms and sources of such funds; such loans shall not exceed the amount of the anticipated collections of such revenues and shall be repaid only from such revenues when collected.

b) When the payment of authorized obligations for capital expenses is required prior to the collection of nongeneral fund revenues or proceeds from authorized debt, any state agency or body corporate and politic, constituting a public corporation and government instrumentality, may borrow from the state treasury the required sums with the prior written approval of the Secretary of Finance or his designee as to the amount, terms and sources of such funds; such loans in anticipation of bond proceeds shall not exceed the amount of the anticipated proceeds from debt authorized by the General Assembly and shall be repaid only from such proceeds when collected.

2. Anticipation loans for operating expenses shall be in amounts not greater than the sum identified by the agency as the minimum amount required to meet the projected expenditures. The term of any anticipation loans granted for operating expenses shall not exceed twelve months.

3. Before an anticipation loan for a capital project is authorized, the agency shall develop a plan for financing such capital project; approval of the State Treasurer shall be obtained for all plans to incur authorized debt.

4. Anticipation loans for capital projects shall be in amounts not greater than the sum identified by the agency as required to meet the projected expenditures for the project within the current biennium.

5. To ensure that such loans are repaid as soon as practical and economical, the Department of Planning and Budget shall monitor the construction and expenditure schedules of all approved capital projects that will be paid for with proceeds from authorized debt and have anticipation loans.

6. Unless otherwise prohibited by federal or state law, the State Treasurer shall charge current market interest rates on anticipation loans made for operating purposes and capital projects subject to the following:

a) Anticipation loans for capital projects for which debt service will be paid with general fund appropriations shall be exempt from interest payments on borrowed balances.

b) Interest payments on anticipation loans for nongeneral fund capital projects or nongeneral fund operating expenses shall be made

from appropriated nongeneral fund revenues. Such interest shall not be paid with the funds from the anticipation loan or from the proceeds of authorized debt without the approval of the State Treasurer.

c) **REPORTING:** All outstanding loans shall be reported by the Governor to the Chairmen of the House Appropriations and Senate Finance Committees by August 15 of each year. The report shall include a status of the repayment schedule for each loan.

c. **ANTICIPATION LOANS FOR PROJECTS NOT INCLUDED IN THIS ACT OR FOR PROJECTS AUTHORIZED UNDER § 4-4.01M:** Authorization for anticipation loans for projects not included in this act or for projects authorized under § 4-4.01 m are limited to the provisions below:

1. Such loans are limited to those projects that shall be repaid from revenues derived from nongeneral fund sources.

2.a) When the payment of authorized obligations for operating expenses is required prior to the collection of nongeneral fund revenues, any state agency may borrow from the state treasury the required sum with the prior written approval of the Secretary of Finance or his designee as to the amount, terms, and sources of such funds. Such loans shall not exceed the amount of the anticipated collections of such nongeneral fund revenues and shall be repaid only from such nongeneral fund revenues when collected.

b) When the payment of obligations for capital expenses for projects authorized under § 4-4.01 m is required prior to the collection of nongeneral fund revenues, any state agency or body corporate and politic, constituting a public corporation and government instrumentality, may borrow from the state treasury the required sums with the prior written approval of the Secretary of Finance or his designee as to the amount, terms and sources of such funds. Such loans shall be repaid only from nongeneral fund revenues associated with the project.

3. Anticipation loans for operating expenses shall be in amounts not greater than the sum identified by the agency as the minimum amount required to meet projected expenditures. The term of any anticipation loans granted for operating expenses shall not exceed 12 months.

4. Before an anticipation loan is provided for a capital project authorized under § 4-4.01 m, the agency shall develop a plan for repayment of such loan and approval of the Director of the Department of Planning and Budget shall be obtained for all such plans and reported to the Chairman of the House Appropriations and Senate Finance Committees.

5. Anticipation loans for capital projects authorized under § 4-4.01 m shall be in amounts not greater than the sum identified by the agency as required to meet the projected expenditures for the project within the current biennium. Such loans shall be repaid only from nongeneral fund revenues associated with the project.

6. The State Treasurer shall charge current market interest rates on anticipation loans made for capital projects authorized under § 4-4.01 m. Interest payments on anticipation loans for nongeneral fund capital projects authorized under § 4-4.01 m shall be made from appropriated nongeneral fund revenues. a) **REPORTING:** All outstanding loans shall be reported by the Governor to the Chairmen of the House Appropriations and Senate Finance Committees by August 15 of each year. The report shall include a status of the repayment schedule for each loan.

§ 4-3.03 LONG-TERM LEASES

a. GENERAL:

1. As part of their capital budget submission, all agencies and institutions of the Commonwealth proposing building projects that may qualify as long-term lease agreements, as defined in Generally Accepted Accounting Principles (GAAP), and that may be supported in whole, or in part, from appropriations provided for in this act, shall submit copies of such proposals to the Directors of the Departments of Planning and Budget and General Services, the State Comptroller, and the State Treasurer based on guidelines promulgated by the Secretary of Finance. In addition, the Secretary of Finance may promulgate guidelines for the review and approval of such requests.

2. The proposals shall be submitted in such form as the Secretary of Finance may prescribe. The Comptroller and the Director, Department of General Services shall be responsible for evaluating the proposals to determine if they qualify as long-term lease agreements. The State Treasurer shall be responsible for incorporating existing and authorized long-term lease agreements meeting the approved parameters into the annual Debt Capacity Advisory Committee reports.

b. APPROVAL OF FINANCINGS:

1. For any project which qualifies as a long-term lease, as defined in the preceding subdivisions a 1 and 2, and which is financed through the issuance of securities, the Treasury Board shall approve the terms and structure of such financing pursuant to § 2.2-2416, Code of Virginia.

2. For any project for which costs will exceed \$5,000,000 and which is financed through a long-term lease transaction, the Treasury Board shall approve the financing terms and structure of such long-term lease in addition to such other reviews and approvals as may be required by law. Prior to consideration by the Treasury Board, the Departments of Accounts shall notify the Treasury Board of any transaction determined to be a long-term lease. Additionally, the Departments of General Services and Planning and Budget shall notify the Treasury Board upon their approval of any transaction which qualifies as a long-term lease under the terms of this section. The State Treasurer shall notify the Chairmen of the House Appropriations and Senate Finance Committees of the action of the Treasury Board as it regards this subdivision within five calendar days of its action.

c. REPORTS: Not later than December 20 of each year, the Secretary of Finance and the Secretary of Administration shall jointly be responsible for providing the Chairmen of the House Appropriations and Senate Finance Committees with recommendations involving proposed long-term lease agreements.

d. This section shall not apply to long-term leases that are funded entirely with nongeneral fund revenues and are entered into by public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly. Furthermore, the Department of General Services is authorized to enter into long-term leases for executive branch agencies provided that the resulting long-term lease is funded entirely with nongeneral funds, is approved based on the requirements of § 4-3.03 b.1 and 2 above, and would not be considered tax supported debt of the Commonwealth.

§ 4-4.00 CAPITAL PROJECTS

§ 4-4.01 GENERAL

a. Definition:

1. Unless defined otherwise, when used in this section, "capital project" or "project" means acquisition of property and new construction and improvements related to state-owned property, plant or equipment (including plans therefor), as the terms "acquisition", "new construction", and "improvements" are defined in the instructions for the preparation of the Executive Budget. "Capital project" or "project" shall also mean any improvements to property leased for use by a state agency, and not owned by the state, when such improvements are financed by public funds, except as hereinafter provided in subdivisions 3 and 4 of this subsection.

2. The provisions of this section are applicable equally to acquisition of property and plant by purchase, gift, or any other means, including the acquisition of property through a lease/purchase contract, regardless of the method of financing or the source of funds. Acquisition of property by lease shall be subject to § 4-3.03 of this act.

3. The provisions of this section shall not apply to property or equipment acquired by lease or improvements to leased property and equipment when the improvements are provided by the lessor pursuant to the terms of the lease and upon expiration of the lease remain the property of the lessor.

4. The provisions of this section shall not apply to property leased by state agencies for the purposes described in §§ [2.2-1151](#) C and [33.2-1010](#), Code of Virginia.

b. Notwithstanding any other provisions of law, requests for appropriations for capital projects shall be subject to the following:

1. The agency shall submit a capital project proposal for all requested capital projects. Such proposals shall be submitted to the Director, Department of Planning and Budget, for review and approval in accordance with guidelines prescribed by the director. Projects shall be developed to meet agency functional and space requirements within a cost range comparable to similar public and private sector projects.

2. Except for institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly, financings for capital projects shall comply, where applicable, with the Treasury Board Guidelines issued pursuant to § [2.2-2416](#), Code of Virginia, and any subsequent amendments thereto.

3. As part of any request for appropriations for an armory, the Department of Military Affairs shall obtain a written commitment from the host locality to share in the operating expense of the armory.

c. Each agency head shall provide annually to the Director, Department of Planning and Budget, a report on the use of the maintenance reserve appropriation of the agency in Part 2 of this act. In the use of its maintenance reserve appropriation, an agency shall give first priority to the repair or replacement of roof on buildings under control of the agency. The agency head shall certify in the agency's annual maintenance reserve report that to the best of his or her knowledge, all necessary roof repairs have been accomplished or are in the process of being accomplished. Such roof repairs and replacements shall be in accord with the technical requirements of the Commonwealth's Construction and Professional Services Manual.

d. The Department of Planning and Budget shall review its approach to capital outlay planning and budgeting from time to time and make available via electronic means a report of any proposed change to the Chairmen of the House Appropriations and Senate Finance Committees and the public prior to its implementation. Such report shall include an analysis of the impact of the suggested

change on affected agencies and institutions.

e. Nothing in §§ 2-0 and 4-4.00 of this act shall be deemed to override the provisions of §§ 2.2-1132 and 62.1-132.6, Code of Virginia, amended by Chapter 488, 1997 Acts of Assembly, relating to Virginia Port Authority capital projects and procurement activities.

f. Legislative Approval: It is the intent of the General Assembly that, with the exceptions noted in this paragraph and paragraph m, all capital projects to be undertaken by agencies of the Commonwealth, including institutions of higher education, shall be pursuant to approvals by the General Assembly as provided in the Six-Year Capital Outlay Plan established pursuant to § 2.2-1515, et seq., Code of Virginia. Otherwise, the consideration of capital projects shall be limited to:

1. Supplementing projects which have been bid and determined to have insufficient funding to be placed under contract, and
2. Projects declared by the Governor or the General Assembly to be of an emergency nature, which may avoid an increase in cost or otherwise result in a measurable benefit to the state, and/or which are required for the continued use of existing facilities.
3. This paragraph does not prohibit the initiation of projects authorized by § 4-4.01 m hereof, or projects included under the central appropriations for capital project expenses in this act.

g. Preliminary Requirements: In regard to each capital project for which appropriation or reappropriation is made pursuant to this act, or which is hereafter considered by the Governor for inclusion in the Executive Budget, or which is offered as a gift or is considered for purchase, the Governor is hereby required: (1) to determine the urgency of its need, as compared with the need for other capital projects as herein authorized, or hereafter considered; (2) to determine whether the proposed plans and specifications for each capital project are suitable and adequate, and whether they involve expenditures which are excessive for the purposes intended; (3) to determine whether labor, materials, and other requirements, if any, needed for the acquisition or construction of such project can and will be obtained at reasonable cost; and (4) to determine whether or not the project conforms to a site or master plan approved by the agency head or board of visitors of an institution of higher education for a program approved by the General Assembly.

h. Initiation Generally:

1. No architectural or engineering planning for, or construction of, or purchase of any capital project shall be commenced or revised without the prior written approval of the Governor or his designee.
2. The requirements of § 10.1-1190, Code of Virginia, shall be met prior to the release of funds for a major state project, provided, however, that the Governor or his designee is authorized to release from any appropriation for a major state project made pursuant to this act such sum or sums as may be necessary to pay for the preparation of the environmental impact report required by § 10.1-1188, Code of Virginia.
3. The Governor, at his discretion, or his designee may release from any capital project appropriation or reappropriation made pursuant to this act such sum (or sums) as may be necessary to pay for the preparation of plans and specifications by architects and engineers, provided that the estimated cost of the construction covered by such drawings and specifications does not exceed the appropriation therefor; provided, further, however, that the architectural and engineering fees paid on completion of the preliminary design for any such project may be based on such estimated costs as may be approved by the Governor in writing, where it is shown to the satisfaction of the Governor that higher costs of labor or material, or both, or other unforeseen conditions, have made the appropriation inadequate for the completion of the project for which the appropriation was made, and where in the judgment of the Governor such changed conditions justify the payment of architectural or engineering fees based on costs exceeding the appropriation.
4. Architectural or engineering contracts shall not be awarded in perpetuity for capital projects at any state institution, agency or activity.

i. Capital Projects Financed with Bonds: Capital projects proposed to be financed with (i) 9 (c) general obligation bonds or (ii) 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the agency or institution, shall be reviewed as follows:

1. By August 15 of each year, requests for inclusion in the Executive Budget of capital projects to be financed with 9(c) general obligation bonds shall be submitted to the State Treasurer for evaluation of financial feasibility. Submission shall be in accordance with the instructions prescribed by the State Treasurer. The State Treasurer shall distribute copies of financial feasibility studies to the Director, Department of Planning and Budget, the Secretary for the submitting agency or institution, the Chairmen of the House Appropriations and Senate Finance Committees, and the Director, State Council of Higher Education for Virginia, if the project is requested by an institution of higher education.
2. By August 15 of each year, institutions shall also prepare and submit copies of financial feasibility studies to the State Council of Higher Education for Virginia for 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the institution. The State Council of Higher Education for Virginia shall identify the impact of all projects

requested by the institutions of higher education, and as described in § 4-4.01 j.1. of this act, on the current and projected cost to students in institutions of higher education and the impact of the project on the institution's need for student financial assistance. The State Council of Higher Education for Virginia shall report such information to the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance Committees no later than October 1 of each year.

3. Prior to the issuance of debt for 9(c) general obligation projects, when more than one year has elapsed since the review of financial feasibility specified in § 4-4.01 j 1 above, an updated feasibility study shall be prepared by the agency and reviewed by the State Treasurer prior to requesting the Governor's Opinion of Financial Feasibility required under Article X, Section 9 (c), of the Constitution of Virginia.

j. Transfers to supplement capital projects from nongeneral funds may be made under the conditions set forth in §§ 4-1.03 a, 4-1.04 a.3, and 4-4.01 m of this act.

k.1. Change in Size and Scope: Unless otherwise provided by law, the scope, which is the function or intended use, of any capital project may not be substantively changed, nor its size increased or decreased by more than five percent in size beyond the plans and justification which were the basis for the appropriation or reappropriation in this act or for the Governor's authorization pursuant to § 4-4.01 m of this act. However, this prohibition is not applicable to changes in size and scope required because of circumstances determined by the Governor to be an emergency, or requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. Furthermore, this prohibition shall not apply to minor increases, beyond five percent, in square footage determined by the Director, Department of General Services, to be reasonable and appropriate based on a written justification submitted by the agency stating the reason for the increase, with the provision that such increase will not increase the cost of the project beyond the amount appropriated; nor to decreases in size beyond five percent to offset unbudgeted costs when such costs are determined by the Director, Department of Planning and Budget, to be reasonable based on a written justification submitted by the agency specifying the amount and nature of the unbudgeted costs and the types of actions that will be taken to decrease the size of the project. The written justification shall also include a certification, signed by the agency head, that the resulting project will be consistent with the original programmatic intent of the appropriations.

2. If space planning, energy conservation, and environmental standards guides for any type of construction have been approved by the Governor or the General Assembly, the Governor shall require capital projects to conform to such planning guides.

1. Projects Not Included In This Act:

1. Authorization by Governor:

a) The Governor may authorize initiation of, planning for, construction of or acquisition of a nongeneral fund capital project not specifically included in this act or provided for a program approved by the General Assembly through appropriations, under one or more of the following conditions:

- 1) The project is required to meet an emergency situation.
- 2) The project is to be operated as an auxiliary enterprise or sponsored program in an institution of higher education and will be fully funded by revenues of auxiliary enterprises or sponsored programs.
- 3) The project is to be operated as an educational and general program in an institution of higher education and will be fully funded by nongeneral fund revenues of educational and general programs or from private gifts and indirect cost recoveries.
- 4) The project consists of plant or property which has become available or has been received as a gift.
- 5) The project has been recommended for funding by the Tobacco Indemnification and Community Revitalization Commission or the Virginia Tobacco Settlement Foundation.

b) The foregoing conditions are subject to the following criteria:

- 1) Funds are available within the appropriations made by this act (including those subject to §§ 4-1.03 a, 4-1.04 a.3, and 4-2.03) without adverse effect on other projects or programs, or from unappropriated nongeneral fund revenues or balances.
- 2) In the Governor's opinion such action may avoid an increase in cost or otherwise result in a measurable benefit to the state.
- 3) The authorization includes a detailed description of the project, the project need, the total project cost, the estimated operating costs, and the fund sources for the project and its operating costs.
- 4) The Chairmen of the House Appropriations and Senate Finance Committees shall be notified by the Governor prior to the authorization of any capital project under the provisions of this subsection.
- 5) Permanent funding for any project initiated under this section shall only be from nongeneral fund sources.

2. Authorization by Director, Department of Planning and Budget:

a) The Director, Department of Planning and Budget, may authorize initiation of a capital project not included in this act, if the General Assembly has enacted legislation to fund the project from bonds of the Virginia Public Building Authority, Virginia College Building Authority, or from reserves created by refunding of bonds issued by those Authorities.

3. Delegated authorization by Boards of Visitors, Public Institutions of Higher Education:

a) In accordance with § 4-5.06 of this act, the board of visitors of any public institution of higher education that: i) has met the eligibility criteria set forth in Chapters 933 and 945 of the 2005 Acts of Assembly for additional operational and administrative autonomy, including having entered into a memorandum of understanding with the Secretary of Administration for delegated authority of nongeneral fund capital outlay projects, and ii) has received a sum sufficient nongeneral fund appropriation for emergency projects as set out in Part 2: Capital Project Expenses of this act, may authorize the initiation of any capital project that is not specifically set forth in this act provided that the project meets at least one of the conditions and criteria identified in § 4-4.01 m 1 of this act.

b) At least 30 days prior to the initiation of a project under this provision, the board of visitors must notify the Governor and Chairmen of the House Appropriations and Senate Finance Committees and must provide a life-cycle budget analysis of the project. Such analysis shall be in a form to be prescribed by the Auditor of Public Accounts.

c) The Commonwealth of Virginia shall have no general fund obligation for the construction, operation, insurance, routine maintenance, or long-term maintenance of any project authorized by the board of visitors of a public institution of higher education in accordance with this provision.

m. Acquisition, maintenance, and operation of buildings and nonbuilding facilities in colleges and universities shall be subject to the following policies:

1. The anticipated program use of the building or nonbuilding facility should determine the funding source for expenditures for acquisition, construction, maintenance, operation, and repairs.

2. For new campuses to be established within the Virginia Community College System, expenditures for land acquisition, site preparation beyond five feet from a building, and the construction of additional outdoor lighting, sidewalks, outdoor athletic and recreational facilities, and parking lots in the Virginia Community College System shall be made only from appropriated federal funds, Trust and Agency funds, including local government allocations or appropriations, or the proceeds of indebtedness authorized by the General Assembly.

3. The general policy of the Commonwealth shall be that parking services are to be operated as an auxiliary enterprise by all colleges and universities. Institutions should develop sufficient reserves for ongoing maintenance and replacement of parking facilities.

4. Except as provided in paragraph 2 above, expenditures for maintenance, replacement, and repair of outdoor lighting, sidewalks, and other infrastructure facilities may be made from any appropriated funds.

5. Expenditures for operations, maintenance, and repair of athletic, recreational, and public service facilities, both indoor and outdoor, should be from nongeneral funds. However, this condition shall not apply to any indoor recreational facility existing on a community college campus as of July 1, 1988.

6.a.1. At institutions of higher education that have met the eligibility criteria for additional operational and administrative authority as set forth in Chapters 933 and 945 of the 2005 Acts of Assembly or Chapters 824 and 829 of the 2008 Acts of Assembly, any repair, renovation, or new construction project costing up to \$3,000,000 shall be exempt from the capital outlay review and approval process. For purposes of this paragraph, projects shall not include any subset of a series of projects, which in combination would exceed the \$3,000,000 maximum.

2. All state agencies and institutions of higher education shall be exempt from the capital review and approval process for repair, renovation, or new construction projects costing up to \$3,000,000.

b. Blanket authorizations funded entirely by nongeneral funds may be used for 1) renovation and infrastructure projects costing up to \$3,000,000 and 2) the planning of nongeneral fund new construction and renovation projects through bidding, with bid award made after receipt of a construction authorization. The Director, Department of Planning and Budget, may provide exemptions to the threshold.

7. It is the policy of the Commonwealth that the institutions of higher education shall treat the maintenance of their facilities as a priority for the allocation of resources. No appropriations shall be transferred from the "Operation and Maintenance of Plant" subprogram except for closely and definitely related purposes, as approved by the Director, Department of Planning and Budget, or his designee. A report providing the rationale for each approved transfer shall be made to the Chairmen of the House Appropriations and Senate Finance Committees.

n. Legislative Intent and Reporting: Appropriations for capital projects shall be deemed to have been made for purposes which

require their expenditure, or being placed under contract for expenditure, during the current biennium. Agencies to which such appropriations are made in this act or any other act are required to report progress as specified by the Governor. If, in the opinion of the Governor, these reports do not indicate satisfactory progress, he is authorized to take such actions as in his judgment may be necessary to meet legislative intent as herein defined. Reporting on the progress of capital projects shall be in accordance with § 4-8.00, Reporting Requirements.

o. No expenditure from a general fund appropriation in this act shall be made to expand or enhance a capital outlay project beyond that anticipated when the project was initially approved by the General Assembly except to comply with requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. General fund appropriations in excess of those necessary to complete the project shall not be reallocated to expand or enhance the project, or be reallocated to a different project. The prohibitions in this subsection shall not apply to transfers from projects for which reappropriations have been authorized.

p. Local or private funds to be used for the acquisition, construction or improvement of capital projects for state agency use as owner or lessee shall be deposited into the state treasury for appropriation prior to their expenditure for such projects.

q. State-owned Registered Historic Landmarks: To guarantee that the historical and/or architectural integrity of any state-owned properties listed on the Virginia Landmarks Register and the knowledge to be gained from archaeological sites will not be adversely affected because of inappropriate changes, the heads of those agencies in charge of such properties are directed to submit all plans for significant alterations, remodeling, redecoration, restoration or repairs that may basically alter the appearance of the structure, landscaping, or demolition to the Department of Historic Resources. Such plans shall be reviewed within thirty days and the comments of that department shall be submitted to the Governor through the Department of General Services for use in making a final determination.

r.1. The Governor may authorize the conveyance of any interest in property or improvements thereon held by the Commonwealth to the educational or real estate foundation of any institution of higher education where he finds that such property was acquired with local or private funds or by gift or grant to or for the use of the institution, and not with funds appropriated to the institution by the General Assembly. Any approved conveyance shall be exempt from § 2.2-1156, Code of Virginia, and any other statute concerning conveyance, transfer or sale of state property. If the foundation conveys any interest in the property or any improvements thereon, such conveyance shall likewise be exempt from compliance with any statute concerning disposition of state property. Any income or proceeds from the conveyance of any interest in the property shall be deemed to be local or private funds and may be used by the foundation for any foundation purpose.

2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly.

s.1. Facility Lease Agreements Involving Institutions of Higher Education: In the case of any lease agreement involving state-owned property controlled by an institution of higher education, where the lease has been entered into consistent with the provisions of § 2.2-1155, Code of Virginia, the Governor may amend, adjust or waive any project review and reporting procedures of Executive agencies as may reasonably be required to promote the property improvement goals for which the lease agreement was developed.

2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly.

t. Energy-efficiency Projects: Improvements to state-owned properties for the purpose of energy-efficiency shall be treated as follows:

1. Such improvements shall be considered an operating expense, provided that:

a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services;

b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval and is executed through a nonprofessional services contract with a vendor approved by the Department of General Services;

c) the scope of work has been reviewed and recommended by the Department of Mines, Minerals and Energy;

d) the total cost does not exceed \$3,000,000; and

e) if the total cost exceeds \$3,000,000, but does not exceed \$7,000,000, the energy savings from the project offset the total cost of the project, including debt service and interest payments.

2. If (a) the total cost of the improvement exceeds \$7,000,000 or (b) the total cost exceeds \$3,000,000, but does not exceed \$7,000,000, and the energy savings from the project do not fully offset the total cost of the project, including debt services and

interest payments, the improvement shall be considered a capital expense regardless of the type of improvement and the following conditions must be met:

- a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services;
- b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval and is executed through a nonprofessional services contract with a vendor approved by the Department of General Services;
- c) the scope of work has been reviewed and recommended by the Department of Mines, Minerals and Energy;
- d) the project has been reviewed by the Department of Planning and Budget; and
- e) the project has been approved by the Governor.

3. If the total project exceeds \$250,000, the agency director will submit written notification to the Director, Department of Planning and Budget, verifying that the project meets all of the conditions in subparagraph 1 above.

The provisions of §§ 2.0 and 4-4.01 of this act and the provisions of § 2.2-1132, Code of Virginia, shall not apply to energy conservation projects that qualify as capital expenses.

4. As used in this paragraph, "improvement" does not include (a) constructing, enlarging, altering, repairing or demolishing a building or structure, (b) changing the use of a building either within the same use group or to a different use group when the new use requires greater degrees of structural strength, fire protection, exit facilities or sanitary provisions, or (c) removing or disturbing any asbestos-containing materials during demolition, alteration, renovation of or additions to building or structures. If the projected scope of an energy-efficiency project includes any of these elements, it shall be subject to the capital outlay process as set out in this section.

5. The Director, Department of Planning and Budget, shall notify the Chairmen of the House Appropriations and Senate Finance Committees upon the initiation of any energy-efficiency projects under the provisions of this paragraph.

u. No expenditures shall be authorized for the purchase of fee simple title to any real property to be used for a correctional facility or for the actual construction of a correctional facility provided for in this act, or by reference hereto, that involves acquisition or new construction of youth or adult correctional facilities on real property which was not owned by the Commonwealth on January 1, 1995, until the governing body of the county, city or town wherein the project is to be located has adopted a resolution supporting the location of such project within the boundaries of the affected jurisdiction. The foregoing does not prohibit expenditures for site studies, real estate options, correctional facility design and related expenditures.

v. Except for institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 675 and 685 of the 2009 Acts of Assembly, and Chapters 124 and 125 of the 2019 Acts of Assembly, any alternative financing agreement entered into between a state agency or institution of higher education and a private entity or affiliated foundation must be reviewed and approved by the Treasury Board.

w. Prior to requesting authorization for new dormitory capital projects, institutions of higher education shall conduct a cost study to determine whether an alternative financing arrangement or public-private transaction would provide a more effective option for the construction of the proposed facility. This study shall be submitted to the Department of Planning and Budget as part of the budget development process and shall be evaluated by the Governor prior to submitting his proposed budget.

x. Construction or improvement projects of the Department of Military Affairs are not exempt from the capital outlay review process when the state procurement process is utilized, except for those projects with both an estimated cost of \$3,000,000 or less and are 100 percent federally reimbursed. The Department of Military Affairs shall submit by July 30 of each year to the Department of Planning and Budget a list of such projects that were funded pursuant to this exemption in the previous fiscal year and any projects that would be eligible for such funding in future fiscal years.

§ 4-4.02 PLANNING AND BUDGETING

a. It shall be the intent of the General Assembly to make biennial appropriations for a capital improvements program sufficient to address the program needs of the Commonwealth. The capital improvements program shall include maintenance and deferred maintenance of the Commonwealth's existing facilities, and of the facility requirements necessary to deliver the programs of state agencies and institutions.

b. In effecting these policies, the Governor shall establish a capital budget plan to address the renewal and replacement of the Commonwealth's physical plant, using such guidelines as recommended by industry or government to maintain the Commonwealth's investment in its property and plant.

§ 4-5.00 SPECIAL CONDITIONS AND RESTRICTIONS ON EXPENDITURES

§ 4-5.01 TRANSACTIONS WITH INDIVIDUALS

a. **SETTLEMENT OF CLAIMS:** Whenever a dispute, claim or controversy involving the interest of the Commonwealth is settled pursuant to § 2.2-514, Code of Virginia, payment may be made out of any appropriations, designated by the Governor, to the state agency(ies) which is (are) party to the settlement.

b. **STUDENT FINANCIAL ASSISTANCE FOR HIGHER EDUCATION:**

1. General:

a) The appropriations made in this act to state institutions of higher education within the Items for student financial assistance may be expended for any one, all, or any combination of the following purposes: grants to undergraduate students enrolled at least one-half time in a degree, certificate, industry-based certification and related programs that do not qualify for other sources of student financial assistance or diploma program; grants to full-time graduate students; graduate assistantships; grants to students enrolled full-time in a dual or concurrent undergraduate and graduate program. The institutions may also use these appropriations for the purpose of supporting work study programs. The institution is required to transfer to educational and general appropriations all funds used for work study or to pay graduate assistantships. Institutions may also contribute to federal or private student grant aid programs requiring matching funds by the institution, except for programs requiring work. The State Council of Higher Education for Virginia shall annually review each institution's plan for the expenditures of its general fund appropriation for undergraduate student financial assistance prior to the start of the fall term to determine program compliance. The institution's plan shall include the institution's assumptions and calculations for determining the cost of attendance, student financial need, and student remaining need as well as an award schedule or description of how funds are awarded. For the purposes of the proposed plan, each community college shall be considered independently. No limitations shall be placed on the awarding of nongeneral fund appropriations made in this act to state institutions of higher education within the Items for student financial assistance other than those found previously in this paragraph and as follows: (i) funds derived from in-state student tuition will not subsidize out-of-state students, (ii) students receiving these funds must be making satisfactory academic progress, (iii) awards made to students should be based primarily on financial need, and (iv) institutions should make larger grant and scholarship awards to students taking the number of credit hours necessary to complete a degree in a timely manner.

b) All awards made to undergraduate students from such Items shall be for Virginia students only and such awards shall offset all, or portions of, the costs of tuition and required fees, and, in the case of students qualifying under subdivision b 2 c)1) hereof, the cost of books. All undergraduate financial aid award amounts funded by this appropriation shall be proportionate to the remaining need of individual students, with students with higher levels of remaining need receiving grants before other students. No criteria other than the need of the student shall be used to determine the award amount. Because of the low cost of attendance and recognizing that federal grants provide a much higher portion of cost than at other institutions, a modified approach and minimum award amount for the neediest VGAP student should be implemented for community college and Richard Bland College students based on remaining need and the combination of federal and grant state aid. Student financial need shall be determined by a need-analysis system approved by the Council.

c)1) All need-based awards made to graduate students shall be determined by the use of a need-analysis system approved by the Council.

2) As part of the six-year financial plans required in the provisions of Chapters 933 and 945 of the 2005 Acts of Assembly, each institution of higher education shall report the extent to which tuition and fee revenues are used to support graduate student aid and graduate compensation and how the use of these funds impacts planned increases in student tuition and fees.

d) A student who receives a grant under such Items and who, during a semester, withdraws from the institution which made the award must surrender the unearned portion. The institution shall calculate the unearned portion of the award based on the percentage used for federal Return to Title IV program purposes.

e) An award made under such Items to assist a student in attending an institution's summer session shall be prorated according to the size of comparable awards made in that institution's regular session.

f) The provisions of this act under the heading "Student Financial Assistance for Higher Education" shall not apply to (1) the soil scientist scholarships authorized under § 23.1-615, Code of Virginia and (2) need-based financial aid programs for industry-based certification and related programs that do not qualify for other sources of student financial assistance, which will be subject to guidelines developed by the State Council of Higher Education for Virginia.

g) Unless noted elsewhere in this act, general fund awards shall be named "Commonwealth" grants.

h) Unless otherwise provided by statute, undergraduate awards shall not be made to students seeking a second or additional baccalaureate degree until the financial aid needs of first-degree seeking students are fully met.

2. Grants To Undergraduate Students:

a) Each institution which makes undergraduate grants paid from its appropriation for student financial assistance shall expend such sums as approved for that purpose by the Council.

b) A student receiving an award must be duly admitted and enrolled in a degree, certificate or diploma program at the institution making the award, and shall be making satisfactory academic progress as defined by the institution for the purposes of eligibility under Title IV of the federal Higher Education Act, as amended.

c)1) It is the intent of the General Assembly that students eligible under the Virginia Guaranteed Assistance Program (VGAP) authorized in Title 23.1, Chapter 4.4:2, Code of Virginia, shall receive grants before all other students at the same institution with equivalent remaining need from the appropriations for undergraduate student financial assistance found in Part 1 of this act (service area 1081000 - Scholarships). In each instance, VGAP eligible students shall receive awards greater than other students with equivalent remaining need.

2) The amount of each VGAP grant shall vary according to each student's remaining need and the total of tuition, all required fees and the cost of books at the institution the student will attend upon acceptance for admission. The actual amount of the VGAP award will be determined by the proportionate award schedule adopted by each institution; however, those students with the greatest financial need shall be guaranteed an award at least equal to tuition.

3) It is the intent of the General Assembly that the Virginia Guaranteed Assistance Program serve as an incentive to financially needy students now attending elementary and secondary school in Virginia to raise their expectations and their academic performance and to consider higher education an achievable objective in their futures.

4) Students may not receive a VGAP and a Commonwealth grant in the same semester.

3. Grants To Graduate Students:

a) An individual award may be based on financial need but may, in addition to or instead of, be based on other criteria determined by the institution making the award. The amount of an award shall be determined by the institution making the award; however, the Council shall annually be notified as to the maximum size of a graduate award that is paid from funds in the appropriation.

b) A student receiving a graduate award paid from the appropriation must be duly admitted into a graduate degree program at the institution making the award.

c) Not more than 50 percent of the funds designated by an institution as graduate grants from the appropriation, and approved as such by the Council, shall be awarded to persons not eligible to be classified as Virginia domiciliary resident students except in cases where the persons meet the criteria outlined in § 4-2.01b.6.

4. Matching Funds: Any institution of higher education may, with the approval of the Council, use funds from its appropriation for fellowships and scholarships to provide the institutional contribution to any student financial aid program established by the federal government or private sources which requires the matching of the contribution by institutional funds, except for programs requiring work.

5. Discontinued Loan Program:

a) If any federal student loan program for which the institutional contribution was appropriated by the General Assembly is discontinued, the institutional share of the discontinued loan program shall be repaid to the fund from which the institutional share was derived unless other arrangements for the use of the funds are recommended by the Council and approved by the Department of Planning and Budget. Should the institution be permitted to retain the federal contributions to the program, the funds shall be used according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

b)1) An institution of higher education may discontinue its student loan fund established pursuant to Title 23.1, Chapter 4.01, Code of Virginia. The full amount of cash in such discontinued loan fund shall be paid into the state treasury into a nonrevertible nongeneral fund account. Prior to such payment, the State Comptroller shall verify its accuracy, including the fact that the cash held by the institution in the loan fund will be fully depleted by such payment. The loan fund shall not be reestablished thereafter for that institution.

2) The cash so paid into the state treasury shall be used only for grants to undergraduate and graduate students in the Higher Education Student Financial Assistance program according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

3) Payments on principal and interest of any promissory notes held by the discontinued loan fund shall continue to be received by the institution, which shall deposit such payments in the state treasury to the nonrevertible nongeneral fund account specified in subdivision (1) preceding, to be used for grants as specified in subdivision (2) preceding.

6. Reporting: The Council shall collect student-specific information for undergraduate students as is necessary for the operation

of the Student Financial Assistance Program. The Council shall maintain regulations governing the operation of the Student Financial Assistance Program based on the provisions outlined in this section, the Code of Virginia, and State Council policy.

C. PAYMENTS TO CITIZEN MEMBERS OF NONLEGISLATIVE BODIES:

d. VIRGINIA BIRTH-RELATED NEUROLOGICAL INJURY COMPENSATION PROGRAM

Notwithstanding any other provision of law, the Virginia Birth-Related Neurological Injury Compensation Program is authorized to require each admitted claimant's parent or legal guardian to purchase private health insurance (the "primary payer") to provide coverage for the actual medically necessary and reasonable expenses as described in Virginia Code § 38.2-5009(A)(1) that were, or are, incurred as a result of the admitted claimant's birth-related neurological injury and for the admitted claimant's benefit. Provided, however, that the Program shall reimburse, upon receipt of proof of payment, solely the portion of the premiums that is attributable to the admitted claimant's post-admission coverage from the effective date of this provision forward and paid for by the admitted claimant's parent or legal guardian.

§ 4-5.02 THIRD PARTY TRANSACTIONS

b) For purposes of this act, "attorney" shall be defined as an employee or contractor who represents an agency before a court, board or agency of the Commonwealth of Virginia or political subdivision thereof. This term shall not include members of the bar employed by an agency who perform in a capacity that does not require a license to practice law, including but not limited to, instructing, managing, supervising or performing normal or customary duties of that agency.

b. STUDIES AND CONSULTATIVE SERVICES REQUIRED BY GENERAL ASSEMBLY: No expenditure for payments on third party nongovernmental contracts for studies or consultative services shall be made out of any appropriation to the General Assembly or to any study group created by the General Assembly, nor shall any such expenditure for third party nongovernmental contracts be made by any Executive Department agency in response to a legislative request for a study, without the prior approval of two of the following persons: the Chairman of the House Appropriations Committee; the Chairman of the Senate Finance Committee; the Speaker of the House of Delegates; the President pro tempore of the Senate. All such expenditures shall be made only in accordance with the terms of a written contract approved as to form by the Attorney General.

2. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the University of Virginia Medical Center shall have the authority to collect its accounts receivable by engaging private collection agents and attorneys to pursue collection actions, and to independently compromise, settle, and discharge accounts receivable claims, provided that the University of Virginia

demonstrates to the Secretary of Finance that debt collection by an agent other than the Office of the Attorney General is anticipated to be more cost effective. Nothing in this paragraph is intended to limit the ability of the University of Virginia Medical Center from voluntarily contracting with the Office of the Attorney General's Division of Debt Collection in cases where the Center would benefit from the expertise of legal counsel and collection services offered by the Office of the Attorney General.

3. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the Department of Taxation shall be exempt from participating in the debt collection process of the Office of the Attorney General.

§ 4-5.03 SERVICES AND CLIENTS

1.a) No state agency, or its governing body, shall alter factors (e.g., qualification level for receipt of payment or service) which may increase the number of eligible recipients for its authorized services or payments, or alter factors which may increase the unit cost of benefit payments within its authorized services, unless the General Assembly has made an appropriation for the cost of such change.

b) The limits on altering or changing cost factors stated in paragraph 1.a) above shall not apply to changes associated with implementing and/or altering services in response to COVID-19 when funding is provided from a nongeneral fund source dedicated to addressing the impact of COVID-19 or from any source when specifically approved by the Governor in response to the COVID-19 pandemic.

2. Notwithstanding any other provision of law, the Department of Planning and Budget, with assistance from agencies that operate internal service funds as requested, shall establish policies and procedures for annually reviewing and approving internal service fund overhead surcharge rates and working capital reserves.

The report shall include any proposed modifications in rates to be charged by internal service funds for review and approval by the Department of Planning and Budget. In its review, the Department of Planning and Budget shall determine whether the requested rate modifications are consistent with budget assumptions. The format by which agencies submit the operating plan for each internal service fund shall be determined by the Department of Planning and Budget with assistance from agencies that operate internal service funds as requested.

4. State agencies that operate internal service funds may not change a billable overhead surcharge rate to another state agency unless the resulting change is provided in the final General Assembly enacted budget.

5. State agencies that operate more than one internal service fund shall comply with the review and approval requirements detailed in this Item for each internal service fund.

6. As determined by the Director, Department of Planning and Budget, state agencies that operate select programs where an agency provides a service to and bills other agencies shall be subject to the annual review of the agency's internal service funds consistent with the provisions of this Item, unless such payment for services is pursuant to a memorandum of understanding authorized by § 4-1.03 a. 7 of this act.

7. The Governor is authorized to change internal service fund overhead surcharge rates, including the creation of new rates, beyond the rates enacted in the budget in the event of an emergency or to implement actions approved by the General Assembly, upon prior notice to the Chairmen of the House Appropriations and Senate Finance Committees. Such prior notice shall be no less than five days prior to enactment of a revised or new rate and shall include the basis of the rate change and the impact on state agencies.

b) The limits on establishing new services stated in paragraph 1.a) above shall not apply to new services established to respond to COVID-19 when funding is provided from a nongeneral fund source dedicated to addressing the impact of COVID-19 or from any source when specifically approved by the Governor in response to the COVID-19 pandemic.

2. Pursuant to the policies and procedures of the State Council of Higher Education regarding approval of academic programs and the concomitant enrollment, no state institution of higher education shall operate any academic program with funds in this act unless approved by the Council and included in the Executive Budget, or approved by the General Assembly. No additional funds are required to implement establishment of the Virginia Tech/Carilion School of Medicine within the institution.

b) Virginia Tech Carilion School of Medicine is hereby authorized to transfer funds to the Department of Medical Assistance Services to fully fund the state share for Medicaid supplemental payments to the teaching hospital affiliated with the Virginia Tech Carilion School of Medicine. These Medicaid supplemental fee-for-service and/or capitation payments to managed care organizations are for the purpose of securing access to Medicaid hospital services in Western Virginia. The funds to be transferred must comply with 42 CFR 433.51.

4. Reporting on all new services shall be in accordance with § 4-8.00, Reporting Requirements.

b) Offerings at previously approved off-campus locations shall also not be subject to these provisions.

c) Further, the provisions herein do not govern the establishment and operations of campus sites with a primary function of carrying out grant and contract research where direct and indirect costs from such research are covered through external funding sources. Such locations may offer limited graduate education as appropriate to support the research mission of the site.

d) Nothing herein shall prohibit an institution from offering non-credit continuing education programs at sites away from the main campus of a college or university.

4. The State Council of Higher Education shall establish guidelines to implement this provision.

d. PERFORMANCE MEASUREMENT

1. The report shall compare the actual results, including expenditures, of the initiative with the anticipated results and the appropriation for the initiative. Other forms of acceptable presentation would include brochures, pamphlets, posters, notices, bulletins, official catalogs, flyers available at public places and formal or informal meetings with prospective students.

2. **Excessive Promotion Prohibited:** Each public institution of higher education is prohibited from using public funds under the control of the institution's Board of Visitors for the development, preparation, dissemination or presentation of any material intended or designed to induce students to attend by exaggerating or extolling the institution's virtues, faculty, students, facilities or programs through the use of hyperbole. Artwork and photographs which exaggerate or extol rather than supplement or complement permissible information are prohibited. Mass mailings are generally prohibited; however, either mass mailings or newspaper inserts, but not both, may be used if other methods of distributing permissible information are not economically feasible in the institution's local service area.

3. **Remedial Education:** Senior institutions of higher education shall make arrangements with community colleges for the remediation of students accepted for admission by the senior institutions.

4. **Compliance:** The president or chancellor of each institution of higher education is responsible for the institution's compliance with this subsection.

b. INFORMATION TECHNOLOGY FACILITIES AND SERVICES:

1.a) The Virginia Information Technologies Agency shall procure information technology and telecommunications goods and services of every description for its own benefit or on behalf of other state executive branch agencies and institutions, or authorize other state executive branch agencies or institutions to undertake such procurements on their own. "Executive branch agency" means the same as that term is defined in § 2.2-2006.

b) Except for research projects, research initiatives, or instructional programs at public institutions of higher education, or any non-major information technology project request from the Virginia Community College System, Longwood University, or from an institution of higher education which is a member of the Virginia Association of State Colleges and University Purchasing Professionals (VASCUPP) as of July 1, 2003, or any procurement of information technology and telecommunications goods and services by public institutions of higher education governed by some combination of Chapters 933 and 945 of the 2005 Acts of Assembly, Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, requests for authorization from state agencies and institutions to procure information technology and telecommunications goods and services on their own behalf shall be made in writing to the Chief Information Officer or his designee. Members of VASCUPP as of July 1, 2003, are hereby recognized as: The College of William and Mary, George Mason University, James Madison University, Old Dominion University, Radford University, Virginia Commonwealth University, Virginia Military Institute, Virginia Polytechnic Institute and State University, and the University of Virginia.

c) The Chief Information Officer or his designee may grant the authorization upon a written determination that the request conforms to the statewide information technology plan and the individual information technology plan of the requesting agency or institution.

d) Any procurement authorized by the Chief Information Officer or his designee for information technology and telecommunications goods and services, including geographic information systems, shall be issued by the requesting state agency or institution in accordance with the regulations, policies, procedures, standards, and guidelines of the Virginia Information Technologies Agency.

e) Nothing in this subsection shall prevent public institutions of higher education or the Virginia Community College System

from using the services of Network Virginia.

f) To ensure that the Commonwealth's research universities maintain a competitive position with access to the national optical research network infrastructure including the National LambdaRail and Internet2, the Network Virginia Contract Administrator is hereby authorized to renegotiate the term of the existing contracts. Additionally, the contract administrator is authorized to competitively negotiate additional agreements in accordance with the Code of Virginia and all applicable regulations, as required, to establish and maintain research network infrastructure.

2. If the billing rates and associated systems for computer, telecommunications and systems development services to state agencies are altered, the Director, Department of Planning and Budget, may transfer appropriations from the general fund between programs affected. These transfers are limited to actions needed to adjust for overfunding or underfunding the program appropriations affected by the altered billing systems.

3. The provisions of this subsection shall not in any way affect the duties and responsibilities of the State Comptroller under the provisions of § 2.2-803, Code of Virginia.

4. It is the intent of the General Assembly that information technology (IT) systems, products, data, and service costs, including geographic information systems (GIS), be contained through the shared use of existing or planned equipment, data, or services which may be available or soon made available for use by state agencies, institutions, authorities, and other public bodies. State agencies, institutions, and authorities shall cooperate with the Virginia Information Technologies Agency in identifying the development and operational requirements for proposed IT and GIS systems, products, data, and services, including the proposed use, functionality, capacity and the total cost of acquisition, operation and maintenance.

5. This section shall not apply to public institutions of higher education governed by some combination of Chapters 933 and 945 of the 2005 Acts of Assembly, Chapters 933 and 943 of the 2006 Acts of Assembly or Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly and Chapters 675 and 685 of the 2009 Acts of Assembly, or to the Virginia Alcoholic Beverage Control Authority.

6. Notwithstanding any other provision of law, state agencies that do not receive computer services from the Virginia Information Technologies Agency may develop their own policies and procedures governing the sale of surplus computers and laptops to their employees or officials. Any proceeds from the sale of surplus computers or laptops shall be deposited into the appropriate fund or funds used to purchase the equipment.

c. MOTOR VEHICLES AND AIRCRAFT:

1. No motor vehicles shall be purchased or leased with public funds by the state or any officer or employee on behalf of the state without the prior written approval of the Director, Department of General Services.

2. The institutions of higher education and the Alcoholic Beverage Control Authority shall be exempt from this provision but shall be required to report their entire inventory of purchased and leased vehicles including the cost of such to the Director of the Department of General Services by June 30 of each year. The Director of the Department of General Services shall compare the cost of vehicles acquired by institutions of higher education and the Authority to like vehicles under the state contract. If the comparison demonstrates for a given institution or the Authority that the cost to the Commonwealth is greater for like vehicles than would be the case based on a contract of statewide applicability, the Governor or his designee may suspend the exemption granted to the institution or the Authority pursuant to this subparagraph c.

3. The Director, Department of General Services, is hereby authorized to transfer surplus motor vehicles among the state agencies, and determine the value of such surplus equipment for the purpose of maintaining the financial accounts of the state agencies affected by such transfers.

d. MOTION PICTURE, TELEVISION AND RADIO SERVICES PRODUCTION: Except for public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, no state Executive Department agency or the Virginia Lottery Department shall expend any public funds for the production of motion picture films or of programs for television transmission, or for the operation of television or radio transmission facilities, without the prior written approval of the Governor or as otherwise provided in this act, except for educational television programs produced for elementary-secondary education by authority of the Virginia Information Technologies Agency. The Joint Subcommittee on Rules is authorized to provide the approval of such expenditures for legislative agencies. For judicial agencies and independent agencies, other than the Virginia Lottery Department, prior approval action rests with the supervisory bodies of these entities. With respect to television programs which are so approved and other programs which are otherwise authorized or are not produced for television transmission, state agencies may enter into contracts without competitive sealed bidding, or competitive negotiation, for program production and transmission services which are performed by public telecommunications entities, as defined in § 2.2-2006, Code of Virginia.

e. TRAVEL: Reimbursement for the cost of travel on official business of the state government is authorized to be paid pursuant to law and regulations issued by the State Comptroller to implement such law. Notwithstanding any contrary provisions of law:

1. For the use of personal automobiles in the discharge of official duties outside the continental limits of the United States, the State

Comptroller may authorize an allowance not exceeding the actual cost of operation of such automobiles;

2. The first 15,000 miles of use during each fiscal year of personal automobiles in the discharge of official duties within the continental limits of the United States shall be reimbursed at an amount equal to the most recent business standard mileage rate as established by the Internal Revenue Service for employees or self-employed individuals to use in computing their income tax deductible costs for operating passenger vehicles owned or leased by them for business purposes, or in the instance of a state employee, at the lesser of (a) the IRS rate or (b) the lowest combined capital and operational trip pool rate charged by the Department of General Services, Office of Fleet Management Services (OFMS), posted on the OFMS website at time of travel, for the use of a compact state-owned vehicle. If the head of the state agency concerned certifies that a state-owned vehicle was not available, or if, according to regulations issued by the State Comptroller, the use of a personal automobile in lieu of a state-owned automobile is considered to be an advantage to the state, the reimbursement shall be at the rate of the IRS rate. For such use in excess of 15,000 miles in each fiscal year, the reimbursement shall be at a rate of 13.0 cents per mile, unless a state-owned vehicle is not available; then the rate shall be the IRS rate;

3. The State Comptroller may authorize exemptions to restrictions upon use of common carrier accommodations;

4. The State Comptroller may authorize reimbursement by per diem in lieu of actual costs of meals and any other expense category deemed necessary for the efficient and effective operation of state government;

5. State employees traveling on official business of state government shall be reimbursed for their travel costs using the same bank account authorized by the employee in which their net pay is direct deposited; and

6. This section shall not apply to members and employees of public school boards.

e. 1. Salaries for newly employed or promoted employees shall be established consistent with the compensation and classification plans established by the Governor.

2. The State Comptroller is hereby authorized to require payment of wages or salaries to state employees by direct deposit or by credit to a prepaid debit card or card account from which the employee is able to withdraw or transfer funds.

f. The provisions of this section, requiring prior written approval of the Governor relative to compensation, shall apply also to any system of incentive award payments which may be adopted and implemented by the Governor. The cost of implementing any such system shall be paid from any funds appropriated to the affected agencies.

g. No lump sum appropriation for personal service shall be regarded as advisory or suggestive of individual salary rates or of salary schedules to be fixed under law by the Governor payable from the lump sum appropriation.

h. Subject to approval by the Governor of a plan for a statewide employee meritorious service awards program, as provided for in § 2.2-1201, Code of Virginia, the costs for such awards shall be paid from any operating funds appropriated to the affected agencies.

i. The General Assembly hereby affirms and ratifies the Governor's existing authority and the established practice of this body to provide for pay differentials or to supplement base rates of pay for employees in specific job classifications in particular geographic and/or functional areas where, in the Governor's discretion, they are needed for the purpose of maintaining salaries which enable the Commonwealth to maintain a competitive position in the relevant labor market.

j.1. If at any time the Administrator of the Commonwealth's Attorneys' Services Council serves on the faculty of a state-supported institution of higher education, the faculty appointment must be approved by the Council. Such institution shall pay one-half of the salary listed in § 4-6.01 c 6 of this act. Further, such institution may provide compensation in addition to that listed in § 4-6.01 c 6; provided, however, that such additional compensation must be approved by the Council.

2. If the Administrator ceases to be a member of the faculty of a state-supported institution of higher education, the total salary listed in § 4-6.01 c 6 shall be paid from the Council's appropriation.

k.1.a. Except as otherwise provided for in this subdivision, any increases in the salary band assignment of any job role contained in the compensation and classification plans approved by the Governor shall be effective beginning with the first pay period, defined as the pay period from June 25 through July 9, of the fiscal year if: (1) the agency certifies to the Secretary of Finance that funds are available within the agency's appropriation to cover the cost of the increase for the remainder of the current biennium and presents a plan for covering the costs next biennium and the Secretary concurs, or (2) such funds are appropriated by the General Assembly. If at any time the Secretary of Administration shall certify that such change in the salary band assignment for a job role is of an emergency nature and the Secretary of Finance shall certify that funds are available to cover the cost of the increase for the remainder of the biennium within the agency's appropriation, such change in compensation may be effective on a date agreed upon by these two Secretaries. The Secretary of Administration shall provide a monthly report of all such emergency changes in accordance with § 4-8.00, Reporting Requirements.

b. Notwithstanding any other provision of law, state employees will be paid on the first workday of July for the work period June 10 to June 24 in any calendar year in which July 1 falls on a weekend.

2. Salary adjustments for any employee through a promotion, role change, exceptional recruitment and retention incentive options, or in-range adjustment shall occur only if: a) the agency has sufficient funds within its appropriation to cover the cost of the salary adjustment for the remainder of the current biennium or b) such funds are appropriated by the General Assembly.

3. No changes in salary band assignments affecting classified employees of more than one agency shall become effective unless the Secretary of Finance certifies that sufficient funds are available to provide such increase or plan to all affected employees supported from the general fund.

1. Full-time employees of the Commonwealth, including faculty members of state institutions of higher education, who are appointed to a state-level board, council, commission or similar collegial body shall not receive any such compensation for their services as members or chairmen except for reimbursement of reasonable and necessary expenses. The foregoing provision shall likewise apply to the Compensation Board, pursuant to § 15.2-1636.5, Code of Virginia.

m.1. Notwithstanding any other provision of law, the board of visitors or other governing body of any public institution of higher education is authorized to establish age and service eligibility criteria for faculty participating in voluntary early retirement incentive plans for their respective institutions pursuant to § 23.1-1302 B and the cash payment offered under such compensation plans pursuant to § 23.1-1302 D, Code of Virginia. Notwithstanding the limitations in § 23.1-1302 D, the total cost in any fiscal year for any such compensation plan, shall be set forth by the governing body in the compensation plan for approval by the Governor and review for legal sufficiency by the Office of the Attorney General.

2. Notwithstanding any other provision of law, employees holding full-time, academic-year classified positions at public institutions of higher education shall be considered "state employees" as defined in § 51.1-124.3, Code of Virginia, and shall be considered for medical/hospitalization, retirement service credit, and other benefits on the same basis as those individuals appointed to full-time, 12-month classified positions.

n. Notwithstanding the Department of Human Resource Management Policies and Procedures, payment to employees with five or more years of continuous service who either terminate or retire from service shall be paid in one sum for twenty-five percent of their sick leave balance, provided, however, that the total amount paid for sick leave shall not exceed \$5,000 and the remaining seventy-five percent of their sick leave shall lapse. This provision shall not apply to employees who are covered by the Virginia Sickness and Disability Program as defined in § 51.1-1100, Code of Virginia. Such employees shall not be paid for their sick leave balances. However, they will be paid, if eligible as described above, for any disability leave credits they have at separation or retirement or may convert disability credits to service credit under the Virginia Retirement System pursuant to § 51.1-1103 (F), Code of Virginia.

o. It is the intent of the General Assembly that calculation of the faculty salary benchmark goal for the Virginia Community College System shall be done in a manner consistent with that used for four-year institutions, taking into consideration the number of faculty at each of the community colleges. In addition, calculation of the salary target shall reflect an eight percent salary differential in a manner consistent with other public four-year institutions and for faculty at Northern Virginia Community College.

p. Any public institution of higher education that has met the eligibility criteria set out in Chapters 933 and 945 of the 2005 Acts of Assembly may supplement annual salaries for classified employees from private gifts, endowment funds, or income from endowments and gifts, subject to policies approved by the board of visitors. The Commonwealth shall have no general fund obligations for the continuation of such salary supplements.

q. The Governor, or any other appropriate Board or Public Body, is authorized to adjust the salaries of employees specified in this item, and other items in the Act, to reflect the compensation adjustments authorized in this Act.

r. Any public institution of higher education shall not provide general fund monies above \$100,000 for any individual athletic coaching salaries after July 1, 2013. Athletic coaching salaries with general fund monies above this amount shall be phased-down over a five-year period at 20 percent per year until reaching the cap of \$100,000.

§ 4-6.02 EMPLOYEE TRAINING AND STUDY

Subject to uniform rules and regulations established by the Governor, the head of any state agency may authorize, from any funds appropriated to such department, institution or other agency in this act or subsequently made available for the purpose, compensation or expenses or both compensation and expenses for employees pursuing approved training courses or academic studies for the purpose of becoming better equipped for their employment in the state service. The rules and regulations shall include reasonable provision for the return of any employee receiving such benefits for a reasonable period of duty, or for reimbursement to the state for expenditures incurred on behalf of the employee should he not return to state service.

§ 4-6.03 EMPLOYEE BENEFITS

a. Any medical/hospitalization benefit program provided for state employees shall include the following provision: any state employee, as defined in § 2.2-2818, Code of Virginia, shall have the option to accept or reject coverage.

b. Except as provided for sworn personnel of the Department of State Police, no payment of, or reimbursement for, the employer paid contribution to the State Police Officers' Retirement System, or any system offering like benefits, shall be made by the Compensation Board of the Commonwealth at a rate greater than the employer rate established for the general classified workforce of the Commonwealth covered under the Virginia Retirement System. Any cost for benefits exceeding such general rate shall be borne by the employee or, in the case of a political subdivision, by the employer.

c. Each agency may, within the funds appropriated by this act, implement a transit and ridesharing incentive program for its employees. With such programs, agencies may reimburse employees for all or a portion of the costs incurred from using public

transit, car pools, or van pools. The Secretary of Transportation shall develop guidelines for the implementation of such programs and any agency program must be developed in accordance with such guidelines. The guidelines shall be in accordance with the federal National Energy Policy Act of 1992 (P.L. 102-486), and no program shall provide an incentive that exceeds the actual costs incurred by the employee.

d. Any hospital that serves as the primary medical facility for state employees may be allowed to participate in the State Employee Health Insurance Program pursuant to § 2.2-2818, Code of Virginia, provided that (1) such hospital is not a participating provider in the network, contracted by the Department of Human Resource Management, that serves state employees and (2) such hospital enters into a written agreement with the Department of Human Resource Management as to the rates of reimbursement. The department shall accept the lowest rates offered by the hospital from among the rates charged by the hospital to (1) its largest purchaser of care, (2) any state or federal public program, or (3) any special rate developed by the hospital for the state employee health benefits program which is lower than either of the rates above. If the department and the hospital cannot come to an agreement, the department shall reimburse the hospital at the rates contained in its final offer to the hospital until the dispute is resolved. Any dispute shall be resolved through arbitration or through the procedures established by the Administrative Process Act, as the hospital may decide, without impairment of any residual right to judicial review.

e. Any classified employee of the Commonwealth and any person similarly employed in the legislative, judicial and independent agencies who (i) is compensated on a salaried basis and (ii) works at least twenty hours per week shall be considered a full-time employee for the purposes of participation in the Virginia Retirement System's group life insurance and retirement programs. Any part-time magistrate hired prior to July 1, 1999, shall have the option of participating in the programs under this provision.

f.1. Such service purchase shall be at the rate of 15 percent of the employee's final creditable compensation or average final compensation, whichever is greater, and shall be completed within 90 days of separation of service.

i. When calculating the retirement benefits payable under the Virginia Retirement System (VRS), the State Police Officers' Retirement System (SPORS), the Virginia Law-enforcement Officers' Retirement System (VaLORS), or the Judicial Retirement System (JRS) to any employee of the Commonwealth or its political subdivisions who is called to active duty with the armed forces of the United States, including the United States Coast Guard, the Virginia Retirement System shall:

Charges for meals will be determined by the agency. Such charges shall be not less than the value of raw food and the cost of direct labor and utilities incidental to preparation and service. Each agency shall maintain records as to the calculation of meal charges and revenues collected. Except where appropriations for operation of the food service are from nongeneral funds, all revenues received from such charges shall be paid directly and promptly into the general fund. The provisions of this paragraph shall not apply to on-duty employees assigned to correctional facilities operated by the Departments of Corrections and Juvenile Justice.

b. **HOUSING SERVICES:**

1. Each agency will collect a fee from state employees who occupy state-owned or leased housing, subject to guidelines provided by the Director, Department of General Services. Each agency head is responsible for establishing a fee for state-owned or leased housing and for documenting in writing why the rate established was selected. In exceptional circumstances, which shall be documented as being in the best interest of the Commonwealth by the agency requesting an exception, the Director, Department of General Services may waive the requirement for collection of fees.

2. All revenues received from housing fees shall be promptly deposited in the state treasury. For housing for which operating expenses or rent are financed by general fund appropriations, such revenues shall be deposited to the credit of the general fund. For housing for which operating expenses or rent are financed by nongeneral fund appropriations, such revenues shall be deposited to the credit of the nongeneral fund. Agencies which provide housing for which operating expenses or rent are financed from both general fund and nongeneral fund appropriations shall allocate such revenues, when deposited in the state treasury, to the appropriate fund sources in the same proportion as the appropriations. However, without exception, any portion of a housing fee attributable to depreciation for housing which was constructed with general fund appropriations shall be paid into the general fund.

c. **PARKING SERVICES:**

1. **State-owned parking facilities**

Agencies with parking space for employees in state-owned facilities shall, when required by the Director, Department of General Services, charge employees for such space on a basis approved by the Governor. Interest shall be added to the fund as earned. -

2. **Leased parking facilities in metropolitan Richmond area**

Agencies occupying private sector leased or rental space in the metropolitan Richmond area, not including institutions of higher education, shall be required to charge a fee to employees for vehicle parking spaces that are assigned to them or are otherwise available either incidental to the lease or rental agreement or pursuant to a separate lease agreement for private parking space. In such cases, the individual employee parking fee shall not be less than that paid by employees parking in Department of General Services parking facilities at the Seat of Government. The Director, Department of General Services may amend or waive the fee requirement for good cause. Revenues derived from employees paying for parking spaces in leased facilities will be retained by the leasing agency to be used to offset the cost of the lease to which it pertains. Any lease for private parking space must be approved by the Director, Department of General Services.

3. The assignment of Lot P1A of the Department of General Services, Capitol Area Site Plan, to include parking spaces 1 through 37, but excluding spaces 34 and 36, which shall be reserved for the Department of General Services, and the surrounding surfaces around those spaces shall be under the control of the Committee on Joint Rules and administered by the Clerk of the House and the Clerk of the Senate. Except as provided in subsection A of § 23.1-1020 of the Code of Virginia, § 4-6.00 shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly and Chapters 675 and 685 of the 2009 Acts of Assembly, with regard to their participating covered employees, as that term is defined in those two chapters, except to the extent a specific appropriation or language in this act addresses such an employee.

§ 4-7.00 STATEWIDE PLANS

a.1. The term Position Level is defined as the number of full-time equivalent (FTE) salaried employees assigned to an agency in this act. Except as provided in § 4-7.01 b, the Position Level number stipulated in an agency's appropriation is the upper limit for agency employment which cannot be exceeded during the fiscal year without approval from the Director, Department of Planning and Budget for Executive Department agencies, approval from the Joint Committee on Rules for Legislative Department agencies or approval from the appropriate governing authority for the independent agencies.

2. Any approval granted under this subsection shall be reported in writing to the Chairmen of the House Appropriations Committee and the Senate Finance Committee, the Governor and the Directors of the Department of Planning and Budget and Department of Human Resource Management within ten days of such approval. Approvals for executive department agencies shall be based on threats to life, safety, health, or property, or compliance with judicial orders or federal mandates, to support federal grants or private donations, to administer a program for another agency or to address an immediate increase in workload or responsibility or when to delay approval of increased positions would result in a curtailment of services prior to the next legislative session. Any such position level increases pursuant to this provision may not be approved for more than one year.

b. The Position Levels stipulated for the individual agencies within the Department of Behavioral Health and Developmental Services and the Department of Corrections are for reference only and are subject to changes by the applicable Department, provided that such changes do not result in exceeding the Position Level for that department.

c.1. The Governor shall implement such policies and procedures as are necessary to ensure that the number of employees in the Executive Department, excluding institutions of higher education and the State Council of Higher Education, may be further restricted to the number required for efficient operation of those programs approved by the General Assembly. Such policies and procedures shall include periodic review and analysis of the staffing requirements of all Executive Department agencies by the Department of Planning and Budget with the object of eliminating through attrition positions not necessary for the efficient operation of programs.

2. The institutions of higher education and the State Council of Higher Education are hereby authorized to fill all positions authorized in this act. This provision shall be waived only upon the Governor's official declaration that a fiscal emergency exists requiring a change in the official estimate of general fund revenues available for appropriation.

d.1. Position Levels are for reference only and are not binding on agencies in the legislative department, independent agencies, the Executive Offices other than the offices of the Governor's Secretaries, and the judicial department.

2. Positions assigned to programs supported by internal service funds are for reference only and may fluctuate depending upon workload and funding availability.

3. However, total general fund positions filled by an institution of higher education may not exceed 105 percent of the general fund positions appropriated without prior approval from the Director, Department of Planning and Budget.

5. Positions assigned to Item Details 47001, Job Placement Services; 47002, Unemployment Insurance Services; 47003, Workforce Development Services; and 53402, Economic Information Services, at the Virginia Employment Commission are for reference only and may fluctuate depending upon workload and funding availability. Unless otherwise required by the funding source, after enactment of this act, any new positions hired using this provision shall not be subject to transitional severance benefit provisions of the Workforce Transition Act of 1995, Title 2.2, Chapter 32, Code of Virginia.

e. Prior to implementing any Executive Department hiring freeze, the Governor shall consider the needs of the Commonwealth in regards to the safe and efficient operation of state facilities and performance of essential services to include the exemption of certain

positions assigned to agencies and institutions that provide services pertaining to public safety and public health from such hiring freezes.

f.1. Full-time, part-time, wage or contractual state employees assigned to the Governor's Cabinet Secretaries from agencies and institutions under their control for the purpose of carrying out temporary assignments or projects may not be so assigned for a period exceeding 180 days in any calendar year. The permanent transfer of positions from an agency or institution to the Offices of the Secretaries, or the temporary assignment of agency or institutional employees to the Offices of the Secretaries for periods exceeding 180 days in any calendar year regardless of the separate or discrete nature of the projects, is prohibited without the prior approval of the General Assembly.

2. Not more than three positions in total, as described in subsection 1 hereof, may be assigned at any time to the Office of any Cabinet Secretary, unless specifically approved in writing by the Governor. The Governor shall notify the Chairmen of the House Appropriations and Senate Finance Committees in the case of any such approvals.

g. All state employees, including those in the legislative, judicial, and executive branches and the independent agencies of the Commonwealth, who are not eligible for benefits under a health care plan established and administered by the Department of Human Resource Management (DHRM) pursuant to Va. Code § 2.2-2818, or by an agency administering its own health care plan, may not work more than 29 hours per week on average over a twelve month period. Adjunct faculty at institutions of higher education may not work more than 29 hours per week on average over a twelve month period, including classroom or other instructional time plus additional hours determined by the institution as necessary to perform the adjunct faculty's duties. DHRM shall provide relevant program requirements to agencies and employees, including, but not limited to, information on wage, variable and seasonal employees. All state agencies/employers in all branches of government shall provide information requested by DHRM concerning hours worked by employees as needed to comply with the Affordable Care Act (the "Act") and this provision. State agencies/employers are accountable for compliance with this provision, and are responsible for any costs associated with maintaining compliance with it and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations. The provisions of this paragraph shall not apply to employees of state teaching hospitals that have their own health insurance plan; however, the state teaching hospitals are accountable for compliance with, and are responsible for any costs associated with maintaining compliance with the Act and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations. Subject to approval of the Governor, DHRM shall modify this provision consistent with any updates or changes to federal law and regulations.

§ 4-8.03 LOCAL GOVERNMENTS

a.1. The Auditor of Public Accounts shall establish a workgroup to develop criteria for a preliminary determination that a local government may be in fiscal distress. Such criteria shall be based upon information regularly collected by the Commonwealth or otherwise regularly made public by the local government. This information includes expenditure reports submitted to the Auditor, budget information posted on local government websites, and reports prepared by the Commission on Local Government on revenue fiscal stress. Information provided by the Virginia Retirement System, the Virginia Resources Authority, the Virginia Public Building Authority, and other state and regional authorities concerning late or missed debt service payments shall be shared with the Auditor. Fiscal distress as used in this context shall mean a situation whereby the provision and sustainability of public services is threatened by various administrative and financial shortcomings including but not limited to cash flow issues; inability to pay expenses; revenue shortfalls; deficit spending; structurally imbalanced budgets; billing and revenue collection inadequacies and discrepancies; debt overload; failure to meet obligations to authorities, school divisions, or political subdivisions of the Commonwealth; and/or lack of trained and qualified staff to process administrative and financial transactions. Fiscal distress may be caused by factors internal to the unit of government or external to the unit of government and in various degrees such conditions may or may not be controllable by management, or the local governing body, or its constitutional officers.

2. Based upon the criteria established by the workgroup and using information identified above, the Auditor of Public Accounts shall establish a prioritized early warning system. Under the prioritized early warning system, the Auditor of Public Accounts shall establish a regular process whereby it reviews data on at least an annual basis to make a preliminary determination that a local government is in fiscal distress.

3. For local governments where the Auditor of Public Accounts has made a preliminary determination of fiscal distress based upon the early warning system criteria, the Auditor of Public Accounts shall notify the local governing body of its preliminary determination that it may meet the criteria for fiscal distress. Based upon the request of the local governing body or chief executive officer, the Auditor of Public Accounts may conduct a review and request documents and data from the local government. Such review shall consider factors including, but not limited to, budget processes, debt, borrowing, expenses and payables, revenues and receivables, and other areas including staffing, and the identification of external variables contributing to a locality's financial position, and if so, the scope of the issues involved. Any local governing body that receives requests for information from the Auditor of Public Accounts pursuant to such preliminary determination based on the above described threshold levels shall acknowledge receipt of such a request and shall ensure that a response is provided within the time frames specified by the Auditor of Public Accounts. After such review, if the Auditor of Public Accounts is of the opinion that state assistance, oversight, or targeted intervention is needed, either to further assess, help stabilize, or remediate the situation, the Auditor shall notify the Governor and the Chairmen of the House Appropriations and Senate Finance Committees, and the governing body of the local government in writing outlining specific issues or actions that need to be addressed by state intervention.

4. The notification issued by the Auditor of Public Accounts pursuant to paragraph 3 above shall satisfy the notification requirement necessary to effectuate the provisions of this act in paragraph b.3 below.

b.1. The Director of the Department of Planning and Budget shall identify any amounts remaining unexpended from general fund appropriations in this Act as of June 30 of each year, which constitute state aid to local governments. The Director shall provide a listing of such amounts designated by item number and by program on or before August 15 of each year, to the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee.

2. From such unexpended balances identified by the Director of the Department of Planning and Budget, the Governor may reappropriate up to \$750,000 from amounts which would otherwise revert to the balance of the general fund and transfer such amounts as necessary to establish a component of fund balance which may be used for the purpose of providing technical assistance and intervention actions for local governments deemed to be fiscally distressed and in need of intervention to address such distress. Any such reappropriation approved by the Governor, shall be separately identified in the commitments specified on the balance sheet and financial statements of the State Comptroller for the close of each fiscal year, to the extent that such reserve is not used or added to by future appropriation actions.

3. Prior to any expenditure of the reappropriated reserve, the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee must receive a notification from the Auditor of Public Accounts that a specific locality is in need of intervention because of a worsening financial situation. The Auditor of Public Accounts may issue such a notification upon receipt of audited financial statement or other information that indicates the existence of fiscal distress. But, no such notification shall be made until appropriate follow up and correspondence ascertains that, in the opinion of the Auditor of Public Accounts, such fiscal distress indeed exists. Such notification may also be issued by the Auditor of Public Accounts if written concerns raised about fiscal distress are not adequately addressed by the locality in question.

4. Once the Governor has received a notification from the Auditor of Public Accounts indicating fiscal distress in a specific local government, the Governor shall consult with the Chairmen of the House Appropriations Committee and the Senate Finance Committee about a plan for state intervention prior to any expenditure of funds from the cash reserve. Any plan approved by the Governor for intervention should, at a minimum, specify the purpose of such intervention, the estimated duration of the intervention, and the anticipated resources (dollars and personnel) directed toward such effort. The staffing necessary to carry out the intervention plan may be assembled from either public agencies or private entities or both and, notwithstanding any other provisions of law, the Governor may use an expedited method of procurement to secure such staffing when, in his judgment, the need for intervention is of an emergency nature such that action must be taken in a timely manner to avoid or address unacceptable financial risks to the Commonwealth.

5. The governing body and the elected constitutional officers of a locality subject to an intervention plan approved by the Governor shall assist all state appointed staff conducting the intervention regardless of whether such staff are from public agencies or private entities. Intervention staff shall provide periodic reports in writing to the Governor and the Chairmen of the House Appropriations Committee and the Senate Finance Committee outlining the scope of issues discovered and any recommendations made to remediate such issues, and the progress that is made on such recommendations or other remediation efforts. These periodic reports shall specifically address the degree of cooperation the intervention team is receiving from locally elected officials, including constitutional officers, city, county, or town managers and other local personnel in regards to their intervention work.

6. The Department of General Services is hereby encouraged to develop a master contract of qualified private sector turnaround specialists with expertise in local government intervention that the Governor can use to procure intervention services in an expeditious manner when he determines that state intervention is warranted in situations of local fiscal distress.

§ 4-9.00 HIGHER EDUCATION RESTRUCTURING

§ 4-9.01 ASSESSMENT OF INSTITUTIONAL PERFORMANCE

Consistent with § 23.1-206, Code of Virginia, the following education-related and financial and administrative management measures shall be the basis on which the State Council of Higher Education shall annually assess and certify institutional performance. Such certification shall be completed and forwarded in writing to the Governor and the General Assembly no later than October 1 of each even-numbered year. Institutional performance on measures set forth in paragraph D of this section shall be evaluated year-to-date by the Secretaries of Finance and Administration as appropriate, and communicated to the State Council of Higher Education before October 1 of each even-numbered year. Financial benefits provided to each institution in accordance with § 23.1-1002 will be evaluated in light of that institution's performance.

In general, institutions are expected to achieve all performance measures in order to be certified by SCHEV, but it is understood that there can be circumstances beyond an institution's control that may prevent achieving one or more performance measures. The Council shall consider, in consultation with each institution, such factors in its review: (1) institutions meeting all performance measures will be certified by the Council and recommended to receive the financial benefits, (2) institutions that do not meet all performance measures will be evaluated by the Council and the Council may take one or more of the following actions: (a) request the institution provide a remediation plan and recommend that the Governor withhold release of financial benefits until Council review of the remediation plan or (b) recommend that the Governor withhold all or part of financial benefits.

Further, the State Council shall have broad authority to certify institutions as having met the standards on education-related measures. The State Council shall likewise have the authority to exempt institutions from certification on education-related measures that the State Council deems unrelated to an institution's mission or unnecessary given the institution's level of performance.

The State Council may develop, adopt, and publish standards for granting exemptions and ongoing modifications to the

certification process.

2. In addition, the institution shall exercise additional financial and administrative authority over financial operations as follows:

a). BOARD OF VISITORS ACCOUNTABILITY AND DELEGATION OF AUTHORITY.

The Board of Visitors of the University shall at all times be fully and ultimately accountable for the proper fulfillment of the duties and responsibilities set forth in, and for the appropriate implementation of, this Policy. Consistent with this full and ultimate accountability, however, the Board may, pursuant to its legally permissible procedures, specifically delegate either herein or by separate Board resolution the duties and responsibilities set forth in this Policy to a person or persons within the University, who, while continuing to be fully accountable for such duties and responsibilities, may further delegate the implementation of those duties and responsibilities pursuant to the University's usual delegation policies and procedures.

b) FINANCIAL MANAGEMENT AND REPORTING SYSTEM.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized by the Board to maintain existing and implement new policies governing the management of University financial resources. These policies shall continue to (i) ensure compliance with Generally Accepted Accounting Principles, (ii) ensure consistency with the current accounting principles employed by the Commonwealth, including the use of fund accounting principles, with regard to the establishment of the underlying accounting records of the University and the allocation and utilization of resources within the accounting system, including the relevant guidance provided by the State Council of Higher Education for Virginia chart of accounts with regard to the allocation and proper use of funds from specific types of fund sources, (iii) provide adequate risk management and internal controls to protect and safeguard all financial resources, including moneys transferred to the University pursuant to a general fund appropriation, and ensure compliance with the requirements of the Appropriation Act.

The financial management system shall continue to include a financial reporting system to satisfy both the requirements for inclusion into the Commonwealth's Comprehensive Annual Financial Report, as specified in the related State Comptroller's Directives, and the University's separately audited financial statements. To ensure observance of limitations and restrictions placed on the use of the resources available to the University, the accounting and bookkeeping system of the University shall continue to be maintained in accordance with the principles prescribed for governmental organizations by the Governmental Accounting Standards Board.

In addition, the financial management system shall continue to provide financial reporting for the President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, and the Board of Visitors to enable them to provide adequate oversight of the financial operations of the University.

c) FINANCIAL MANAGEMENT POLICIES.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall create and implement any and all financial management policies necessary to establish a financial management system with adequate risk management and internal control processes and procedures for the effective protection and management of all University financial resources. Such policies will not address the underlying accounting principles and policies employed by the Commonwealth and the University, but rather will focus on the internal operations of the University's financial management. These policies shall include, but need not be limited to, the development of a tailored set of finance and accounting practices that seek to support the University's specific business and administrative operating environment in order to improve the efficiency and effectiveness of its business and administrative functions. In general, the system of independent financial management policies shall be guided by the general principles contained in the Commonwealth's Accounting Policies and Procedures such as establishing strong risk management and internal accounting controls to ensure University financial resources are properly safeguarded and that appropriate stewardship of public funds is obtained through management's oversight of the effective and efficient use of such funds in the performance of University programs.

The University shall continue to follow the Commonwealth's accounting policies until such time as specific alternate policies can be developed, approved and implemented. Such alternate policies shall include applicable accountability measures and shall be submitted to the State Comptroller for review and comment before they are implemented by the University.

d) FINANCIAL RESOURCE RETENTION AND MANAGEMENT.

The Board of Visitors shall retain the authority to establish tuition, fee, room, board, and other charges, with appropriate commitment provided to need-based grant aid for middle- and lower-income undergraduate Virginians. Except as provided otherwise in the Appropriation Act, it is the intent of the Commonwealth and the University that the University shall be exempt from the revenue restrictions in the general provisions of the Appropriation Act related to non-general funds. In addition, unless prohibited by the Appropriation Act, it is the intent of the Commonwealth and the University that the University shall be entitled to retain non-general fund savings generated from changes in Commonwealth rates and charges, including but not limited to health, life, and disability insurance rates, retirement contribution rates, telecommunications charges, and utility rates, rather than reverting such savings back to the Commonwealth. This financial resource policy assists the University by providing the framework for retaining and managing non-general funds, for the receipt of general funds, and for the use and stewardship of all these funds.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to provide oversight of the University's cash management system which is the framework for the retention of non-general funds. The Internal Audit Department of the University shall periodically audit the University's cash management system in accordance with appropriate risk assessment models and make reports to the Audit and Compliance Committee of the Board of Visitors. Additional oversight shall continue to be provided through the annual audit and assessment of internal controls performed by the Auditor of Public Accounts. For the receipt of general and non-general funds, the University shall conform to the Security for Public Deposits Act, Chapter 44 (§ 2.2-4400 et seq.) of Title 2.2 of the Code of Virginia as it currently exists and from time to time may be amended.

e) ACCOUNTS RECEIVABLE MANAGEMENT AND COLLECTION.

The President, through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized to create and implement any and all Accounts Receivable Management and Collection policies as part of a system for the management of University financial resources. The policies shall be guided by the requirements of the Virginia Debt Collection Act, Chapter 48 (§ 2.2-4800 et seq.) of the Code of Virginia, such that the University shall take all appropriate and cost effective actions to aggressively collect accounts receivable in a timely manner.

These shall include, but not be limited to, establishing the criteria for granting credit to University customers; establishing the nature and timing of collection procedures within the above general principles; and the independent authority to select and contract with collection agencies and, after consultation with the Office of the Attorney General, private attorneys as needed to perform any and all collection activities for all University accounts receivable such as reporting delinquent accounts to credit bureaus, obtaining judgments, garnishments, and liens against such debtors, and other actions. In accordance with sound collection activities, the University shall continue to utilize the Commonwealth's Debt Set-Off Collection Programs, shall develop procedures acceptable to the Tax Commissioner and the State Comptroller to implement such Programs, and shall provide a quarterly summary report of receivables to the Department of Accounts in accordance with the reporting procedures established pursuant to the Virginia Debt Collection Act.

f) DISBURSEMENT MANAGEMENT.

The President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, shall continue to be authorized to create and implement any and all disbursement policies as part of a system for the management of University financial resources. The disbursement management policies shall continue to define the appropriate and reasonable uses of all funds, from whatever source derived, in the execution of the University's operations. These policies also shall continue to address the timing of appropriate and reasonable disbursements consistent with the Prompt Payment Act, and the appropriateness of certain goods or services relative to the University's mission, including travel-related disbursements. Further, the University's disbursement policy shall continue to provide for the mechanisms by which payments are made including the use of charge cards, warrants, and electronic payments.

These disbursement policies shall authorize the President, acting through the Executive Vice President, Chief Operating Officer, or Chief Financial Officer, to independently select, engage, and contract for such consultants, accountants, and financial experts, and other such providers of expert advice and consultation, and, after consultation with the Office of the Attorney General, private attorneys, as may be necessary or desirable in his or her discretion. The policies also shall continue to include the ability to locally manage and administer the Commonwealth's credit card and cost recovery programs related to disbursements, subject to any restrictions contained in the Commonwealth's contracts governing those programs, provided that the University shall submit the credit card and cost recovery aspects of its financial and operations policies to the State Comptroller for review and comment prior to implementing those aspects of those policies. The disbursement policies shall ensure that adequate risk management and internal control procedures shall be maintained over previously decentralized processes for public records, payroll, and non-payroll disbursements. The University shall continue to provide summary quarterly prompt payment reports to the Department of Accounts in accordance with the reporting procedures established pursuant to the Prompt Payment Act.

The University's disbursement policies shall be guided by the principles of the Commonwealth's policies as included in the Commonwealth's Accounting Policy and Procedures Manual. The University shall continue to follow the Commonwealth's disbursement policies until such time as specific alternative policies can be developed, approved and implemented. Such alternate policies shall be submitted to the State Comptroller for review and comment prior to their implementation by the University.

3. The Auditor of Public Accounts or his legally authorized representatives shall audit annually the accounts of each institution and shall distribute copies of each annual audit to the Governor and to the Chairmen of the House Committee on Appropriations and the Senate Committee on Finance. Pursuant to § 30-133, the Auditor of Public Accounts and his legally authorized representatives shall examine annually the accounts and books of each such institution, but the institution shall not be deemed to be a state or governmental agency, advisory agency, public body, or agency or instrumentality for purposes of Chapter 14 (§ 30-130 et seq.) of Title 30 except for those provisions in such chapter that relate to requirements for financial recordkeeping and bookkeeping. Each such institution shall be subject to periodic external review by the Joint Legislative and Audit Review Commission and such other reviews and audits as shall be required by law.

d. Subject to review of its Shared Services Center by the Department of General Services, and approval to proceed with decentralized procurement of authority by the Department of General Services, the Virginia Community College System (VCCS) is authorized, for a period of five years, to exercise additional financial and administrative authority as set out in each of the three functional areas of information technology, procurement and capital projects as set forth and subject to all the conditions in §§ 2.0, 3.0 and 4.0 of the second enactment of Chapter 824 and 829 of the Acts of Assembly of 2008 except that (i) any effective dates contained in Chapter 824 and 829 of the Acts of Assembly of 2008 are superseded by the provisions of this item. The State Board for Community Colleges may request any subsequent delegation of procurement authority after consultation with and positive recommendation by the Department of General Services.

e. Notwithstanding the small purchase thresholds set forth in the Rules Governing Procurement for institutions of higher education that have operational authority in the area of procurement, the small purchases thresholds shall be the same thresholds set forth in the Virginia Public Procurement Act (§ 2.2-4300 et seq). Where small purchase thresholds in the Rules Governing Procurement for such institutions exceed those in 2.2-4300 et seq, the Rules Governing Procurement shall be the authorized procurement threshold.

§ 4-9.03 LEVEL III AUTHORITY

a. The Management Agreements negotiated by the institutions contained in Chapters 675 and 685 of the 2009 Acts of Assembly shall continue in effect unless the Governor, the General Assembly, or the institutions determine that the Management Agreements need to be renegotiated or revised.

b. Notwithstanding the small purchase thresholds set forth in the Rules Governing Procurement the small purchases thresholds for Level III institutions shall be the small purchase thresholds set forth in the Virginia Public Procurement Act (§ 2.2-4300 et seq). Where small purchase thresholds under Rules Governing Procurement for Level III institutions exceed those in 2.2-4300 et seq, the Rules Governing Procurement shall be the authorized procurement threshold.

c. Pursuant to § 23.1-1005, Code of Virginia, the Governor recommends approval for George Mason University to operate as a Level III institution under the management agreement as approved by its board of visitors on October 1, 2020.

§ 4-9.04 IMPLEMENT JLARC RECOMMENDATIONS

a. The Boards of Visitors at each Virginia public four-year higher education institution, to the extent practicable, shall:

1. require their institutions to clearly list the amount of the athletic fee on their website's tuition and fees information page. The page should include a link to the State Council of Higher Education for Virginia's tuition and fee information. The boards should consider requiring institutions to list the major components of all mandatory fees, including the portion attributable to athletics, on a separate page attached to student invoices;

2. assess the feasibility and impact of raising additional revenue through campus recreation and fitness enterprises to reduce reliance on mandatory student fees. The assessments should address the feasibility and impact of raising additional revenue through charging for specialized programs and services, expanding membership, and/or charging all users of recreation facilities;

3. direct staff to perform a comprehensive review of the institution's organizational structure, including an analysis of spans of control and a review of staff activities and workload, and identify opportunities to streamline the organizational structure. Boards should further direct staff to implement the recommendations of the review to streamline their organizational structures where possible;

4. require periodic reports on average and median spans of control and the number of supervisors with six or fewer direct reports;

5. direct staff to revise human resource policies to eliminate unnecessary supervisory positions by developing standards that

establish and promote broader spans of control. The new policies and standards should (i) set an overall target span of control for the institution, (ii) set a minimum number of direct reports per supervisor, with guidelines for exceptions, (iii) define the circumstances that necessitate the use of a supervisory position, (iv) prohibit the establishment of supervisory positions for the purpose of recruiting or retaining employees, and (v) establish a periodic review of departments where spans of control are unusually narrow; and,

6. direct institution staff to set and enforce policies to maximize standardization of purchases of commonly procured goods, including use of institution-wide contracts;

7. consider directing institution staff to provide an annual report on all institutional purchases, including small purchases, that are exceptions to the institutional policies for standardizing purchases;

8. participate in national faculty teaching load assessments by discipline and faculty type.

b. The State Council on Higher Education for Virginia, to the extent practicable, shall:

1. convene a working group of institution financial officers, with input from the Department of Accounts, the Department of Planning and Budget, and the Auditor of Public Accounts, to create a standard way of calculating and publishing mandatory non-E&G fees, including for intercollegiate athletics;

2. update the state's Chart of Accounts for higher education in order to improve comparability and transparency of mandatory non-E&G fees, with input from the Department of Accounts, the Department of Planning and Budget, the Auditor of Public Accounts, and institutional staff. This process should be coordinated with the standardization of tuition and fee reporting;

3. convene a working group of institutional staff to develop instructional and research space guidelines that adequately measure current use of space and plans for future use of space at Virginia's public higher education institutions;

4. coordinate a committee of institutional representatives, such as the previously authorized Learning Technology Advisory Committee. In addition to the objectives set out in the Appropriation Act for the Learning Technology Advisory Committee, the committee should identify instructional technology initiatives and best practices for directly or indirectly lowering institutions' instructional expenditures per student while maintaining or enhancing student learning;

5. include factors such as discipline, faculty rank, cost of living, and regional comparisons in developing faculty salary goals;

6. identify instructional technology best practices that directly or indirectly lower student cost while maintaining or enhancing learning.

c. Notwithstanding the provisions of § 23.1-1304, the State Council of Higher Education for Virginia shall annually train boards of visitors members on the types of information members should request from institutions to inform decision making, such as performance measures, benchmarking data, the impact of financial decisions on student costs, and past and projected cost trends. Boards of Visitors members serving on finance and facilities subcommittees should, at a minimum, participate in the training within their first year of membership on the subcommittee. SCHEV should obtain assistance in developing or delivering the training from relevant agencies such as the Department of General Services and past or present finance officers at Virginia's public four-year institutions, as appropriate.

d. The Department of Planning and Budget shall revise the formula used to make allocation recommendations for the state's maintenance reserve funding to account for higher maintenance needs resulting from poor facility condition, aging of facilities, and differences in facility use.

e. The Six-Year Capital Outlay Plan Advisory Committee, the Department of Planning and Budget, and others as appropriate shall use the results of the prioritization process established by the State Council of Higher Education for Virginia in determining which capital projects should receive funding.

f. Beginning with fiscal year 2016, the Auditor of Public Accounts shall include in its audit plan for each public institution of higher education a review of progress in implementing the JLARC recommendations contained in paragraph § 4-9.04 a.

§ 4-11.00 STATEMENT OF FINANCIAL CONDITION

Each agency head handling any state funds shall, at least once each year, upon request of the Auditor of Public Accounts, make a detailed statement, under oath, of the financial condition of his office as of the date of such call, to the Auditor of Public Accounts, and upon such forms as shall be prescribed by the Auditor of Public Accounts.

§ 4-12.00 SEVERABILITY

If any part, section, subsection, paragraph, sentence, clause, phrase, or item of this act or the application thereof to any person or circumstance is for any reason declared unconstitutional, such decisions shall not affect the validity of the remaining portions of this act which shall remain in force as if such act had been passed with the unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, item or such application thereof eliminated; and the General Assembly hereby declares that it would have passed this act if such unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, or item had not been included herein, or if

such application had not been made.

§ 4-13.00 CONFLICT WITH OTHER LAWS

Notwithstanding any other provision of law, and until June 30, 2022, the provisions of this act shall prevail over any conflicting provision of any other law, without regard to whether such other law is enacted before or after this act; however, a conflicting provision of another law enacted after this act shall prevail over a conflicting provision of this act if the General Assembly has clearly evidenced its intent that the conflicting provision of such other law shall prevail, which intent shall be evident only if such other law (i) identifies the specific provision(s) of this act over which the conflicting provision of such other law is intended to prevail and (ii) specifically states that the terms of this section are not applicable with respect to the conflict between the provision(s) of this act and the provision of such other law.

§ 4-14.00 EFFECTIVE DATE

This act is effective on its passage as provided in § 1-214, Code of Virginia.

Any authority or responsibilities of the Secretary of Technology not referenced in Item 66 and Item 111 of this act shall be executed by either the Secretary of Administration or the Secretary of Commerce and Trade as determined by the Governor.

4. That any authority or responsibilities of the Innovation and Entrepreneurship Investment Authority and the Center for Innovative Technology not referenced in Item 135 of this Act shall be executed by the Virginia Innovation Partnership Authority and the non-profit entity established in legislation to be considered by the 2020 General Assembly.

5. That § 16.1-69.48:2 of the Code of Virginia is amended and reenacted as follows:

§ 16.1-69.48:2. Fees for services of district court judges and clerks and magistrates in civil cases.

Fees in civil cases for services performed by the judges or clerks of general district courts or magistrates in the event any such services are performed by magistrates in civil cases shall be as provided in this section, and, unless otherwise provided, shall be included in the taxed costs and shall not be refundable, except in case of error or as herein provided.

For all court and magistrate services in each distress, detinue, interrogatory summons, unlawful detainer, civil warrant, notice of motion, garnishment, attachment issued, or other civil proceeding, the fee shall be \$36. No such fee shall be collected (i) in any tax case instituted by any county, city or town or (ii) in any case instituted by a school board for collection of overdue book rental fees. Of the fees collected under this section, \$10 of each such fee collected shall be apportioned to the Courts Technology Fund established under § 17.1-132.

The judge or clerk shall collect the foregoing fee at the time of issuing process. Any magistrate or other issuing officer shall collect the foregoing fee at the time of issuing process, and shall remit the entire fee promptly to the court to which such process is returnable, or to its clerk. When no service of process is had on a defendant named in any civil process other than a notice of motion for judgment, such process may be reissued once by the court or clerk at the court's direction by changing the return day of such process, for which service by the court or clerk there shall be no charge; however, reissuance of such process shall be within three months after the original return day.

The clerk of any district court may charge a fee for making a copy of any paper of record to go out of his office which is not otherwise specifically provided for. The amount of this fee shall be set in the discretion of the clerk but shall not exceed \$1 for the first two pages and \$.50 for each page thereafter.

The fees prescribed in this section shall be the only fees charged in civil cases for services performed by such judges and clerks, and when the services referred to herein are performed by magistrates such fees shall be the only fees charged by such magistrates for the prescribed services.

6. a. In anticipation of the collection of taxes and revenues of the Commonwealth, for fiscal years 2021 and 2022, the Treasury Board is hereby authorized, by and with the consent of the Governor, to sell and issue, pursuant to Article X, Section 9 (a)(2) of the Constitution of Virginia, as the case may be, at one time or from time to time, tax and revenue anticipation notes ("9(a)(2) Notes") of the Commonwealth, including 9(a)(2) Notes issued as commercial paper. The proceeds of such 9(a)(2) Notes, excluding amounts needed to fund issuance costs, reserve funds, and other financing expenses, shall be used exclusively for the purpose of providing funds, together with any other available funds, to help manage the cash flow impact of actual or potential reductions of tax and other revenues or increases in expenses related to or resulting from the COVID-19 pandemic, and including the payment of operating expenses incurred or to be incurred in anticipation of the collection of taxes and revenues by the Commonwealth.

b. In addition, in anticipation of the collection of taxes and revenues of the Commonwealth, and its counties, cities and towns, for fiscal years 2021 and 2022, the Treasury Board is hereby authorized, by and with the consent of the Governor, to sell and issue, pursuant to Article X, Section 9 (d) of the Constitution of Virginia, as the case may be, at one time or from time to time, tax and revenue anticipation notes of the Commonwealth ("9(d) Notes" and together with the 9(a)(2) Notes authorized in the foregoing paragraph, "Notes"), including 9(d) Notes issued as commercial paper. The proceeds of such 9(d) Notes, excluding amounts needed to fund issuance costs, reserve funds, and other financing expenses, shall be used exclusively for the purpose of providing funds, together with any other available funds, to help manage the cash flow impact of actual or potential reductions of tax and other revenues or increases in expenses related to or resulting from the COVID-19 pandemic, and including the payment of operating expenses incurred or to be incurred in anticipation of the collection of taxes and revenues by the Commonwealth and its counties, cities and towns, and to purchase or acquire similar notes issued by, or otherwise to assist, cities, counties and towns of the Commonwealth for such purpose. The Governor is authorized to select the counties, cities and towns to participate in the undertakings authorized hereunder and direct the distribution of 9(d) Note proceeds to the particular counties, cities and town, and shall, after consultation with all interested parties, develop a guidance document governing eligibility and priority criteria.

c. The Treasury Board is authorized to issue Notes hereunder in an aggregate principal amount not exceeding \$500,000,000 for the benefit of the Commonwealth and in an aggregate principal amount not exceeding \$250,000,000 for the benefit of counties, cities and towns, plus in either case amounts needed to fund issuance costs, reserve funds, capitalized interest, and other financing expenses.

d. 9(a)(2) Notes shall mature at such time or times within twelve months from their date or dates, and 9(d) Notes shall mature at such time or times not exceeding two years from their date or dates.

e. The full faith and credit of the Commonwealth shall be pledged to any 9(a)(2) Notes issued under the provisions of this Item. 9(d) Notes issued under the provisions of this item shall not be deemed to constitute a debt of the Commonwealth of Virginia or a pledge of the full faith and credit of the Commonwealth, but such obligations shall be payable solely, subject to appropriation by the General Assembly, from amounts appropriated from time to time by the General Assembly and from amounts paid by counties, cities and towns that issue bonds, notes or obligations with respect to this Item. There is hereby appropriated a sum sufficient to the Treasury Board for the purpose of paying the debt service on the Notes.

f. The Virginia Resources Authority is authorized to purchase and acquire through proceeds of 9(d) Notes bonds, notes or obligations of counties, cities and towns of the Commonwealth issued for the purposes authorized hereunder and establish the interest rates and repayment terms of such bonds, notes or obligations in accordance with a memorandum of agreement with the Treasury Board and the Authority shall recover its reasonable costs and expenses for doing so from the proceeds of such Notes and for its role in the administration and management of such proceeds.

g. Each county, city, and town is hereby authorized to issue bonds, notes or obligations for the purposes set forth in paragraph (b) above. The authority of any county, city, and town to contract and to issue bonds, notes or obligations pursuant to such authorization is in addition to any existing authority to contract and issue bonds, notes or obligations, anything in the laws of the Commonwealth, including any local charter, to the contrary notwithstanding. The provisions of Virginia Code § 15.2-2659 and § 62.1-216.1 shall apply, mutatis mutandis, with respect to any bond, note or obligation issued by a county, city or town hereunder.

h. The proceeds, including any premium, of the Notes shall be deposited in a special account in the state treasury and, together with the investment income thereon, shall be disbursed by the State Treasurer from time to time for paying all or any part of the expenses or undertakings as set forth in paragraphs (a) and (b) above. The Notes shall be dated and may be made redeemable before their maturity or maturities at such price or prices or within such price parameters, all as may be determined by the Treasury Board, by and with the consent of the Governor, and shall be in such form, shall bear interest at such rate or rates, either at fixed rates or at rates established by formula or other method, and may contain such other provisions, all as determined by the Treasury Board or, when authorized by the Treasury Board, the State Treasurer. The principal of and premium, if any, and the interest on Notes shall be payable in lawful money of the United States of America. Notes may be certificated or uncertificated as determined by the Treasury Board. The Treasury Board may contract for services of such registrars, transfer agents, or other authenticating agents as it deems appropriate to maintain a record of the persons entitled to the Notes. Notes issued in certificated form may be issued under a system of book entry for recording the ownership and transfer of ownership of rights to receive payments on the Notes. The Treasury Board shall fix the authorized denomination or denominations of the Notes and the place or places of payment of certificated Notes, which may be at the Office of the State Treasurer or at any bank or trust company within or without the Commonwealth. The Treasury Board may sell Notes in such manner, by competitive bidding, negotiated sale, or private placement with private lenders or governmental agencies, and for such price or within such price parameters as it may determine, by and with the consent of the Governor, to be in the best interest of the Commonwealth. In the discretion of the Treasury Board, Notes may be issued at one time or from time to time. Certificated Notes shall be signed on behalf of the Commonwealth by the Governor and by the State Treasurer, or shall bear their facsimile signatures, and shall bear the lesser seal of the Commonwealth or a facsimile thereof. If the Notes bear the facsimile signature of the State Treasurer, they shall be signed by such administrative assistant as the State Treasurer shall determine or by such registrar or paying agent as may be designated to sign them by the Treasury Board. If any officer whose signature or facsimile signature appears on any Notes ceases to be such officer before delivery, such signature or facsimile

signature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until such delivery, and any Note may bear the facsimile signature of, or may be signed by, such persons as at the actual time of execution are the proper officers to sign such Note, although at the date of such Note, such persons may not have been such officers.

i. The Treasury Board is authorized to create debt service and sinking funds for the payments of the principal of, premium, if any, and interest on the Notes and other funds or reserves desirable or required by any purchaser. Pending the application of the proceeds of the Notes to the purpose for which they have been authorized and the application of funds set aside for the purpose to the payment of Notes, they may be invested by the State Treasurer in securities that are legal investments under the laws of the Commonwealth for public funds and sinking funds, as the case may be. Whenever the State Treasurer receives interest from the investment of the proceeds of Notes, such interest shall become a part of the principal of the Notes and shall be used in the same manner as required for principal of the Notes.

7.a. Notwithstanding any other provision of law, upon the declaration by the Governor of a state of emergency pursuant to § 44-146.17, Code of Virginia, in response to a communicable disease of public health threat as defined in § 44-146.16, Code of Virginia, electric companies subject to regulation of the State Corporation Commission ("Commission"), natural gas suppliers subject to the regulation of the Commission, electric and gas municipal utilities, and water suppliers and wastewater service providers, subject to the regulation of Commission or constituting a municipal utility ("utilities") are prohibited from disconnecting service to residential customers for non-payment of bills or fees until the Governor determines that the economic and public health conditions have improved such that the prohibition does not need to be in place, or until at least 60 days after such declared state of emergency ends, whichever is sooner. "Municipal utility" means a utility providing electric, gas, or water or wastewater service that is owned or operated by a city, county, town, authority, or other political subdivision of the Commonwealth. The utilities shall notify all customers who are at least 30 days in arrears of this utility disconnection moratorium, which may be by bill insert or bill notice.

b. No more than 60 days after the enactment of this act, the utilities shall notify all customers who are at least 30 days in arrears of the COVID-19 Relief Repayment Plan (Repayment Plan), which may be by bill insert or bill notice, such notice shall include eligibility, billing information, applicable financial assistance resources, and contact information where customers may file an initial complaint on Repayment Plan related disputes. All utilities within 60 days after the enactment of this act must offer customers a Repayment Plan for past due accounts while the universal prohibition on service disconnections is in effect that includes, at minimum, the following provisions:

1. The Repayment Plan shall not require any new deposits, down payments, fees, late fees, interest charges, or penalties, nor shall such plan accrue any fees, interest, or penalties, including prepayment penalties;

2. The Repayment Plan shall amortize the repayment of a customer's utility debt over a minimum period of 6 months and up to 24 months for each utility. The utility will work with the customer to establish a Repayment Plan that meets the requirements of this clause 7.b. and that the customer determines is sustainable and affordable for them. A customer may satisfy the Repayment Plan in part or in full at any time; and

3. The utilities shall not apply eligibility criteria, such as installment plan history. However, the utilities may require the customer to attest to the utility or to a third party chosen by the utility that the customer has experienced a financial hardship resulting directly or indirectly from the public health emergency or that they have experienced a hardship to pay during the public health emergency.

4. If a utility reports to a consumer reporting agency or debt collector regarding a consumer who is on a Repayment Plan, the utility shall report the account as "current" in accordance with the Public Law 116-136: Coronavirus Aid, Relief, and Economic Security Act. If the provisions of Public Law 116-136: Coronavirus Aid, Relief, and Economic Security Act expire prior to the end of the universal moratorium established in clause 7.a., the utility may only resume reporting any default on the Repayment Plan at the end of the universal moratorium established in clause 7.a.

5. However, no utility that has received an order exempting it from the provisions of this clause 7.a. shall disconnect from service a customer who is making timely payments under the Repayment Plan at the time of the order and until such time as a customer ceases to make timely payments under the Repayment Plan. A utility that has received an order exempting it from the provisions of this clause 7.a. shall attempt to establish a Repayment Plan with its customers prior to any disconnection of service.

c. Nothing herein shall limit or prevent the utilities or the residential customers from applying or seeking debt relief or mitigation from any available resource, from entering into another payment plan offered by the utility, or from renegotiating the terms of the Repayment Plan.

d. In accordance with the provisions of Item 479.10, paragraph B.5. of this act, utilities shall use any funding allocated from the federal Coronavirus Relief Funds of the Coronavirus Aid, Relief, and Economic Security (CARES) Act (P.L. 116-136) to provide direct subsidy payments on behalf of customers whose accounts are over 30 days in arrears, provided such use meets eligibility requirements pursuant to United States Department of the Treasury guidance. In applying these funds to customer accounts, utilities shall prioritize providing financial assistance to customers who are over 60 days in arrears

prior to using the funds to assist customers with accounts 31 to 60 days in arrears. To the extent possible, utilities shall use available funding to cover one-hundred percent of the customer's arrearage.

In addition to the funds provided in Item 479.10, paragraph B.2. of this act, where applicable, utilities must accept financial assistance from other utility assistance programs funded with federal Coronavirus Relief Funds from the Coronavirus Aid, Relief, and Economic Security (CARES) Act (P.L. 116-136) for customers who are at least 30 days in arrears. To the extent possible, utilities must direct customers in writing to these resources when establishing a Repayment Plan.

e. Notwithstanding anything to the contrary in this clause 7 or any other provision of law, if a utility subject to regulation of the Commission has accounts receivable arrearages for Virginia customers that exceed 2% of an investor-owned electric utility's, or 1% of any other utility's, annual Virginia jurisdictional operating revenues, then the utility may obtain relief from the moratorium established in clause 7.a. by filing an informational letter notice with the clerk of the Commission, stating such facts to demonstrate the exceedance and contemporaneously tendering associated workpapers to the staff of the Commission. The Commission staff shall verify the information as filed by the utility and shall file a verification letter with the Clerk of the Commission. The Commission, upon receipt of a favorable verification letter, shall issue a final order within five days. Upon issuance of an order, a utility shall thereafter be exempt from the moratorium provisions of this clause 7.a.

f. Notwithstanding anything to the contrary in this clause 7 or any other provision of law, if a utility subject to this clause 7 but not subject to regulation of the Commission has accounts receivable arrearages that exceed 1% of the utility's annual operating revenues, then the utility may obtain relief from the moratorium established in clause 7.a. if (i) the utility provides a written analysis stating such facts to demonstrate the exceedance to staff of the governing body, (ii) the utility contemporaneously makes available for public inspection associated workpapers verifying such facts to staff of the governing body, and (iii) the governing body verifies the exceedance, provides public notice, takes public comment on, and votes to approve that the exceedance is accurate in an open public meeting. In the event of an affirmative vote of the utility's governing body, the utility shall thereafter be exempt from the moratorium provisions of this clause 7.a.

g. The Commission shall allow for the timely recovery of bad debt obligations, reasonable late payment fees suspended, and prudently incurred implementation costs resulting from a Repayment Plan for electric, gas, water, or wastewater utilities, including through a rate adjustment clause or through base rates, however, the Commission shall exclude from recovery all costs associated with any jurisdictional customer balances forgiven by a Phase II utility pursuant to paragraph j. below. The Commission may apply any applicable earnings test in the Commission rules governing utility rate applications and annual informational filings when assessing the recovery of such costs. The Commission shall also require the utilities subject to regulation by the Commission to submit information on the status of customer accounts, including (a) the number and value of outstanding aged account balances, categorized by customer type; (b) the number and value of associated collections from customers, categorized by customer type; (c) the number and value of associated additions to aged accounts receivable balances, categorized by customer type; (d) the number and value of aged accounts receivable balances, net of collections and additions; (e) the number, total value, and average debt of accounts that are participating in the Repayment Plan, or another repayment plan as set forth by the utility; (f) the number of accounts removed from the Repayment Plan, or another repayment plan as set forth by the utility, categorized by reason; (g) the amount of and average debt still remaining for customer accounts removed from the Repayment Plan or another repayment plan as set forth by the utility; (h) the carrying costs of the debt for accounts participating in a repayment plan and any associated administrative costs incurred; (i) the number, total value, and average debt of customer accounts receiving direct assistance by the funds provided in Item 479.10, paragraph B.2. of this act, categorized by days in arrears and customer account type; (j) the cumulative level of customer arrearages by locality; and (k) any cost recorded as regular asset authorized by that certain order of the Commission in Case Number PUR-2020-00074. The Commission shall provide the Chairs of the House Committees on Labor and Commerce and Appropriations, the Senate Committees on Commerce and Labor and Finance and Appropriations, and the Secretary of Commerce and Trade an aggregated anonymized report by utility containing such compiled information by December 31, 2020, within 90 days of the expiration of the universal prohibition established in clause 7.a., and annually, on or before December 31st, thereafter for the following two years. The report due on December 31, 2020 shall cover the period from March 16, 2020 through December 15, 2020. The report due within 90 days of the end of the universal prohibition established in clause 7.a. shall cover the period from December 16, 2020 to the end of the universal prohibition established in clause 7.a. Annual reports shall cover the period from the end of the universal prohibition established in clause 7.a. to December 16th of the year the report is due.

h. Utilities not subject to regulation by the Commission shall submit information on the status of customer accounts to the Commission on Local Government managed by the Department of Housing and Community Development, including (a) the number and value of accounts that are at least 30 days in arrears; (b) the number and value of accounts that are at least 60 days in arrears; (c) the number, total value, and average debt of accounts that are participating in the Repayment Plan, or another repayment plan as set forth by the utility; (d) the number of accounts removed from the Repayment Plan, or another repayment plan as set forth by the utility, categorized by reason; (e) the amount of and average debt still remaining for accounts removed from the Repayment Plan or another repayment plan as set forth by the utility; (f) the carrying costs of the debt for accounts participating in a repayment plan and any associated administrative costs incurred; (g) the number, total value, and average debt of accounts offset by the funds provided in Item 479.10, paragraph B.2. of this act and local programs using Coronavirus Relief Funds, categorized by days in arrears, customer account type, and Coronavirus Relief Fund type; and, (h) the cumulative level of customer arrearages by locality. The Commission on Local Government shall provide the Chairs of the House Committees on Labor and Commerce and Appropriations, the Senate Committees on Commerce and

Labor and Finance and Appropriations, and the Secretary of Commerce and Trade an aggregated anonymized report by utility containing such compiled information by December 31, 2020, within 90 days of the expiration of the universal prohibition established in clause 7.a., and annually, on or before December 31st, thereafter for the following two years. The report due on December 31, 2020 shall cover the period from March 16, 2020 through December 15, 2020. The report due within 90 days of the end of the universal prohibition established in clause 7.a. shall cover the period from December 16, 2020 to the end of the universal prohibition established in clause 7.a. Annual reports shall cover the period from the end of the universal prohibition established in clause 7.a. to December 16th of the year the report is due.

i. The reports required in paragraphs g. and h. of this clause 7 are not eligible for deferral or delay as permitted under Item 4-8.01, a.4.a. of this act.

j. Within 60 days after the enactment of this act, a Phase II Utility shall forgive all such utility's jurisdictional customer balances more than 30 days in arrears as of September 30, 2020.

1. In the utility's 2021 triennial review, any forgiven amounts shall be excluded from the utility's cost of service for purposes of determining any test period earnings and determining any future rates of the utility. In determining any customer bill credits, in the utility's 2021 triennial review, the Commission shall first offset any forgiven amounts against the total earnings for the 2017 through 2020 test periods that are determined to be above the utility's authorized earnings band. Such offset shall be made prior to any offset to customer bill credits by customer credit reinvestment offsets.

2. Each Phase II Utility shall, no later than December 31, 2020, submit a report to the Governor, the Chairs of the House Committees on Labor and Commerce and Appropriations, and the Senate Committees on Commerce and Labor and Finance and Appropriations, and the Chair of the Commission on Electric Utility Regulation, detailing all actions by it pursuant to this act to forgive customer balances.

k. *In addition to the relief provided pursuant to clause 7.j., within 60 days after the enactment of this act, a Phase II Utility shall forgive all such utility's jurisdictional customer balances more than 30 days in arrears as of December 31, 2020.*

1. *In the utility's 2021 triennial review, the provisions of clause 7.k. shall be excluded from the utility's cost of service for purposes of determining any test period earnings and determining any future rates of the utility. In determining any customer bill credits, in the utility's 2021 triennial review, the Commission shall first offset any amounts pursuant to clause 7.k. against the total earnings for the 2017 through 2020 test periods that are determined to be above the utility's authorized earnings band. Such offset shall be made prior to any offset to customer bill credits by customer credit reinvestment offsets.*

2. *Each Phase II Utility shall, no later than November 1, 2021, submit a report to the Governor, the Chairs of the House Committees on Labor and Commerce and Appropriations, and the Senate Committees on Commerce and Labor and Finance and Appropriations, and the Chair of the Commission on Electric Utility Regulation, detailing all actions by it pursuant to this act to forgive customer balances.*

8.a. Notwithstanding any other provision of law, upon the declaration by the Governor of a state of emergency pursuant to § 44-146.17 of the Code of Virginia in response to a communicable disease of public health threat as defined in § 44-146.16 of the Code of Virginia, no landlord shall terminate a residential tenancy, or take any action to obtain possession of a dwelling unit, for non-payment of rent through December 31, 2020, unless such eligible tenant refuses to apply for *Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program)* **Virginia Rent and Mortgage Relief Program** assistance and refuses to cooperate with the landlord in applying for rental assistance through the *Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program)* **Virginia Rent and Mortgage Relief Program**. Such landlords and tenants must also comply with the following:

1. For an owner who owns more than four rental dwelling units or more than a 10 percent interest in more than four rental dwelling units, whether individually or through a business entity, in the Commonwealth, if rent is unpaid when due, the landlord shall serve upon the tenant, pursuant to § 55.1-1202, a written notice informing the tenant of the total amount due and owed. The written notice shall also inform the tenant that if the tenant provides to the landlord a signed statement certifying that the tenant has experienced additional expenses or a loss of income due to the declared state of emergency, the tenant may, but is not required to, enter into a payment plan under which the tenant shall be required to pay the total amount due and owed in equal monthly installments over a period of the lesser of six months or the time remaining under the rental agreement. The total amount due and owed under a payment plan shall not include any late fees, and no late fees shall be assessed during any time period in which a tenant is making timely payments under a payment plan. If the tenant fails to pay in full, enter into a written payment plan with the landlord, or pay any installment required by the plan, the landlord may not terminate the tenancy nor take any action to obtain possession of the dwelling unit until the provisions of subsection 8.b. are effectuated on January 1, 2021. However, during the time the provisions of this subsection 8.a. are in effect, the landlord may proceed to obtain possession of the premises as provided in § 55.1-1251 in the event that the tenant refuses to apply for *Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program)* **Virginia Rent and Mortgage Relief Program** assistance and refuses to cooperate with the landlord in applying for rental assistance through the *Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program)* **Virginia Rent and Mortgage Relief Program**, as described in subsection 8.a.2. below. Nothing in this subsection shall preclude a tenant from availing himself of any other rights or remedies available to him under the law, nor shall the tenant's eligibility to

participate or participation in any rent relief program offered by a nonprofit organization or under the provisions of any federal, state, or local law, regulation, or action prohibit the tenant from taking advantage of the provisions of this subsection.

2. If rent is unpaid when due, or if a payment under the terms of a payment plan is unpaid when due, the landlord shall serve upon the tenant, pursuant to § 55.1-1202, a written notice informing the tenant of the *Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program)* ~~Virginia Rent and Mortgage Relief Program~~ and information on how to reach 2-1-1 Virginia to determine any additional federal, state, and local rent relief programs. The written notice shall also inform the tenant that the owner, landlord, or owner's licensed agent will apply for rental assistance with the *Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program)* ~~Virginia Rent and Mortgage Relief Program~~ on behalf of the tenant, or the landlord will cooperate with the tenant's application for rental assistance with the *Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program)* ~~Virginia Rent and Mortgage Relief Program~~, or with another federal, state, or local rent relief program, by providing required documentation for such application, including the W-9 IRS form and any supporting affidavit. If the tenant refuses to apply for *Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program)* ~~Virginia Rent and Mortgage Relief Program~~ assistance and refuses to cooperate with the landlord in applying for rental assistance through the *Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program)* ~~Virginia Rent and Mortgage Relief Program~~, the landlord may proceed to obtain possession of the premises as provided in § 55.1-1251 for non-payment of rent, during such time the provisions of 8.a. are in effect. Before January 1, 2021, a landlord may not terminate a tenancy nor take action to obtain possession of a dwelling unit based solely on failure to receive written approval from the *Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program)* ~~Virginia Rent and Mortgage Relief Program~~ or any other federal, state, or local rent relief program. After the provisions of subsection 8.b. are effectuated on January 1, 2021, the landlord may terminate the tenancy or take action to obtain possession of the dwelling unit based on failure to receive written approval from the *Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program)* ~~Virginia Rent and Mortgage Relief Program~~ or any other federal, state, or local rent relief program, but only in compliance with the applicable provisions of subsection 8.b.3. For any application by the owner, landlord, owner's licensed agent, or the tenant to the *Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program)* ~~Virginia Rent and Mortgage Relief Program~~ or any other federal, state, or local rent relief program, the administrator of the *Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program)* ~~Virginia Rent and Mortgage Relief Program~~ or the administrator of any other federal, state, or local rent relief program shall work diligently to process such application within fourteen days of submission of such application.

b. Beginning January 1, 2021, notwithstanding any other provision of law, upon the declaration by the Governor of a state of emergency pursuant to § 44-146.17 of the Code of Virginia in response to a communicable disease of public health threat as defined in § 44-146.16 of the Code of Virginia, no landlord shall terminate a residential tenancy, or take any action to obtain possession of a dwelling unit, for non-payment of rent due to lost income or additional expenses resulting from the declared state of emergency until such time the declared state of emergency ends, except as follows:

1. For an owner who owns four or fewer rental dwelling units in the Commonwealth, if rent is unpaid when due and the tenant fails to pay rent within fourteen days after written notice is served on him, pursuant to § 55.1-1202, notifying the tenant of his nonpayment and of the landlord's intention to obtain possession of the premises if the rent is not paid within the fourteen-day period, the landlord may proceed to obtain possession of the premises as provided in § 55.1-1251, provided that the landlord also complies with subsection 3. below.

2. For an owner who owns more than four rental dwelling units or more than a 10 percent interest in more than four rental dwelling units, whether individually or through a business entity, in the Commonwealth, if rent is unpaid when due, the landlord shall serve upon the tenant, pursuant to § 55.1-1202, a written notice informing the tenant of the total amount due and owed. The written notice shall also inform the tenant that if the tenant provides to the landlord a signed statement certifying that the tenant has experienced additional expenses or a loss of income due to the declared state of emergency, the tenant may, but is not required to, enter into a payment plan under which the tenant shall be required to pay the total amount due and owed in equal monthly installments over a period of the lesser of six months or the time remaining under the rental agreement. The total amount due and owed under a payment plan shall not include any late fees, and no late fees shall be assessed during any time period in which a tenant is making timely payments under a payment plan. The written notice shall also inform the tenant that if the tenant fails to either pay the total amount due and owed or enter into the payment plan offered, or an alternative payment arrangement acceptable to the landlord, within fourteen days of receiving the written notice from the landlord, the landlord may proceed to obtain possession of the premises as provided in § 55.1-1251. If the tenant fails to pay in full or enter into a written payment plan with the landlord within fourteen days of when the notice is served on him, the landlord may proceed to obtain possession of the premises as provided in § 55.1-1251, provided that the landlord also complies with subsection 3. below. If the tenant enters into a payment plan and, after the plan becomes effective, fails to pay any installment required by the plan within fourteen days of its due date, the landlord may proceed to obtain possession of the premises as provided in § 55.1-1251, provided that he has sent the tenant a new notice, pursuant to § 55.1-1202, advising the tenant of the landlord's intention to obtain possession of the premises unless the tenant pays the total amount due and owed as stated on the notice within fourteen days of receipt and provided that the landlord complies with subsection 3. below. The option of entering into a payment plan or alternative payment arrangement pursuant to this subdivision may only be utilized once during the time period of the rental agreement. Nothing in this subsection shall preclude a tenant from availing himself of any other rights or remedies available to him under the law, nor shall the tenant's eligibility to participate or participation in

any rent relief program offered by a nonprofit organization or under the provisions of any federal, state, or local law, regulation, or action prohibit the tenant from taking advantage of the provisions of this subsection.

3. If rent is unpaid when due; or if a payment under the terms of a payment plan is unpaid when due, the landlord shall serve upon the tenant, pursuant to § 55.1-1202, a written notice informing the tenant of the Virginia Rent and Mortgage Relief Program and information on how to reach 2-1-1 Virginia to determine any additional federal, state, and local rent relief programs. The written notice shall also inform the tenant that the owner, landlord, or owner's licensed agent will apply for rental assistance with the Virginia Rent and Mortgage Relief Program on behalf of the tenant; or the landlord will cooperate with the tenant's application for rental assistance with the Virginia Rent and Mortgage Relief Program; or with another federal, state, or local rent relief program; by providing required documentation for such application, including the W-9 IRS form and any supporting affidavit. Unless the tenant has communicated to the landlord that they are applying for rental assistance funds, the landlord shall apply for rental assistance on behalf of the tenant to the Virginia Rent and Mortgage Relief program; or another federal, state, or local rental assistance program no later than fourteen days from the time the written notice is served. If the tenant refuses to apply for rental assistance and refuses to cooperate with the landlord in applying for rental assistance through the Virginia Rent and Mortgage Relief Program; or with another federal, state, or local rent relief program, the landlord may take action to obtain possession of a dwelling unit for non-payment of rent as provided in § 55.1-1251. If the landlord or the tenant does not receive written approval from the Virginia Rent and Mortgage Relief Program or any other federal, state, or local rent relief program within forty-five days of when the application for assistance is made by the tenant or the landlord, the landlord may proceed to obtain possession of the premises as provided in § 55.1-1251. For any subsequent application by the owner, landlord, owner's licensed agent, or the tenant to the Virginia Rent and Mortgage Relief Program or any other federal, state, or local rent relief program, the administrator of the Virginia Rent and Mortgage Relief Program or the administrator of any other federal, state, or local rent relief program shall work diligently to process such application within fourteen days of submission of such application. If the landlord or tenant does not receive written approval from the Virginia Rent and Mortgage Relief program or any other federal, state, or local rent relief program within fourteen days of submission of the subsequent application, the landlord may proceed to obtain possession of the premises as provided in § 55.1-1251. If the tenant does not qualify for the Virginia Rent and Mortgage Relief Program or any other federal, or state rent relief program; or there are no longer funds available from these sources, then the provisions of this subsection, 8.b.3, do not apply.

3. If rent is unpaid when due, or if a payment under the terms of a payment plan is unpaid when due, the landlord shall, pursuant to § 55.1-1202, Code of Virginia, serve a written notice on the tenant that informs the tenant of the Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program) and provides the website address and statewide telephone number for that program. The written notice shall also provide information on how to reach 2-1-1 Virginia to determine whether there are any other available federal, state and local rent relief programs. The written notice shall also inform the tenant that the owner, landlord, or owner's licensed agent shall apply for rental assistance on the tenant's behalf within 14 days of serving the notice on the tenant, unless the tenant pays in full, enters into a payment plan or informs the landlord that they have already applied for rental assistance. The landlord shall apply for rental assistance on behalf of the tenant no later than 14 days after serving the written notice on the tenant, unless they receive the full amount owed by the tenant or confirmation from the tenant that the tenant has applied for rental assistance before the 14th day, or they have entered into a payment plan with the tenant. If the tenant has applied for rental assistance, the landlord shall cooperate with the tenant's application, by providing all information and documentation required to complete the application, including but not limited to the W-9 IRS form and any supporting affidavits. In an initial application, if the landlord or the tenant does not receive written approval from the Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program) or any other federal, state, or local rent relief program within forty-five days of when the application for assistance is made by the tenant or the landlord, the landlord may proceed to obtain possession of the premise as provided in § 55.1-1251. For any subsequent application, if the landlord or tenant does not receive written approval from the Virginia Rent Relief Program (formerly Virginia Rent and Mortgage Relief Program) or any other federal, state, or local rent relief program within fourteen days of submission of the subsequent application, the landlord may proceed to obtain possession of the premises as provided in § 55.1-1251. If a tenant who has not paid in full or entered into a payment plan with the landlord within 14 days after the written notice is served refuses to apply for rental assistance and also refuses to cooperate with the landlord in providing information and documentation required to complete the application made by the landlord, or if such tenant is determined ineligible for rental assistance, or there are no longer funds available through any federal, state or local rental assistance program, the landlord may take action to obtain possession of the tenant's dwelling unit as provided in § 55.1-1251, Code of Virginia.

c. If a landlord reports to a consumer reporting agency or debt collector regarding a tenant who is participating in the repayment plan or receiving assistance from a federal, state, or local rent relief program, the landlord shall report the account as "current" in accordance with the Public Law 116-136: Coronavirus Aid, Relief, and Economic Security Act.

d. If a tenant is complying with a written payment plan with the landlord or has resolved any non-payment of rent, the landlord cannot take any action to obtain possession of a dwelling unit for non-payment of rent.

e. Nothing in this section relieves either the landlord or the tenant from their obligations to maintain the dwelling as those obligations are set forth in Article 2 and Article 3 of Chapter 12 of Title 55.1.

f. Nothing in this section shall void any judgment for possession validly obtained by a landlord prior to the effective date of this section; however, the court shall not issue a writ of execution thereunder, following the effective date, unless it complies with the provisions of this Section 8:

f. Nothing in this section shall void any judgment for possession validly obtained by a landlord prior to November 18, 2020; however, a landlord shall not initiate, maintain, or advance any legal process to obtain possession of a dwelling unit for non-payment of the rent unless the landlord complies with the provisions of this Section 8.

9. That §§ 8.01-3, 24.2-306, 24.2-309.2, 30-263, 30-264, and 30-265 of the Code of Virginia are amended and reenacted and that the Code of Virginia is amended by adding in Title 30 a chapter numbered 62 consisting of sections numbered 30-391 through 30-400 as follows:

F. Any amendment or addition to the rules of evidence shall be adopted by the Supreme Court on or before November 15 of any year and shall become effective on July 1 of the following year unless the General Assembly modifies or annuls any such amendment or addition by enactment of a general law. For a regulated investment company and a real estate investment trust, such term means the "investment company taxable income" and "real estate investment trust taxable income," respectively, to which shall be added in each case any amount of capital gains and any other income taxable to the corporation under federal law which shall be further adjusted as provided in subsections B, C, D, E, ~~and~~ G, *and* H.

B. There shall be added to the extent excluded from federal taxable income:

2. Interest or dividends, less related expenses to the extent not deducted in determining federal taxable income, on obligations or securities of any authority, commission or instrumentality of the United States, which the laws of the United States exempt from federal income tax but not from state income taxes;

(2) The related member derives at least one-third of its gross revenues from the licensing of intangible property to parties who are not related members, and the transaction giving rise to the expenses and costs between the corporation and the related member was made at rates and terms comparable to the rates and terms of agreements that the related member has entered into with parties who are not related members for the licensing of intangible property; or

(3) The corporation can establish to the satisfaction of the Tax Commissioner that the intangible expenses and costs meet both of the following: (i) the related member during the same taxable year directly or indirectly paid, accrued or incurred such portion to a person who is not a related member, and (ii) the transaction giving rise to the intangible expenses and costs between the corporation and the related member did not have as a principal purpose the avoidance of any portion of the tax due under this chapter.

A corporation required to add to its federal taxable income intangible expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of intangible expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such intangible expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related intangible expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

This addition shall not be required for any portion of the interest expenses and costs, if:

b. A corporation required to add to its federal taxable income interest expenses and costs pursuant to subdivision a may petition the Tax Commissioner, after filing the related income tax return for the taxable year and remitting to the Tax Commissioner all taxes, penalties, and interest due under this article for such taxable year including tax upon any amount of interest expenses and costs required to be added to federal taxable income pursuant to subdivision a, to consider evidence relating to the transaction or transactions between the corporation and a related member or members that resulted in the corporation's taxable income being increased, as required under subdivision a, for such interest expenses and costs.

If the corporation can demonstrate to the Tax Commissioner's sole satisfaction, by clear and convincing evidence, that the transaction or transactions between the corporation and a related member or members resulting in such increase in taxable income pursuant to subdivision a had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms, the Tax Commissioner shall permit the corporation to file an amended return. For purposes of such amended return, the requirements of subdivision a shall not apply to any transaction for which the Tax Commissioner is satisfied (and has identified) that the transaction had a valid business purpose other than the avoidance or reduction of the tax due under this chapter and that the related payments between the parties were made at arm's length rates and terms. Such amended return shall be filed by the corporation within one year of the written permission granted by the Tax Commissioner and any refund of the tax imposed under this article shall include interest at a rate equal to the rate of interest established under § 58.1-15 and such interest shall accrue as provided under § 58.1-1833. However, upon the filing of such amended return, any related member of the corporation that subtracted from taxable income amounts received pursuant to subdivision C 21 shall be subject to the tax imposed under this article on that portion of such amounts for which the corporation has filed an amended return pursuant to this subdivision. In addition, for such transactions identified by the Tax Commissioner herein by which he has been satisfied by clear and convincing evidence, the Tax Commissioner may permit the corporation in filing income tax returns for subsequent taxable years to deduct the related interest expenses and costs without making the adjustment under subdivision a.

The Tax Commissioner may charge a fee for all direct and indirect costs relating to the review of any petition pursuant to this subdivision, to include costs necessary to secure outside experts in evaluating the petition. The Tax Commissioner may condition the review of any petition pursuant to this subdivision upon payment of such fee.

No suit for the purpose of contesting any action of the Tax Commissioner under this subdivision shall be maintained in any court of this Commonwealth.

(P.L. 108-357) as follows:

1. If the payment is received in installment payments, then the recognized gain, including any gain recognized in taxable year 2005, may be subtracted in the taxable year immediately following the year in which the installment payment is received.
2. If the payment is received in a single payment, then 10 percent of the recognized gain may be subtracted in the taxable year immediately following the year in which the single payment is received. The taxpayer may then deduct an equal amount in each of the nine succeeding taxable years.

E. Adjustments to federal taxable income shall be made to reflect the transitional modifications provided in § 58.1-315.

F. Notwithstanding any other provision of law, the income from any disposition of real property which is held by the taxpayer for sale to customers in the ordinary course of the taxpayer's trade or business, as defined in § 453(l)(1)(B) of the Internal Revenue Code, of property made on or after January 1, 2009, may, at the election of the taxpayer, be recognized under the installment method described under § 453 of the Internal Revenue Code, provided that (i) the election relating to the dealer disposition of the property has been made on or before the due date prescribed by law (including extensions) for filing the taxpayer's return of the tax imposed under this chapter for the taxable year in which the disposition occurs, and (ii) the dealer disposition is in accordance with restrictions or conditions established by the Department, which shall be set forth in guidelines developed by the Department. Along with such restrictions or conditions, the guidelines shall also address the recapture of such income under certain circumstances. The development of the guidelines shall be exempt from the Administrative Process Act (§ 2.2-4000 et seq.).

G. For taxable years beginning on and after January 1, 2018, there shall be deducted to the extent included in and not otherwise subtracted from federal taxable income 20 percent of business interest disallowed as a deduction pursuant to § 163(j) of the Internal Revenue Code. For purposes of this subsection, "business interest" means the same as that term is defined under § 163(j) of the Internal Revenue Code.

H. For taxable years beginning on and after January 1, 2020, but before January 1, 2021, there shall be deducted to the extent not otherwise subtracted from federal taxable income up to \$100,000 of the amount that is not deductible when computing federal taxable income solely on account of the portion of subdivision B 10 of § 58.1-301 related to Paycheck Protection Program loans.

12. § 1. That the General Assembly finds that Esther Thorne (Ms. Thorne) spent more than six years in prison within the Virginia Department of Corrections for crimes she did not commit. On June 1, 2020, the Virginia Court of Appeals found that Ms. Thorne had proven her actual innocence, vacated her convictions, and issued a writ of actual innocence based on non-biological evidence, and her record was subsequently expunged.

§ 2. That there is hereby appropriated from the general fund of the state treasury the sum of \$321,587 for the relief of Esther Thorne, to be paid by check issued by the State Treasurer on warrant of the Comptroller upon execution of a release of all claims Ms. Thorne may have against the Commonwealth or any agency, instrumentality, office, employee, or political subdivision in connection with the aforesaid occurrence.

The compensation, subject to the execution of the release described herein, shall be paid as a single lump sum of \$321,587 to be paid to Ms. Thorne by check issued by the State Treasurer on warrant of the Comptroller within 60 days immediately following the execution of such release.

§ 3. That Ms. Thorne shall be entitled to receive career and technical training within the Virginia Community College System free of tuition charges, up to a maximum of \$10,000. The cost for the tuition benefit shall be paid by the community college at which the career or technical training is provided. The tuition benefit provided by this section shall expire on January 1, 2025.

§ 4. That any amount already paid to Ms. Thorne as a transition assistance grant pursuant to subsection C of § 8.01-195.11 of the Code of Virginia, shall be deducted from any award received pursuant to § 1 of this act.

§ 5. That the provisions of § 8.01-195.12 of the Code of Virginia shall apply to any compensation awarded under this act.

13. That § 34-28.3 of the Code of Virginia is amended and reenacted as follows:

§ 34-28.3. Emergency relief payments exempt.

A. For the purposes of this section, "emergency relief payment" means a 2020 recovery rebate for individuals and qualifying children provided pursuant to § 2201 of the federal Coronavirus Aid, Relief, and Economic Security Act (P.L. 116-136) or any future federal payments or rebates provided directly to individuals for economic relief or stimulus due to the COVID-19 pandemic; ~~not to exceed \$1,200 per individual per payment or rebate, and not to exceed \$500 for each qualifying child paid to the individual per payment or rebate.~~

B. All emergency relief payments paid to individuals shall be automatically exempt from the creditor process. Any financial institution, as defined by § 6.2-100, receiving such payments directly from the federal government shall exempt such payments from the creditor process if (i) the payment is marked by the federal government as an "emergency relief payment" or includes some other unique identifier that is reasonably sufficient to allow the financial institution to identify the funds as an emergency relief payment or (ii) the

federal government or accountholder receiving the emergency relief payment gives notice to the financial institution of such payment. In exempting emergency relief payments on deposit from the creditor process, a financial institution shall look back two months preceding the date of receipt of service of the creditor process. The financial institution shall perform a one-time account review separately for each account in the name of an account holder who is subject to the creditor process without consideration for any other attributes of the account or the creditor process, including (a) the presence of other funds, from whatever source, that may be commingled in the account with funds from an emergency relief payment; (b) the existence of a co-owner on the account; and (c) the balance in the account, provided the balance is above zero dollars on the date of account review. After conducting the account review, a financial institution shall exempt from the creditor process the lesser of the sum of all posted emergency relief payments to an account between the close of business on the beginning date of the lookback period and the open of business on the ending date of the lookback period or the balance in an account when the account review is performed.

If the creditor process involves a court return date, such as a garnishment, and requires a continued hold on the account, including any deposits made up to the return date, then if an emergency relief payment is deposited into an account after the completion of the account review but before the creditor process or garnishment return date and the account holder notifies the financial institution that the deposit of an emergency relief payment has been made, the financial institution must review the account. If the financial institution verifies that the deposited funds are exempt under this section, then such deposited funds shall be treated as exempt from the creditor process or garnishment. This second account review shall begin within two business days of receiving the notice from the account holder and shall cover the period from the start of business on the date of the completion of the previous account review to the end of business on the date of the notification from the account holder. For any creditor process that requires a continued hold, such as a garnishment where the account hold must continue until the garnishment return date, the account holder may access exempt funds by withdrawal as permitted by the financial institution.

In its answer to the creditor process, the financial institution shall state the amount of account funds that are being held pursuant to the creditor process and the amount of account funds that were treated as exempt under this section.

A financial institution that makes a good faith effort to comply with the requirements set forth herein shall not be subject to liability or regulatory action under any state law, regulation, court or other order, or regulatory interpretation for actions concerning any emergency relief payments.

Emergency relief payments shall be exempt from the creditor process even if deposited into an account with a financial institution or other organization accepting deposits and thereby commingled with other funds.

For the purposes of this section, no such exemption shall extend to child support, spousal support, or criminal restitution orders.

C. If a financial institution does not set aside an emergency relief payment as exempt from the creditor process, then the accountholder receiving such payment must claim the exemption within the time limits prescribed by subsection B of § 34-17 and in the manner prescribed under § 8.01-512.4.

~~11:~~ 14. That the provisions of the first, second, third, fourth, sixth, seventh, and eighth, and twelfth enactments of this act shall expire at midnight on June 30, 2022.

~~12:~~ 15. That the provisions of the fifth, ninth, and tenth, eleventh, and thirteenth enactments of this act shall have no expiration date.
